Understanding The Sustainable Development Of Tourism:

Understanding the Sustainable Development of Tourism Janne J. Liburd, Deborah Edwards, 2010-05-31 This text provides tourism students educators industry planners researchers managers and operators with the latest thinking on a comprehensive range of themes addressing the sustainable development of tourism *Tourism and Sustainable Community Development* Derek Hall, Greg Richards, 2002-09-11 As the tourist industry becomes increasingly important to communities around the world the need to develop tourism in a sustainable manner has also become a primary concern This impressive collection of international case studies addresses this crucial issue by asking what local communities can contribute to sustainable tourism and what sustainability can offer these local communities in return The role of the community in environmental cultural and economic sustainability is highlighted in an extraordinary variety of contexts ranging from inner city Edinburgh to rural northern Portugal and the beaches of Indonesia Individually the investigations in this text present a wealth of original research and source material while collectively they illuminate and clarify the term community the meaning of which it is argued is vital to understanding how sustainable tourism development can be implemented in practice

Tourism and Sustainable Development Jörn W Mundt, 2011 Sustainability is a central term in today's political rhetoric At the same time sustainable development is one of the notions which mainly base on an intuitive public understanding and mark ideas almost nobody would deny Thus even in scientific discourse and particularly in tourism the term sustainability is often being used without scrutiny This volume by Jörn W Mundt contributes to a deeper understanding of the concept of sustainability by providing a closer look at the original definition and reviewing its conceptual history which helps to untangle the terminological confusion Finally the book demonstrates that sustainable tourism cannot be a political objective in its own right and is only achievable within the context of an overall sustainable economy Back cover **Tourism and Sustainable Community Development** Greg Richards, Derek R. Hall, 2003 As the tourist industry becomes increasingly important to communities around the world the need to develop tourism sustainably has also become a primary concern This collection of international case studies addresses this crucial issue by asking what local communities can contribute to sustainable tourism and what sustainability can offer local communities Individually these investigations present a wealth of original research and source material Collectively the book illuminates the term community the meaning of which it is argued is vital to understanding how sustainable tourism development can be implemented in practice *Protected Areas, Sustainable Tourism and Neo-liberal Governance Policies* Hubert Job, Susanne Becken, Bernard Lane, 2020-04-28 From its late nineteenth century origins the concept of protected areas has increased in scope and complexity It now has to come to terms with the twenty first century world of neo liberal politics performance metrics and the growing and complex demands of tourism This international collection of papers explores how this might be done detailing the issues involved and the value and values that protected areas have for economies peoples and environments Special attention is given to World Heritage

Sites tourism planning and their communities to the growth of private protected areas and to the health values of protected areas Other subjects include private sector business involvement in protected areas concessions policy experiments and how the work of the world s largest protected area agency the US National Park Service is adapting to changing political and market demands and to the challenges of sustainable development It concludes with a searching interview with a member of UNESCO s World Heritage Committee The chapters were originally published in a special issue in the Journal of Sustainable Tourism

Understanding Tourism Bob McKercher, Bruce Prideaux, 2024-03-01 A critical overview of the core theories concepts and ideas that have shaped the way we think about tourism Divided into six parts it looks at the important key theories models and concepts ensuring clear understanding and the ability for critical thinking

Understanding Sustainable Development John Blewitt, 2012-05-16 First Published in 2008 Routledge is an imprint of Taylor Francis an informa company

The Practice of Sustainable Tourism Michael Hughes, David Weaver, Christof Pforr, 2015-06-19 Sustainable tourism is a widely used term that has accumulated considerable attention from researchers and policy makers over the past two decades However there is still an apparently wide gap between theory and practice in the area Recent scholarly research has tended to focus on niche areas of alternative tourism rather than address the broader issues and vagaries and paradoxes that appear to plague the broader notion of sustainable tourism As such there is a need for a new and pragmatic analysis of sustainable tourism as an overarching idea and how this manifests in practice The Practice of Sustainable Tourism fulfils this need by offering a fresh perspective on sustainable tourism as an umbrella concept with inherent tensions It presents a way of thinking about tourism based on the notion of finding common ground using the dialectic tradition of philosophy Dialectics focusses on resolving opposing viewpoints by recognising they have common elements that can be combined into a rational and practical solution over time As part of this approach the book examines the strongly apparent tensions within alternative tourism as well as the paradox of continuing growth and other mass tourism related issues It is divided into three parts Part I includes chapters discussing the general concept of sustainable tourism its history current status and possible futures Part II includes a range of destination case studies exploring how sustainable tourism has been applied and Part III includes perspectives from the tourism operator view Given the international content and challenging themes the book will be appealing internationally to students researchers and academics in the fields of tourism geography sustainability and social science

Education for Sustainability in Tourism Gianna Moscardo, Pierre Benckendorff, 2015-10-21 Sustainability is a dominant theme in tourism practice Increasingly research and education of tourism stakeholders is also necessary in improving sustainable tourism practice This book pays systematic attention to education for sustainability in tourism and is thus a valuable resource for sustainable tourism educators and scholars The book is divided into four parts Part I provides a reference for educators seeking to understand core knowledge areas ethics corporate social responsibility and governance Part II examines issues and processes relevant to understanding tourism and

sustainability in the formal educational sector including universities vocational training and school settings Part III explores learning and sustainable tourism in non institutional settings including destination communities coaching and mentoring and visitor learning The final part provides a collection of cases to illustrate the use of different pedagogies and assessment approaches in education for sustainability in tourism The book will be accompanied by instructor resources to assist educators teaching in the field

Island Tourism Policy and Sustainable Development Michelle T. McLeod, 2024-07-11 This insightful and timely book is the first of its kind to explore specific policies issues challenges and practices that will enhance the sustainable development of tourism in island destinations including island nations twin island nations and sub national island jurisdictions SNIJs Islands are faced with a myriad of challenges economic failure natural disasters political upheavals and socio cultural dilemmas Tourism is the most likely means for economic development in many islands and yet specific tailor made policies for an island context have received limited exploration and discussion The policies explored in this volume include those relating to management marketing governance and sustainable development of the tourism sector in islands This book is go to guide on the topic and the case studies and best practices throughout the book provide practical knowledge and insight The volume posits a concise and logically structured review of island tourism in a post pandemic context exploring specific tourism policies that will contribute to the enhancement of sustainable tourism development in islands particularly those in developing countries This significant book offers insight into best practices and will be of interest to academics researchers policymakers and students of tourism policy planning and sustainable development

Sustainability in Tourism Kannapa Pongponrat, 2022 This book focuses on sustainable development in the tourism industry by providing an understanding of sustainability solutions implementation in the tourism industry It introduces sustainable development concepts and principles then provides an explanation of how these can be applied for a sustainable tourism industry The book provides fundamental knowledge with an intermediate level of implications to understand its practices in tourism sectors It also provides discussion on potentials and constraints for further development in dynamic and rapid change in world tourism development especially when it comes to an aging society digital disruption and the uncertainty of pandemic conditions and future changes

Planning and Managing Sustainability in Tourism Anna Farmaki, Levent Altinay, Xavier Font, 2022-04-07 This book provides a holistic approach to understand the challenges and opportunities related to the planning and management of sustainable development in tourism The editors present a collection of empirical studies best practice cases and theoretical discussions to draw insights on the economic social environmental and political dimensions of sustainability Specifically using a range of case studies examining sustainability applications within various tourism industry sectors as well as different geographical regions this book is of value to tourism policymakers practitioners academicians and students encouraging them to develop proactive behavior This publication represents an up to date innovative guide in helping readers understand the challenges facing sustainable tourism development and

implementation as well as the potential opportunities for both developed and developing nations in pursuing sustainability goals in their tourism plans

Tourism and Sustainable Development Goals Jarkko Saarinen, 2020-06-29 This comprehensive volume comprises some of the best scholarship on sustainable tourism in recent years demonstrating the rich body of past research that provides a fertile and critical ground for studies on the Sustainable Development Goals SDGs by tourism geographers and other social scientists in the future Since the turn of the 1990s many international development and policy making organisations have perceived the tourism industry with its local and regional connections as a high potential tool for putting sustainable development into practice The capacity of tourism to work for sustainable development was highlighted in relation to the United Nations SDGs which were adopted in 2015 The SDGs define the agenda for global development to 2030 by addressing pertinent challenges such as poverty inequality climate change environmental degradation and peace and justice Tourism geographers and allied disciplines have held strong and long term interest in sustainability issues and their chapters in this collection contribute significantly to this emerging and highly policy relevant research field This book was originally published as an online special issue of the journal *Tourism Geographies*

The Elgar Companion to Tourism and the Sustainable Development Goals Karla A. Boluk, Freya Higgins-Desbiolles, Mahshad Akhoundoghli, 2024-07-05 This Elgar Companion comprises theoretical empirical and conceptual chapters from leading international scholars reflecting on critical debates on the role of tourism in progressing the Sustainable Development Goals SDGs during a polycrisis era

Tourism Economics and Policy Larry Dwyer, Peter Forsyth, Wayne Dwyer, 2020-01-14 Since the publication of the first edition of this seminal textbook the tourism economics landscape has undergone many changes In this concise revised edition the authors have incorporated new approaches and ideas influencing tourism economics and policy This includes discussions of the implications of the sharing economy and its effect on industry structure in accommodation and transport and Artificial Intelligence AI techniques that are being increasingly employed in tourism forecasting It also includes new material on surface and marine transport resident quality of life issues the price mechanism the economic contribution of tourism tourism and economic growth and tourism and sustainable development It remains an important and accessible text for students researchers and practitioners in tourism economics and tourism policy

Visions for Global Tourism Industry Murat Kasimoglu, 2012-04-18 We have been witnessing huge competition among the organisations in the business world Companies NGO s and governments are looking for innovative ways to compete in the global tourism market In the classical literature of business the main purpose is to make a profit However if purpose only focus on the profit it will not to be easy for them to achieve Nowadays it is more important for organisations to discover how to create a strong strategy in order to be more competitive in the marketplace Increasingly organisations have been using innovative approaches to strengthen their position Innovative working enables organisations to make their position much more competitive and being much more value orientated in the global tourism industry In this

book we are pleased to present many papers from all over the world that discuss the impact of tourism business strategies from innovative perspectives This book also will help practitioners and academicians to extend their vision in the light of scientific approaches

Global Tourism William F. Theobald, 2012-06-14 Pressure on national and local governments to rapidly develop their tourism potential to meet demand and produce benefits makes it more essential than ever to plan carefully and consider the human and environmental impacts of tourism development That is why as Secretary General of the World Tourism Organization I am pleased to see the serious analysis of the problems and prospects of the tourism sector as presented in this third edition Francesco Frangialli Secretary General World Tourism Organization Now in its third edition *Global Tourism* draws on the insight of thirty nine contributors to chronicle and foresee the effects of tourism on contemporary society Contributors provide interdisciplinary international perspectives on the critical questions problems and opportunities facing the tourism industry Invaluable to academics and professionals alike *Global Tourism* offers a comprehensive exploration of the key issues in tourism Authors draw on their individual insights to assess and critique contemporary tourism and take a view of the future Fully revised and re developed new chapters examine The future of tourism Difference in travel characteristics of significant travel segments Sustainability standards in the global economy Crisis management in tourist destinations Tourism and social identities Tourism mobility and global communities
