Allen, 2023-09-26 The OneWord Worship Model A New Paradigm for Church Worship Planning offers a clear concise and collaborative approach to planning congregational worship using the biblical text as its foundation The model engages laity and clergy in the true definition of liturgy the work or action of the people This text serves as both invitation and instruction for pastors worship leaders and congregations to plan powerful fruitful and transformative corporate encounters with the triune God *What's Love Got to Do with It?* Sam Hamstra Jr., 2016-08-18 In the past three plus decades a significant conversation has taken place among American Protestants about worship As a result countless books have been written on the subject We have read books on music and worship ancient future worship worship as spiritual formation worship and the arts worship and children even life as worship Listen to that conversation however and you will notice one word conspicuously absent While the heart and soul of the Christian life is love and while the apostle Paul I Corinthians 13 insists that worship without love fails to be worship recent conversations on worship fail to answer this simple question What s love got to do with it In this volume Sam Hamstra answers that question and more by identifying biblical principles that shape our love as worshipers The end result is an invaluable resource for worshipers and for those responsible for planning corporate worship *For the Glory of God* Daniel I. Block, 2014-08-12 Christianity Today Book Award Winner One of Worship Leader Magazine s Editor s Picks Current discussions about worship are often driven by pragmatics and personal preferences rather than by the teaching of Scripture True worship however is our response to God s gracious revelation in order to be acceptable to God worship must be experienced on God s terms Respected Old Testament scholar Daniel Block examines worship in the Bible offering a comprehensive biblical foundation and illuminating Old Testament worship practices and principles He develops a theology of worship that is consistent with the teachings of Scripture and is applicable for the church today He also introduces readers to a wide range of issues related to worship The book illustrated with diagrams charts and pictures will benefit professors and students in worship and Bible courses pastors and church leaders **Evangelicals in Mexico** Dinorah B.
