Voices Of Unbelief Voices Of Unbelief:

Voices of Unbelief Dale McGowan, 2012-09-07 This book spotlights individual expressions of atheist agnostic and secular humanist opinion both public and private to shed light on the phenomenon of religious disbelief throughout history and across cultures Voices of Unbelief Documents from Atheists and Agnostics is the first anthology to provide comprehensive annotated readings on atheism and unbelief expressly for high school and college students This diverse compilation brings together letters essays diary entries book excerpts blogs monologues and other writings by atheists and agnostics both through the centuries and across continents and cultures Unlike most other anthologies of atheist writings the collection goes beyond public proclamations of well known individuals to include the personal voices of unbelievers from many walks of life While readers will certainly find excerpts from the published canon here they will also discover personal documents that testify to the experience of living outside of the religious mainstream The book presents each document in its historical context enriched with an introduction key questions and activities that will help readers understand the past and navigate current controversies revolving around religious belief

50 Voices of Disbelief Russell Blackford, Udo Schüklenk, 2011-09-26 50 Voices of Disbelief Why We Are Atheists presents a collection of original essays drawn from an international group of prominent voices in the fields of academia science literature media and politics who offer carefully considered statements of why they are atheists Features a truly international cast of contributors ranging from public intellectuals such as Peter Singer Susan Blackmore and A C Grayling novelists such as Joe Haldeman and heavyweight philosophers of religion including Graham Oppy and Michael Tooley Contributions range from rigorous philosophical arguments to highly personal even whimsical accounts of how each of these notable thinkers have come to reject religion in their lives Likely to have broad appeal given the current public fascination with religious issues and the reception of such books as *The God Delusion* and *The End of Faith*

A Thunderous Voice Chris Martin, 2010-07 Much of what has been portrayed concerning John the Baptist and his message of repentance is that he was a wild man a loose canon who lived in caves never combed his hair or brushed his teeth and would yell at the top of his lungs Repent you sinners In *A Thunderous Voice* author Chris Martin uncovers the truth about John and discusses how John's message of repentance is different from warnings of hellfire and brimstone preached on street corners and even some pulpits around the world Repentance is a gift that God has granted us for the forgiveness of sins and is not some type of guilt ridden man made condemnation *A Thunderous Voice* is an insightful look into the reality that repentance goes hand in hand with a heart attitude an action and a blessing from God Understanding true repentance will ultimately change the way believers think about and respond to God's grace and mercy so that we can all walk in the freedom that Christ purchased on the cross for his children This new and profound truth will empower anyone searching for hope and reconciliation enriching the lives of those who desire to shout with *A Thunderous Voice* to God
