Thin Air A Shetland Mystery Shetland Island Mysteries:

Thin Air Ann Cleeves, 2015-05-05 Ann Cleeves is back with *Thin Air* the sixth book in her beloved Shetland series which is now a hit television show starring Douglas Henshall. A group of old university friends leave the bright lights of London and travel to Shetland to celebrate the marriage of one of their friends. But one of them Eleanor disappears apparently into thin air. It's mid summer a time of light nights and unexpected mists. And then Eleanor's body is discovered lying in a small loch close to the cliff edge. Detectives Jimmy Perez and Willow Reeves are dispatched to investigate. Before she went missing Eleanor claimed to have seen the ghost of a local child who drowned in the 1920s. Her interest in the ghost had seemed unhealthy obsessive even to her friends an indication of a troubled mind. But Jimmy and Willow are convinced that there is more to Eleanor's death than they first thought. Is there a secret that lies behind the myth? One so shocking that someone would kill many years later to protect Ann Cleeves striking new novel is a quintessential whodunit with surprises at every turn.

The next day Eleanor's best friend Polly receives an email from her saying she'll never be found alive. And so it seems because the woman's body is found lying in a small loch close to the cliff edge. Before she disappeared Eleanor claimed to have seen the ghost of Peerie Lizzie a child who was drowned close by in the 1920s. And as the investigation progresses Polly feels that she too is being haunted. The case takes Jimmy Perez out of his comfort zone to London to talk to Eleanor's colleagues and friends. But the final solution to the mystery takes him back to Shetland once more. Also available in the Shetland series are *Raven Black*, *White Nights*, *Red Bones*, *Blue Lightning* and *Dead Water*.
