The first attack occurs in the underwater caverns of the Bahamas. Two professional divers exploring the unknown. A monstrous flesh-ripping predator they never see coming. Now the attacks are coming closer and closer to shore. A sun-soaked playground for sea-loving tourists. A feasting ground for whatever lurks beneath. Now in a desperate race against time, Eric Watson, an expert on remote control underwater vehicles and marine biologist Valerie Martell, must identify a savage new species of killer and piece together one of nature's most horrific mysteries. But the most terrifying discovery of all waits for Val and her team at the bottom of the sea. A discovery too shocking to comprehend. Because up till now, this creature existed only in mankind's darkest nightmares. Not anymore. Praise for Ryan Lockwood's *Below*: Nerve-tingling suspense. Kevin O'Brien, *New York Times* bestselling author of *The Bad Sister*.

Hetherington, 2022-07-12 Perfect for fans of Jeffery Deaver and J.A. Jance in this thrilling second book in the series. Laura Chambers finds herself caught in a deadly web of small-town secrets. Hillsborough, North Carolina, is a town with a dark history that is bubbling to the surface. Twenty years ago, Laura's friend's family was slaughtered in their beds, and the sole survivor, Laura's eight-year-old friend, was whisked away to distant relatives. That was the last time Laura ever saw her best friend. Twenty years later, a woman runs onto the interstate directly into the path of a truck, and the gruesome accident leaves behind a mangled corpse. Her very last phone call was to Laura just before she was killed, but her face is disfigured beyond recognition. Identification seems impossible, and the victim was barefoot and in a state of undress. The only thing in her

possession is an old photograph depicting Laura Laura's father and standing next to them her lost friend from childhood Laura's father passed away when she was eight and she thought she understood why he vanished from her life in the year before he died but the photograph and the corpse begin to cast doubt on everything she thought she knew As the lines between fact and fiction blur Laura digs into the history of the deceased and her own family determined to discover what lies beneath Brandon Flesher,2012-03

Misogynous Economies Laura C. Mandell,2014-10-17 The eighteenth century saw the birth of the concept of literature as business literature critiqued and promoted capitalism and books themselves became highly marketable canonical objects During this period misogynous representations of women often served to advance capitalist desires and to redirect feelings of antagonism toward the emerging capitalist order Misogynous Economies proposes that oppression of women may not have been the primary goal of these misogynistic depictions Using psychoanalytic concepts developed by Julia Kristeva Mandell argues that passionate feelings about the alienating socioeconomic changes brought on by capitalism were displaced onto representations that inspired hatred of women and disgust with the female body Such displacements also played a role in canon formation The accepted literary canon resulted not simply from choices made by eighteenth century critics but also as Mandell argues from editorial and production practices designed to stimulate readers desires to identify with male poets Mandell considers a range of authors from Dryden and Pope to Anna Letitia Barbauld throughout the eighteenth century She also reconsiders Augustan satire offering a radically new view that its misogyny is an attempt to resist the commodification of literature Mandell shows how misogyny was put to use in public discourse by a culture confronting modernization and resisting alienation Soul Reflections Diane Hancox,2011-11-14 Soul Reflections Living a More Conscious and Meaningful Life invites readers to look inward to the wisdom of their unconscious The book is a collection of thirty six readings that weave the work of Carl G Jung together with practical applications insightful quotes and references from myth film scholars and other soul based sources Topics include getting your needs met working with dreams intuition gratitude projection fear perfection shadow material and individuation Each reading includes self reflective questions that further enhance the readers understanding and integration of ideas Readers will increase their awareness of unconscious material become more responsible for feelings and actions and better define what brings them true meaning in their lives Soul Reflections will become a treasured resource to be revisited over the course of the readers journey

Nontoxic: Masculinity, Allyship, and Feminist Philosophy Ben Almassi, 2022-08-30 This open access book argues for allyship masculinity as an open ended intersectional model for feminist men It provides a roadmap for navigating between toxic masculinity on one side and feminist androgyny on the other Normative visions for what men should be take many forms For some it is love and mindfulness for others wildness and heroic virtue For still others the desire to separate a healthy manhood from toxic masculinity is a mistake better to refuse to be men and salvage our humanity Though Ben Almassi challenges the visions that Mary Wollstonecraft bell hooks and others have offered he shares their belief that masculinity can be grounded in feminist values and practices Almassi argues that we can make sense of relational allyship as practices of feminist masculinity such that men can make distinctive and constructive contributions to gender justice in the unjust meantime

Companion to Absurdist Literature Michael Y. Bennett, 2024-05-29 The Routledge Companion to Absurdist Literature is the first authoritative and definitive edited collection on absurdist literature As a field defining volume the editor and the contributors are world leaders in this ever exciting genre that includes some of the most important and influential writers of the twentieth century including Samuel Beckett Harold Pinter Edward Albee Eugene Ionesco Jean Genet and Albert Camus Ever puzzling and always refusing to be pinned down this book does not attempt to define absurdist literature but attempts to examine its major and minor players As such the field is indirectly defined by examining its constituent writers Not only investigating the so called Theatre of the Absurd this volume wades deeply into absurdist fiction and absurdist poetry expanding much of our previous sense of what constitutes absurdist literature Furthermore long overdue approximately one third of the book is devoted to marginalized writers black Latin x female LGBTQ and non Western voices Condemned to Devil's Island Blair Niles, 1928 Wonders, Marvels, and Monsters in Early Modern Culture Peter G. Platt, 1999 The marvelous follows us always or so the Italian philosopher Francesco Patrizi asserted in 1587 The essays in this book collectively make the case that this assertion could be an epigraph for the Renaissance For Wonder was a concept absolutely central to the early modern period Encompassing both inquiry and astonishment wonder indeed followed the Renaissance everywhere into redefinitions of the mind the body art literature the known world Often called the age of discovery the Renaissance should also be seen as the age of the marvelous However defining just what la maraviglia would have meant for Patrizi and his age is no small task This volume then seeks to explore early modern views of wonder and the marvelous by revealing the complexity of la maraviglia in the Renaissance BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved *The Masks of Dionysos* Daniel E.
