Understanding Dhimmitude:

Understanding Dhimmitude Bat Ye'or, 2013 UNDERSTANDING DHIMMITUDE brings together for the first time twenty one talks and lectures in which Bat Ye'or explains in layman's terms the essential concepts from her studies the fruit of over four decades of groundbreaking research Bat Ye'or's pioneering studies of the Islamic concept of dhimmitude have revolutionized our understanding of Islam's past present and future She remains one of the few analysts in the world with the courage and insight necessary to tell the truth Robert Spencer Jihad Watch Bat Ye'or is the acknowledged expert on the plight of Jews and Christians in Muslim lands and their vigorous champion Sir Martin Gilbert Bat Ye'or's scholarship is highly impressive and her analysis is as persuasive as it is terrifying It is imperative that these issues are openly discussed There are however alarming signs of attempts in the West to shut down such discussion on spurious grounds of prejudice This is of course itself a prime example of the condition of dhimmitude which Bat Ye'or so graphically describes Melanie Phillips Jewish Chronicle It is not surprising that Bat Ye'or's study of jihad and dhimmitude has been stimulating substantial and disturbing discussion in academic and ecumenical circles Perhaps the single most significant contribution of the author is her definition and development of the concept of dhimmitude Bat Ye'or's books on dhimmitude and jihad have an essential place in the ecumenical world ignoring them will only perpetuate illusion James E Biechler Journal of Ecumenical Studies Bat Ye'or has enriched our understanding of how Islamic societies are structured by defining the concept of dhimmitude Her contribution to Islam critique can't be underestimated Yes she and her late husband the human rights activist and historian David Littman are the king and queen of the genre Professor Johannes J G Jansen *The Claim to Christianity* Hannah Strømmen, Ulrich Schmiedel, 2020-06-30 The far right is on the rise across Europe pushing a battle scenario in which Islam clashes with Christianity as much as Christianity clashes with Islam From the margins to the mainstream far right protesters and far right politicians call for the defence of Europe's Christian culture The far right claims Christianity This book investigates contemporary far right claims to Christianity Ulrich Schmiedel and Hannah Strømmen examine the theologies that emerge in the far right across Europe concentrating on Norway Germany and Great Britain They explore how churches in these three countries have been complicit complacent or critical of the far right sometimes intentionally and sometimes unintentionally Ultimately Schmiedel and Strømmen encourage a creative and collaborative theological response To counter the far right Christianity needs to be practiced in an open and open ended way which calls Christians into contact with Muslims *The Bibles of the Far Right* Hannah M. Strømmen, 2024 The Bibles of the Far Right is about a far right worldview that has taken hold in contemporary Europe It focuses on the role Bibles have come to play in this worldview Starting with the case of far right terrorism in Norway in 2011 the study argues that particular perceptions of the Bible and particular uses of biblical texts have been significant in calls to protect Europe against Islam This study proposes new ways to understand political Bible use today in order to respond to violence inspired by biblical texts **Keeping the Faith in Exile: Kuwait-Coptic**

Orthodox Diasporic Spirituality Benjamin Daniel Crace, 2023-11-13 Few churches today can trace their lineage as far back as the Copts Their ancient traditions and rituals go back as far as the very beginnings of Christianity For centuries they have withstood many trials and martyrdoms But in the twentieth century many Copts left their homeland and scattered all over the Earth seeking prosperity and security Many went to the West but many others went to the heart of the Islamic world the Arabian Gulf They took their faith with them into this new and challenging environment In this context hybrid forms of spirituality emerged anchored in the ancient practices but sharpened by contact with globalisation This migrant spirituality characterises their stories and touches the heart of what it means to be a Christian sojourner today

Religious Violence, Political Ends Marco Demichelis, 2018-11-01 Politisch begründete religiöse Gewalt war und ist seit der Antike eine gängige Praxis Die Gräueltaten des Römischen Reiches gegen die frühchristlichen Gemeinschaften wurden schnell durch nicht minder aggressive Handlungen gegen die nicht christlichen Gläubigen ersetzt denen abscheuliche und polytheistische Praktiken vorgeworfen wurden Mit dem Aufkommen der Moderne hat die Homogenisierung der religiösen Sphäre für politisch ökonomische Zwecke die Vernichtung jeder Form von Häresie und die Ausbreitung des Protestantismus des Calvinismus und des Anglikanismus eine Umstrukturierung und Konzeptualisierung der westeuropäischen Staaten bewirkt ganz nach der Devise ein Königreich mit einer Religion und einer Nation Das Ende der Religionskriege 1648 die Westfälische Souveränität und der *cuius regio eius religio* hatten Einfluss auf die Bildung des modernen Europa und anderer Regionen der französisch britische Kolonialismus zwang dabei dem gesamten Nahen Osten und der islamischen Welt das gleiche System auf Der vorliegende Band widmet sich der Untersuchung von interreligiöser Gewalt religiösem Sektierertum und Islamophobie auf theoretischer Basis verbunden mit dem Kampf der Kulturen und dem Religiösen Nationalismus als Ausdruck politischer Ziele mit denen die Erhaltung der Fragmentierung und der kriegesischen Auseinandersetzungen im Osten sowie das Schüren von Ängsten und Vorurteilen im Westen verfolgt werden Religious violence due to political reasons has been a common practice since ancient times The massacres of early Christian communities carried out by the Roman Empire were rapidly replaced by equally harsh measures against non Christian believers being accused of abominable and polytheistic practises The advent of the modern age the homogenization of the religious sphere for political economic ends the annihilation of any kind of heresy and the emergence of Protestantism Calvinism and Anglicanism restructured the conceptualization of the Western European States emphasizing the adage one kingdom with one religion and one nation The end of the religious wars 1648 the Westphalian sovereignty and the *cuius regio eius religio* had an impact on the formation of Europe and other regions the Franco British colonialism imposed the same system on the entire Middle Eastern and Islamic World This volume thoroughly examines the usage of inter religious violence religious sectarianism and Islamophobia on a theoretical basis linked with Clashes of Civilizations and Religious Nationalism and describes them as manifestations of precise political ends aiming to preserve fragmentation and warlike states in the East as well as fear and prejudices in the

Muslims and Others in Early Islamic Society Robert G. Hoyland, 2004 Muslims and Others in Early Islamic Society concerns the interaction between Muslims and the other religious denominations of the Middle East in the period 620 1020 This is arguably the single most important issue in the history of the early Islamic Middle East since the Muslims were initially a minority in the lands that they had conquered and so had to reach some modus vivendi with the various religious communities in their realm Fifteen articles by leading scholars shed light on this process from a number of different perspectives historical conceptual legal social and theological An introduction both gives an overview and examines possibilities for future research The period under study is demarcated at one end by the Prophet Muhammed d 632 who as the Qur an tells us had to deal with Jews Christians and polytheists At the other end lies the great legal political thinker Manardi d ca 1020 by whose time the Middle East had become substantially Islamicised
