Mike Slaven, 2022-08-02 Winner 2023 Southwest Book Awards Border Regional Library Association In 2010 Arizona enacted Senate Bill 1070 the notorious show me your papers law At the time it was widely portrayed as a draconian outlier today it is clear that events in Arizona foreshadowed the rise of Donald Trump and underscored the worldwide trend toward the securitization of migration treating immigrants as a security threat Offering a comprehensive account of the SB 1070 era in Arizona and its fallout this book provides new perspective on why policy makers adopt hard line views on immigration and how this trend can be turned back Tracing how the issue of unauthorized migration consumed Arizona state politics from 2003 to 2010 Mike Slaven analyzes how previously extreme arguments can gain momentum among politicians across the political spectrum He presents an insider account based on illuminating interviews with political actors as well as historical research weaving a compelling narrative of power struggles and political battles Slaven details how politicians strategize about border politics in the context of competitive partisan conflicts and how securitization spreads across parties and factions He examines right wing figures who pushed an increasingly extreme agenda the lukewarm center right which faced escalating far right pressure and the nervous center left which feared losing the center to border security appeals and he explains why the escalation of securitization broke down yielding new political configurations A comprehensive chronicle of a key episode in recent American history this book also draws out lessons that Arizona s experience holds for immigration politics across the world

Read Me, Liberals! Stacey Smith, 2023-08-11 *Read Me Liberals* is an attempt to awaken a certain class of people that are morally at risk The modern United States political system is dominated by a two party system Democrats and Republicans Either party is perfect nor will the ever be perfect but the Democratic party has gone so far left it is a threat to the freedom and safety of American citizens The modern Democratic party and their allies want to dramatically alter the United States to their fascist ideology They want total control of you and I by any means necessary They want to control how you think and what you can say Most importantly they want you to be submissive to a complete

totalitarian government control This book exposes all the hypocrisy corruption and moral insanity that comes from the left Most importantly it exposes the two tiered justice system one for Democrats and one for the rest of us This book is meant to target liberals democrats and independents but will help educate conservatives and Republicans as well I challenge anyone that loves the United States to read this and help save this country while we still can Liberals will continue to push their one world order agenda until they get what they want The United States is more politically divided than any other time in history and we need to come together somehow Understanding New Security Threats Michel Gueldry,Gigi Gokcek,Lui

The Integration and Protection of Immigrants Paul Van Aerschot,Patricia Daenzer,2016-02-24 In Scandinavian countries immigration is a sensitive issue and legislators approach to the questions it has raised has varied over the years Whatever immigrant and integration policies are adopted in a democratic society it is clear that the legislation and the authorities have to ensure that the individual rights of the immigrants residing in its territory are respected With Canada as a point of reference this book draws attention to weaknesses in the regulation and implementation of integration provisions threatening the immigrants individual rights in the EU member states of Denmark Finland and Sweden The study challenges readers to critically review the meaning of rights and the notion of global caring It takes a critical look at how vulnerable immigrants fare in a largely immigrant nation with a welfare capitalism legacy when compared to three European nations which claim to embrace institutional welfare models This book will be of great interest to scholars and decision makers interested in Scandinavian or Canadian immigration and integration policies *Defend the Border and Save Lives* Tom

Homan,2020-03-31 Former ICE Director Tom Homan has been at the forefront of the conservative fight to secure our borders

and offers proof that illegal immigration is not a victimless crime Illegal immigration is the most controversial and emotional issue this country faces today President Trump was elected on his promise to fix illegal immigration and build a wall on our southern border Because he won on this issue the Democrats refuse to work with him and we experienced a government shutdown as a result of this divide The Democrats have supported funding in the past and in his State of the Union the President said that he wants to unify and work together to resolve this and all the other challenges facing America The Democrats sat on their hands They won't budge Clearly as a party they don't care about the facts only about denying whatever success they can to this president Former ICE Director and Fox News contributor Tom Homan knows the facts He's spent his life on the border and knows that if we don't control illegal immigration now this country will continue to suffer the consequences of crime drugs and financial strain and it will get much much worse In *Defend the Border and Save Lives* Homan shares what illegal immigration is really about Illegal immigration should not be a partisan issue Now is the time to fix this issue that has claimed so many victims and divided this country We need to pull the curtain back and expose what truly happens and separate facts from fiction Illegal immigration is not a victimless crime and the victims are the illegals and their innocent children as well as the Americans who suffer at the hand of the criminals who sneak into this country

Conflict in Tennessee, 1832-1861 Jonathan M. Atkins, 1997 In this thought provoking study Jonathan M Atkins provides a fresh look at the partisan ideological battles that marked the political culture of antebellum Tennessee He argues that the legacy of party politics was a key factor in shaping Tennessee s hesitant course during the crisis of Union in 1860 61 No previous book has so clearly detailed the role of party politics and ideology in Tennessee s early history As Atkins shows the ideological debate helps to explain not only the character and survival of Tennessee s party system but also the persistent strength of unionism in a state that ultimately joined the Southern cause The Internal Revenue Service's Processing of 501(c)(3) and 501(c)(4) Applications for Tax-exempt Status Submitted by "political Advocacy" Organizations from 2010-2013

United States. Congress. Senate. Committee on Finance, 2015 **The Know Nothings in Louisiana** Marius M. Carriere Jr., 2018-06-14 In the 1850s a startling new political party appeared on the American scene Both its members and its critics called the new party by various names but to most it was known as the Know Nothing Party It reignited political fires over nativism and anti immigration sentiments At a time of political uncertainty with the Whig party on the verge of collapse the Know Nothings seemed destined to replace them and perhaps become a political fixture Historian Marius M Carriere Jr tracks the rise and fall of the Know Nothing movement in Louisiana outlining not only the history of the party as it is usually known but also explaining how the party s unique permeation in Louisiana contrasted with the Know Nothings expansion nationally and elsewhere in the South For example many Roman Catholics in the state joined the Know Nothings even though the party was nationally known as anti Catholic While historians have largely concentrated on the Know Nothings success in the North Carriere furnishes a new context for the evolution of a national political movement at odds with its Louisiana constituents Through statistics on various elections and demographics of Louisiana politicians Carriere forms a detailed account of Louisiana s Know Nothing Party The national and rapidly changing Louisiana political landscape yielded surprising credible leverage for the Know Nothing movement Slavery Carriere argues also played a crucial difference between southern and northern Know Nothing ideals Carriere delineates the eventual downfall of the Know Nothing Party while offering new perspectives on a nativist movement which has appeared once again in a changing divided country

Protecting Whiteness Cameron D. Lippard, J. Scott Carter, David G. Embrick, 2020-12-15 Insights into the racialized fear of change in US society The standoff at Cliven Bundy s ranch the rise of white identity activists on college campuses and the viral growth of white nationalist videos on YouTube vividly illustrate the resurgence of white supremacy and overt racism in the United States White resistance to racial equality can be subtle as well like art museums that enforce their boundaries as elite white spaces right on crime policies that impose new modes of surveillance and punishment for people of color and environmental groups whose work reinforces settler colonial norms In this incisive volume twenty four leading sociologists assess contemporary shifts in white attitudes about racial justice in the US Using case studies they investigate the entrenchment of white privilege in institutions new twists in anti equality ideologies and whitelash in the actions of social

movements Their examinations of new manifestations of racist aggression help make sense of the larger forces that underpin enduring racial inequalities and how they reinvent themselves for each new generation
