Way Of Blessing Way Of Life A Christian Theology:

Way of Blessing Way of Life Clark M. Williamson, 1999

Theological Cartographies Benjamin Valentin, 2015-03-14

Benjamin Valentin presents a substantive yet accessible introduction to the three central doctrines of Christian theology: God, humanity, and Christ. In an engaging style, Valentin offers an overview of each of these doctrines, delving into its tradition within the Christian community throughout history from the writing of Scripture forward. He further explores what contemporary life tells us about this doctrine and how that compares to traditional understandings, and then determines how we can reconstruct this doctrine in light of our new assessment of it. Each chapter concludes with suggested readings for further study. Throughout, Valentin highlights the diversity of Christian thought, bringing together past tradition and contemporary questions to arrive at a new understanding of what these important doctrines can mean for us today. *You*

Never Step into the Same Pulpit Twice Ronald J. Allen, 2022-06-23 This volume develops an approach to preaching that brings together two important forces. One is process theology, and the other is a homiletic of conversation based on mutual critical correlation. In this approach, the preacher does not unilaterally announce the Word of God but is the leader of an exciting conversation involving the biblical text, process theology, the congregation, and voices from the larger world. The preacher seeks to help the congregation identify God's invitations towards inclusive well-being and to imagine how to respond in ways that are consistent with those invitations that promote inclusive well-being. The book begins with a crisp and clear summary of the worldview of process theology, highlighting its distinctive views on how God operates in the world through invitation and on the interrelationship of all things. The work then outlines an approach to biblical exegesis informed by process perspectives and sketches a method for bringing the biblical voice into dialogue with voices from tradition, contemporary theology, and the congregation and preacher. The volume suggests shaping the sermon to honor process theology and conversation. The volume concludes by noticing how perspectives from process and conversation help the preacher embody the sermon in engaging ways. **Preaching the Manifold Grace of God, Volume 2** Ronald J.

Allen, 2022-07-05 *Preaching the Manifold Grace of God* is a two-volume work describing theologies of preaching from the historical and contemporary periods. Volume 1 focuses on historical theological families: Orthodox, Roman Catholic, Lutheran, Reformed, Anabaptist, Anglican, Episcopal, Wesleyan, Baptist, African American, Stone-Campbell, Friends, and Pentecostal. Volume 2 focuses on families that are evangelical, liberal, neo-orthodox, postliberal, existential, radical, orthodox, deconstructionist, Black liberation, womanist, Latinx liberation, Mujerista, Asian American, Asian American feminist, LGBTQAI, Indigenous, postcolonial, and process. In each case, the author describes the circumstances in which the theological family emerged, describes the purposes and characteristics of preaching from that perspective, and assesses the strengths and limitations of the approach. **Freedom in Resistance and Creative Transformation** Michael St. A. Miller, 2013-04-11

Freedom in Resistance and Creative Transformation Michael Miller addresses the concept of freedom that is central to the

grammar of Christian faith and important in a wide range of religious and nonreligious settings across the globe He confronts the fact that despite the claimed importance of freedom there continues to be interpersonal socio political and religious power hierarchies that keep some people dominant and others subjugated The book suggests that often these hierarchies are informed by Christian teachings that deny freedom to human beings on the basis of their humanity per se Having classified humanity as fallen we are instructed that freedom is experienced by disparaging our humanity as we actually experience it seeing ourselves as our own worst enemies and accepting bondage to God the bondage reflected in the character of relations with those seen as God's special representatives in the world Miller presents a case against this understanding of the human situation and in the process he critically engages the Old and New Testaments along with ideas of significant representatives of Christian orthodoxy As an alternative he promotes freedom that is finite realistically libertarian and relational as most compatible with the character of human beings that are partially self creating and self determining Contributing to this position is the view that an infinitely temporal God by character and desire participates in human life in a way that ensures the requisite space for authentic decision making from which emerges genuinely novel possibilities for human life This dynamic has implications for the continued development of the human species and the quality of life in the cosmos as a whole

Under the Oak Tree Ronald J. Allen, John S. McClure, O. Wesley Allen Jr., 2013-11-06 Two trends in the early twenty first century intersect to give this volume immediate relevance 1 The emerging postmodern ethos in North America is calling into question many things we have taken for granted including the purposes of the church and 2 our time is increasingly fractious as groups with distinct worldviews become polarized and often antagonistic Eleven noted contributors join a growing current that sees conversation as an image to refresh our thinking about the nature and purpose of the church and as a process in which individuals and communities with different perspectives come together for real understanding Under the Oak Tree employs the image of Sarah and Abraham greeting three visitors under the Oaks of Mamre as an image for the church as a community of conversation a community that opens itself to the otherness of the Bible voices in history and tradition others in the contemporary social and ecological worlds Furthermore the book shows how conversation can lead the church to action The book takes a practical approach by exploring how conversation can shape key parts of the church's life Topics include preaching worship formation evangelism pastoral care mission and ecumenism social witness and the relationship of Christianity to other religions Foundational chapters consider God as conversational the church as community of conversation and the minister as conversation leader

The Triune Nature of God Robert D. Cornwall, 2019-06-11 The doctrine of the trinity is probably the most complex and mysterious topic in Christian theology yet it impacts our understanding of many other doctrines Pastor Theologian Robert D Cornwall brings his knowledge of church history to the task of examining this doctrine looking at how it developed and what justifies its presence in Christian theology He uses the history of his own Disciples of Christ tradition as one of the expressions of the Stone Campbell movement which avoids

creeds very effectively in examining how we distinguish between the statements and events of scripture and our theological reflections on them Can a doctrine not mentioned in scripture be of value Are creeds necessary or even useful Cornwall threads a careful course between the value of the creeds and within them the doctrine of the trinity in defining our ecumenical relationships and task on the one and on the other the danger of having creeds as a test of fellowship and faith While rooted in his own denomination's traditions this is very valuable to other denominations and movements as we examine what defines us while at the same time seeking freedom in non essentials This book is especially strong in examining the history of the development of this doctrine and connecting this to our ongoing reflection on scripture and what our tradition and experience provides This short volume is valuable to all those who seek to understand the trinity not just as an element in a doctrinal system but as it aids us in thinking about elements of our faith *A Grammar of Christian Faith* Joe R. Jones, 2002-06-03 *A Grammar of Christian Faith* is a two volume set that aims to confront the widespread disarray in the language and practices of Christian faith today As a grammar it explains how Christian faith provides special ways of speaking and acting that make sense of human life by giving it meaning practicality and hope It advances the thesis that learning how to speak Christian language in worship and life is crucial to learning how to be a Christian Rather than supposing that Christian language and theology need continual updating in order to be relevant to the world Jones urges the church to recover anew how Christian concepts and understanding are intended to form Christian life in all its rich depths Construing theology as confessional theology in the context of the church Jones understands the church as that liberative and redemptive community called into being by the Gospel of Jesus Christ to witness in word and deed the triune God for the benefit of the world The full range of doctrinal themes that are deemed essential to the witness of the church are explored including clear explanations of why they are essential and how they are to be understood In pursuit of a truthful and beneficial witness of the church the work centers on a trinitarian understanding of God in which God freely and lovingly interacts with the world as Creator Reconciler and Redeemer The work throughout affirms the belief that the gracious triune God is the Ultimate Companion who will redeem all creation *Thematic Threads in the Book of the Twelve* Paul L. Redditt, Aaron Schar, 2012-08-06 For some years the view has become established that the Book of the Twelve is a systematically structured literary unity An exegesis which takes the final canonical text seriously undertakes to understand the structure and theological intention of this unity The papers collected here attempt to reveal significant structures which overarch the individual components Particular emphasis is placed on the reconstruction of thematic threads which are created when individual prophets take up topics from their predecessors e g Jehovah's Day conversion role of the peoples and intensify them The papers were written between 1999 and 2002 under the aegis of the Society of Biblical Literature's Working Group on The Formation of the Book of the Twelve *Called to Bless* Robert D. Cornwall, 2021-09-29 What does your spiritual DNA look like In terms of your spiritual identity where do you come from and where are you going We live in

an age when many Christians have experienced several denominational and religious communities Many wonder what to do with these experiences At the same time many congregations are made up of people who come from different traditions and the question is how to bring these diverse experiences into the life of the congregation in an enriching way If we take as our starting point the call of Abraham and Sarah to take a journey to an unknown land with the promise that their descendants would be a blessing to the nations what might this look like in terms of our spiritual lives Join with the author as he draws on his spiritual journey that has taken him into several denominational traditions as well as his experiences as a pastor and historical theologian to discern values and concepts that can help congregations and individuals make sense of their diverse spiritual experiences so that together we might fulfill the Abrahamic calling reaffirmed in Christ to be a blessing to the nations

Burning Center, Porous Borders Eleazar S. Fernandez, 2011-10-17 Burning Center Porous Borders articulates what the church is and is called to be about in the world a world now globalized to the point that the local is lived globally and the global is lived locally The church must respond creatively and prophetically to the challenges economic disparity war and terrorism diaspora ecological threat health crisis religious diversity and so on posed by our highly globalized world It can do so only if the church's spiritual center burns mightily Conversely it can burn mightily in the spirit of Christ only if its borders are porous and allows the fresh air spirit of change to blow in and out While there is much rhetoric about change the most common response to change is to continue doing business as usual This is particularly the case in the face of perceived global threats In spite of the hoopla and euphoria of the global village walls of division and exclusion are rising hearts are constricting and moral imagination shrinking In response to this context Burning Center Porous Borders proposes alternative ways or images of being a church burning center and porous borders wall buster and bridge builder translocal glocal mending healer radical hospitality community of the earth spirit household of life abundant dialogians of life and community of hope In Burning Center Porous Borders congregational vitality and progressive praxis kiss and embrace

The Community of the Weak Hans-Peter Geiser, 2013-03-28 Social postmodernism and systematic theology can be considered the new pair in some of the most creative discussions on the future of theological method on a global scale Both in the academy and in the public square as well as in the manifold local and pastoral moments of ministry and community social activism the social the postmodern and the theological intermingle in engaging and border crossing ways The Community of the Weak presents a new kind of jazzy fundamental theology with a postmodern touch using jazz as a metaphor writing ethnographically messy texts out of the personal windows of lived experiences combining fragments of autobiography with theological reconstruction A comparative perspective on North American and European developments in contemporary systematic theology serves as a hermeneutical horizon to juxtapose two continents in their very different contexts The author proposes a systematic and fundamental theology that is more jazzy global and narrative deeply embedded in pastoral ministry to tell its postmodern story

Engaging with Contemporary Culture Martyn Percy, 2016-04-29 Theology and the

churches are often considered to be at the margins of contemporary culture frequently struggling for identity and attention In this important new book Martyn Percy argues that a rich form of practical theological engagement is needed if the churches are to comprehend their situation in the modern world thereby enabling them to engage more confidently with society Drawing on a range of perspectives in the religion culture debate and from case studies in the USA and Europe the book explores the myriad of ways in which culture is now shaping contemporary Christianity and how vital an appreciation of this dynamic is for the self understanding of churches and theology This book explores the crucial and continuing contribution that theology can make to public life in an era that is often perceived to be dominated by consumerism and secularity It will especially appeal to scholars of contemporary religion practical theologians and all those who are engaged in ministerial formation

Seeing Judaism Anew Mary C. Boys,2005-03-22 In September 2002 twenty one prominent Catholic and Protestant scholars released the groundbreaking document A Sacred Obligation which includes ten statements about Jewish Christian dialogue focused around a guiding claim Revising Christian teaching about Judaism and the Jewish people is a central and indispensable obligation of theology in our time Following the worldwide reception of their document the authors have expanded their themes into Seeing Judaism Anew The essays in this volume offer a conceptual framework by which Christians can rethink their understanding of the church s relationship to Judaism and show how essential it is that Christians represent Judaism accurately not only as a matter of justice for the Jewish people but also for the integrity of Christian faith By linking New Testament scholarship to the Shoah Christian liturgical life and developments in the church this volume addresses the important questions at the heart of Christian identity such as Are only Christians saved Why did Jesus die Why is Israel so important to Jews and what should we think about the conflict in the Middle East How is Christianity complicit in the Holocaust What is important about Jesus being a Jew

Jews and Gentiles in the Early Jesus Movement A. Bibliowicz,2013-04-17 This volume offers new insights on Jewish Gentile relations and the evolution of belief in the early Jesus movement suggesting that the New Testament reflects the early stages of a Gentile challenge to the authority and legitimacy of the descendants of Jesus disciples and first followers as the exclusive guardians and interpreters of his legacy

One Gospel Many Ears Ronald J. Allen, Joseph R. Jeter, Every time a congregation gathers for worship many different people from different points in life with different needs and perspectives come together each refracting messages through their own lenses Each person processes communication in ways that are influenced by age gender race personality type ethnicity education and social and economic background Jeter and Allen explore how these factors affect the ways in which members of the congregation receive and process sermons and how the preacher can optimize the opportunity for each to hear and understand the gospel and one another

Perspectives on Eternal Security Kirk R. MacGregor,Ke Vaughn Mattis,2009-05-07 Eternal security or personal assurance of final salvation constitutes the single most important matter of practical theology in the Christian tradition For the past twenty centuries no other doctrine has exerted such a direct impact

on the lives of lay Christians driving their daily actions guiding their permanent choices and shaping their psychology From the New Testament period onward a diversity of views on biblical interpretation anthropology and divine sovereignty have produced numerous models of eternal security However due to the early modern fracturing of Protestant thought along Reformed and Arminian lines today most evangelicals equate eternal security with Calvin's perseverance of the saints In an ecumenical vein this collection of essays aims to remedy the knowledge gap by bringing a breadth of biblical historical and philosophical perspectives to bear on the question of eternal security These essays comprise the first print anthology from the online theological journal Testamentum Imperium an international forum founded and edited by Kevaughn Mattis featuring scores of first rate articles from Christian thinkers worldwide on the topic of eternal security This book therefore analyzes Calvin's model of perseverance alongside views on eternal security ranging historically from Clement of Rome to contemporary developments in philosophical theology and process theology Furthermore this book explores and strengthens the biblical roots of eternal security through an illuminating host of thematic studies on whole books and exegetical studies on particular passages Hence this volume will profit all who are interested in the scriptural foundations and historical outworkings of eternal security

Human Development and Faith (Second Edition) Felicity B. Kelcourse, 2015-07-28 This book now in its second edition brings together the best available understandings of human development from a multidisciplinary perspective Uniquely inclusive of the moral and faith dimensions of context and life cycle development Human Development and Faith examines the interplay of mind body family community and soul at every stage of development It addresses two central questions What are the good enough conditions of parenting family and community in each phase of life from birth to death which support growth and development What gives life adequate meaning as development proceeds If human development describes the normative and hoped for passages of life then faith provides the necessary component of meaning Throughout the various perspectives offered in this volume is the premise that faith is that quality of living that makes it possible to fully live The Journal of Pastoral Theology called the first edition of Human Development and Faith an excellent text for pastoral theology courses because it fulfills its ambitious goal of bringing a holistic faith perspective to the usual topics of development This second edition includes a new chapter on infancy updates reflecting our growing awareness of cultural diversity and a new preface

Preaching and the Other Ronald J. Allen, 2008-11-01 Preaching and the Other introduces the reader to six major themes characteristic of the postmodern era that are important for preaching and explains their implications Themes discussed include perception as interpretation deconstruction otherness transgression pluralism and the importance of apologetics

Unfettered Spirit Robert D Cornwall, 2021-07-19 2nd Expanded Edition All too frequently studies of the gifts of the Spirit consist largely of answering two questions What are the gifts and Which ones do I have In many cases studies go on to a third question How can I get more In response institutional churches and theologically and intellectually respectable Christians often tend to avoid the

work of the Holy Spirit in the church entirely It s much easier to simply close the doors and windows than it is to deal with the wind John 3 8 After all they ve seen the wind blow out the candles disarrange the altar vestments and send a chill through the congregants Author pastor and church historian Bob Cornwall has experienced all of this for himself He has seen traditional churches and worship He has seen Pentecostal worship He has led congregations in difficult times For more than 30 years he has studied practiced prayed and lived the work of the Holy Spirit in the church The result is Unfettered Spirit Spiritual Gifts for the New Great Awakening Here he avoids both the errors of replacing the freedom of the Spirit with human whim and of trying to tame or confine the Spirit that will not be fettered He asks Do you truly believe that God is present in the world And do you believe that God is working through us to break down the walls that divide us from God from each other and from the world And if you do do you believe that you have been gifted and empowered to participate in this ministry that takes down the walls of egoism suspicion greed self interest and hatred If you can say yes to these questions jump right in This is the book for you If you are hesitant or if the idea of the Holy Spirit working unfettered in your congregation and community frightens you read the first four chapters carefully as Bob lays the theological foundation You may find your maybe or even your no turned into a yes Building on this foundation Bob continues with five chapters on the gifts of the Spirit as described in Scripture These are practical discussions that will let you keep your bearings in discussions of the Spirit and more importantly in a community where the Spirit is active Finally he concludes with a discussion of how to lead and pastor a church where the gifts of the Spirit are active Whether you are a Pentecostal an evangelical a mainliner a progressive or any other label you might find for yourself or your church you will profit from reading this book
