Women and the Family in Iran Fathi, 2021-11-15 *The Contemporary Islamic Governed State* Joseph J. Kaminski, 2017-08-21 This book offers a normative reconceptualization of a modern Islamic governed state. First Joseph Kaminski surveys the historical context of the trajectory of Islamic thought and offers a unique discursive framework for reconceptualizing an Islamic governed state that rejects secular Enlightenment liberalism and instead is heavily grounded in Ancient Greek ideals of politics and political leadership. Despite heavily borrowing from Greek thought the model offered remains firmly rooted in a Shari'ah based discursive ontological framework. The volume explores topics of bureaucracy law democracy women in politics and economic justice. Further this volume presents case studies from Turkey Egypt Tunisia and Malaysia and utilizes the presented theoretical framework as a lens for analysis.

Through Muslim Eyes Emad Eldin Shahin, 1993 When Western influences began to pervade the Muslim world over a century ago intense and rapid changes occurred in almost every sphere of Muslim life. The encounter with the West profoundly influenced Arab and Muslim intellectuals and led them to compare their stagnant condition with that of the more dynamic West. Questions arose: What were the secrets behind the West's ascendancy and the reasons for the East's decline? How could the East be revived? Could it reconcile the prevailing values in the East with those of the West? In spite of its brevity this book offers the reader a fascinating study of how one of the century's most important Muslim thinkers dealt with the ideas and institutions of the West. While Rida's intellectual odyssey ran from guarded admiration of the West to contempt for its hypocrisy and even to calls for open rebellion what is important to note is that his foremost concern was with values and ideas in the tradition of the hadith which states that wisdom is like the believer's lost camel: it is his to mount regardless of where he may find it. Thus while Rida could hardly have endorsed the colonial policies of a Bismarck for example he nonetheless admired the man's thinking in regard to education. Through the efforts of Muhammad Rashid Rida an entire generation of Muslim intellectuals was brought face to face with the thought of several of the West's most important writers and social philosophers. Finally though the inhumanity of the battlefield may have convinced Rida that Western politics were about the cynical exercise of power the humanity of the West's thinkers remained the standard by which he judged the West in general.
