War Is A Racket The Antiwar Classic By Americas Most Decorated Soldier:

War Is a Racket (Large Print 16pt) Smedley D. Butler, 2010-09 Originally printed in 1935 War Is a Racket is General Smedley Butler's frank speech describing his role as a soldier as nothing more than serving as a puppet for big business interests. In addition to photos from the notorious 1932 anti-war book *The Horror of It* by Frederick A. Barber, this book includes two never before published anti-interventionist essays by General Butler. The introduction discusses why General Butler went against the corporate war machine and how he exposed a fascist coup d'état plot against President Franklin Roosevelt. Widely appreciated and referenced by left and right wingers alike, this is an extraordinary argument against war more relevant now than ever. *War Is a Racket* Smedley D. Butler, 2018-02-18 War Is a Racket is a famous anti-war book written by retired Major General Smedley Butler. In the book, Butler discusses how businesses profit from conflict. War Is a Racket Smedley Butler, Dragan Nikolic, 2014-11-04 War is a Racket is Marine General Smedley Butler's classic treatise on why wars are conducted, who profits from them, and who pays the price. Few people are as qualified as General Butler to advance the argument encapsulated in his book's sensational title. When *War is a Racket* was first published in 1935, Butler was the most decorated American soldier of his time. He had led several successful military operations in the Caribbean and in Central America as well as in Europe during the First World War. Despite his success and his heroic status, however, Butler came away from these experiences with a deeply troubled view of both the purpose and the results of warfare. War Is a Racket - The Antiwar Classic by America's Most Decorated Soldier Smedley Butler, 2016-01-29 Unique among the high ranking military officers of the US and the world, I do not know of any other high ranking military officer of the US or the world who has spoken or written such most important truths and facts about the nature and causes of war. General Butler wrote these in simple and direct language that everyone can understand. His honesty, care for society, humanity, and justice for all, and profound insights are self-evident in his writing. Moreover, it is even much more relevant now than when it was written in 1935. *War Is a Racket* is the title of two works: a speech and a booklet by retired United States Marine Corps Major General and two-time Medal of Honor recipient Smedley D. Butler. In them, Butler frankly discusses from his experience as a career military officer how business interests commercially benefit, including war profiteering from warfare. After his retirement from the Marine Corps, Butler made a nationwide tour in the early 1930s giving his speech *War is a Racket*. The speech was so well received that he wrote a longer version as a small book with the same title that was published in 1935 by Round Table Press Inc. of New York. The booklet was also condensed in *Reader's Digest* as a book supplement which helped popularize his message. In an introduction to the *Reader's Digest* version, Lowell Thomas, the author of Butler's oral autobiographical adventures, praised Butler's moral as well as physical courage. *War Is a Racket* Smedley Butler, 2014-09-30 Unique among the high ranking military officers of the US and the world, I do not know of any other high ranking military officer of the US or the world who has spoken or written such most important truths and facts about the

War Is a Racket (the Profit That Fuels Warfare) Smedley Darlington Butler, 2013-01-13 War Is a Racket is written by the most decorated American soldier in US history Major General Smedley D Butler Butler frankly discusses from his experience as a career military officer how business interests commercially start and benefit from warfare After his retirement from the Marine Corps Gen Butler made a nationwide tour giving his speech War is a Racket The speech was so well received that he wrote a longer version as this book with the same title which helped popularize his message Lowell Thomas praised Butler s moral as well as physical courage in telling the truth about war profiteering This message has never been more relevant as we see the war racket in full swing in recent history like never before in endless perpetual wars i e Iraq and Afghanistan and elsewhere *War Is a Racket* Smedley Butler, 2012-01-12 *War is a Racket* Smedley Darlington Butler, 2013 **Obama's**

Unending Wars Jeremy Kuzmarov, 2019-07-20 Many academics consider Obama to have been a master foreign policy strategist and shrewd practitioner of the art of realpolitik This book demonstrates however that Obama in reality helped to institutionalize a permanent warfare state that resulted in gross human rights violations and contributed to America s strategic decline His perpetuation of the War on Terror created more enemies and prompted the United States to lose influence in the Middle East His Pivot to Asia policy intensified prospects for regional war while his unnecessary and willful military intervention destroyed Libya and drew the Russians in to protect Bashir al Assad who won Syria s civil war The Obama administration s heavy handed interference in Ukraine led to effective Russian counter moves promoting a strategic alliance with China and regional integration that is moving the world towards multi polarity Obama s Unending Wars provides the first critical comprehensive and highly documented history of the foreign policy of America s forty fourth president the drone king who ordered the bombing of seven Muslim countries backtracked on a pledge to reduce America s nuclear arsenal and helped fuel a new Cold War with Russia During his years in office Obama provided billions of dollars in arms sales to Saudi Arabia as it assisted in the crushing of pro democracy demonstrators in Bahrain and invaded Yemen He

sanctioned a coup in Honduras which plunged that country into chaos perpetuated a failed drug war policy and contributed to the recolonization of Africa While any Democratic Party president would have faced peril in confronting the Pentagon which had carried out a slow coup d'etat over the decades Obama was rather in many ways the most perfect spokesman for the military industrial complex Who else but this articulate constitutional law professor could pull off a pro war speech after winning the Nobel Peace Prize while ramping up drone assassinations and America's network of military bases in Africa and still retain the support of liberal progressives As many in the time of Trump now glance nostalgically back to the Obama presidency this book will help them to see the continuity and continuous failure of American foreign policy irrespective of the party or figurehead representing it **Fight to Live, Live to Fight Veteran Activism after War** Benjamin

Schrader, 2019-07-01 Examines US foreign and domestic policy through the narratives of post 9/11 US military veterans and the activism they are engaged in While veterans are often cast as a problem for society *Fight to Live Live to Fight* challenges this view by focusing on the progressive positive and productive activism that veterans engage in Benjamin Schrader weaves his own experiences as a former member of the American military and then as a member of the activist community with the stories of other veteran activists he has encountered across the United States An accessible blend of political theory international relations and American politics this book critically examines US foreign and domestic policy through the narratives of post 9/11 military veterans who have turned to activism after having exited the military Veterans are involved in a wide array of activism including but not limited to antiwar economic justice sexual violence prevention immigration issues and veteran healing through art This is an accessible captivating and engaging work that may be read and appreciated not just by scholars but also students and the wider public There is currently no book on the market that does what this book does and could do and I welcome it There are books on veterans of course but there are none that focus in particular on veterans activism written by a veteran activist and academic The book is in many ways a testament to our time and a kind of generational story that I am sure many veterans will relate to Synne L Dyvik University of Sussex *Faith, Class, and Labor*

Jin Young Choi, Joerg Rieger, 2020-12-16 Despite the fact that 99 percent of us work for a living and although work shapes us to the core class and labor are topics that are underrepresented in the work of scholars of religion theology and the Bible With this volume an international group of scholars and activists from nine different countries is bringing issues of religion class and labor back into conversation Historians and theologians investigate how new images of God and the world emerge and what difference they can make Biblical critics develop new takes on ancient texts that lead to the reversal of readings that had been seemingly stable settled and taken for granted Activists and organizers identify neglected sources of power and energy returning in new force and point to transformations happening Asking how labor and religion mutually shape each other and how the agency of working people operates in their lives the contributors also employ intersectional approaches that engage race gender sexuality and colonialism This volume presents transdisciplinary transtextual

transactional transnational and transgressive work in progress much needed in our time *The Border Crossed Us* Justin Akers Chacón, 2021-07-13 The aggressive exploitation of labor on both sides of the US Mexico border has become a prominent feature of capitalism in North America Kids in cages violent ICE raids and anti immigrant racist rhetoric characterize our political reality and are everyday shaping how people intersect at the US Mexico border As activist scholar Justin Akers Chacón carefully demonstrates however this vicious model of capitalist transnationalization has also created its own grave diggers Contemporary North American capitalism relies heavily on an inter connected working class which extends across the border Cross border production and supply chains logistics networks and retail and service firms have aligned and fused a growing number of workers into one common class whether they live in the US or Mexico While money moves without restriction the movement of displaced migrant workers across borders is restricted and punished Transborder people face walls armed agents detention camps and a growing regime of repressive laws that criminalize them Despite the growth and violence of the police state dedicated to the repression of transborder populations the migrant workers have been at the forefront of class struggle in the United States This timely book persuasively argues that labor and migrant solidarity movements are already showing how and why in order to fight for justice and re build the international union movement we must open the border

Materialism, Spirituality, & Democracy Stephen V. Riley, 2011-06-03 The purpose of this book is about the quest for spiritual maturity as it applies to the Catholic faith and American democracy It is meant to engage the imagination of small church faith communities and bible study groups in light of Vatican II and what it means to carry forward the work of Christ under the lead of the Holy Spirit Vatican II encourages the Church to be a more prophetic and contemplative faith that leads to greater spiritual discernment Discernment of the Spirits is more important than ever to overcome an imbalance between specialized human activity and a comprehensive view of reality that directs the mind to solutions which are fully human This was the mind of Christ In summary small church faith communities and Bible study groups are encouraged to consider scrutinizing the signs of the time by way of critical social analysis spiritual discernment and the work of the Holy Spirit We the faithful are Cathedral Builders never to see the end of our work This is an evolutionary movement As followers of Christ we can learn to see ourselves as ongoing co creators with God for the goodness of the entire human race

State-Building and Tax Regimes in Central America Aaron Schneider, 2012-03-12 In Central America dynamic economic actors have inserted themselves into global markets Elites atop these sectors attempt to advance a state building project that will allow them to expand their activities and access political power but they differ in their internal cohesion and their dominance with respect to other groups especially previously constituted elites and popular sectors Differences in resulting state building patterns are expressed in the capacity to mobilize revenues from the most dynamic sectors in quantities sufficient to undertake public endeavors and in a relatively universal fashion across sectors Historical quantitative and qualitative detail on the five countries of Central America are followed by a focus on El Salvador

Honduras and Guatemala The greatest changes have occurred in El Salvador and Honduras has made some advances although they are almost as quickly reversed by incentives exemptions and special arrangements for particular producers Guatemala has raised revenues only marginally and failed to address problems of inequity across sectors and between rich and poor *Smedley D. Butler, USMC* Mark Strecker, 2014-01-10 The practice of big business promoting war to profit materially was firmly in place by the time Major General Smedley D Butler wrote about it in his anti corporate pamphlets This historical biography explores the life of Butler a little known American Marine who exposed an alleged fascist coup to remove President Franklin D Roosevelt from office This text is an exploration of the political issues of the first half of the twentieth century and an examination of a complicated valiant man who shifted from Republican ideals to anti corporate left wing populism **The Book Review Digest** ,2004 *War Is a Racket* Smedley D Butler, 2021-04-23 A classic anti war pamphlet and a quick but fascinating read The retired United States Marines major general one of the most distinguished American soldiers of his era came to see war as little more than a sinister money making enterprise that is a racket Only a small inside group knows what it is about It is conducted for the benefit of the very few at the expense of the very many Out of war a few people make huge fortunes **War Is a Racket** Smedley Butler, 2019-11-02 A classic anti war pamphlet and a quick but fascinating read The retired United States Marines major general one of the most distinguished American soldiers of his era came to see war as little more than a sinister money making enterprise that is a racket Only a small inside group knows what it is about It is conducted for the benefit of the very few at the expense of the very many Out of war a few people make huge fortunes 10 000 Pigs Can't Be Wrong Christian Hearding, 2013-02 In this book we have hand picked the most sophisticated unanticipated absorbing if not at times crackpot original and musing book reviews of War is a Racket The Antiwar Classic by America s Most Decorated Soldier Don t say we didn t warn you these reviews are known to shock with their unconventionality or intimacy Some may be startled by their biting sincerity others may be spellbound by their unbridled flights of fantasy Don t buy this book if 1 You don t have nerves of steel 2 You expect to get pregnant in the next five minutes 3 You ve heard it all **War is a Racket** Smedley D. Butler, 1935-04-04 Complete 1935 edition of War is a Racket by retired Major General Smedley D Butler USMC Butler turns against his life long profession and exposes war as a racket in which the few profit and the many pay the aching costs This is a hard hitting book by a hard hitting soldier
