Voices in Democracy J. Craig Harding, 2008 **A Question of Voice** Ron Scapp, 2020-12-07 A Question of Voice Philosophy and the Search for Legitimacy offers an explicit and comprehensive consideration of voice as a complex of rethinking aspects of the history of philosophy through issues of power as well as contemporary issues that include and involve the desire for and the dynamics of legitimacy for individuals and communities By identifying voice as a significant theme and means by which and through which we might better engage some important philosophical questions Ron Scapp hopes to expand traditional philosophical discussion and discourse regarding questions about validity legitimacy empathy and solidarity He offers an innovative perspective that is informed and guided by multiculturalism ethnic studies queer studies feminism and thinkers and critics such as bell hooks Barbara Christian Angela Davis Jacques Derrida Michel Foucault among others A Question of Voice is an American investigation but also suggests questions that emanate from contemporary continental thought as well as issues that arise from transnational perspectives an approach that is motivated by doing philosophy in an age of multiculturalism *The Bully Pulpit, Presidential Speeches, and the Shaping of Public Policy* , Jeffrey S. Ashley, Marla J. Jarmer, 2015-11-11 Issue framing is the way that people especially politicians get other people to view a particular problem or issue By framing the issue in a particular way the goal is to get people to think about the issue to believe that an action is required and most importantly to believe that a particular action the one being proposed by the framer is the right one The use of language and imagery is an essential part of issue framing and has been an integral part of the presidency since our nation's founding but it has become particularly important since Theodore Roosevelt began to take his message directly to the people This work examines a selected speech delivered by every president from Roosevelt through Barack Obama to show how language has been instrumental in directing policy Each chapter will examine the situation or background for the problem include a transcript of the speech the president delivered and conclude with an analysis of the speech in terms of the particular frame that the speech utilized and the eventual outcome or policy direction inspired by the speech **Colonial Voices** Joy Damousi, 2010-06-17 Innovative study of the role of language in the civilising project of the British Empire in colonial Australia *The Political Voices of Generation Z* Laurie Rice, Kenneth Moffett, 2021-09-27 This book explores political expression of members of Generation Z old enough to vote in 2018 and 2020 on issues and movements including MeToo Supreme Court nominations March for Our Lives immigration and family separation and Black Lives Matter Since generational dividing lines blur we study 18 to 25 year olds capturing the oldest members of Generation Z along with the youngest Millennials They share similarities both in their place in the life cycle and experiences of potentially defining events Through examining some movements led by young adults and others led by older generations as well as issues with varying salience core theories are tested in multiple contexts showing that when young adults protest or post about movements they align with they become mobilized to participate in other ways too including

contacting elected officials which heightens the likelihood of their voices being heard in the halls of power Perfect for students and courses in a variety of departments at all levels the book is also aimed at readers curious about contemporary events and emerging political actors
