What Dare We Hope What Dare We Hope:

Dare We Hope - 2nd Edition Hans Urs von Balthasar, 2014-11-20 This book is perhaps one of the most misunderstood works of Catholic theology of our time Critics contend that von Balthasar espouses universalism the idea that all men will certainly be saved Yet as von Balthasar insists damnation is a real possibility for anyone Indeed he explores the nature of damnation with sobering clarity At the same time he contends that a deep understanding of God's merciful love and human freedom and a careful reading of the Catholic tradition point to the possibility not the certainty that in the end all men will accept the salvation Christ won for all For this all embracing salvation von Balthasar says we may dare hope we must pray and with God's help we must work The Catholic Church's teaching on hell has been generally neglected by theologians with the notable exception of von Balthasar He grounds his reflections clearly in Sacred Scripture and Catholic teaching While the Church asserts that certain individuals are in heaven the saints she never declares a specific individual to be in hell In fact the Church hopes that in their final moments of life even the greatest sinners would have repented of their terrible sins and be saved Sacred Scripture states God desires all men to be saved and to come to the knowledge of the truth For there is one God and there is one mediator between God and man the man Christ Jesus who gave himself as a ransom for all 1 Tim 2 4 5

What Dare We Hope? Gerhard Sauter, 1999-08-01 First in the new TPI Center of Theological Inquiry Princeton series entitled Theology for the Twenty first Century TTFC this volume focuses on the foundations of Christian hope **Dare We Hope?** Walter B. Gyger, 2025-10-01 In a time of war mistrust and global uncertainty where do we turn for hope Can we still cooperate in a divided world Walter B Gyger has spent a lifetime at the fault lines between power and principle failure and breakthrough This book is not a memoir It is a field guide to international governance grounded in lived experience It shows what is possible when we move beyond slogans and engage with the real world For diplomats politicians activists researchers students and citizens alike the book offers a path through complexity clear honest and rooted in practice Hope must not be confused with illusion It begins with a clear and realistic understanding of today's world Yes peace remains possible but it demands something deeper respect Respect for the rules for partners and above all for human beings and their rights Joseph Deiss Former President of Switzerland President of the 65th UN General Assembly September 2010 September 2011 When we truly listen across divides something shifts We create new reference points We begin to see with new eyes to feel with deeper empathy Transformation starts within us then flows outward taking root in communities and echoing across generations This book offers not just insight into diplomacy and cooperation where it works and where it breaks It also provides concrete tools Tools to turn hope into action Sanela Music Lee Founder of SANCHILD International Rotary International Champion of Peace Honoree 2025 Rotary International Representative to the UN in Geneva *Will All be Saved?* Laurence Malcolm Blanchard, 2015-04-01 This book provides a survey and critical assessment of the doctrine of universal salvation in contemporary western theology within the context of the historic development of the doctrine
