

UNFREE LABOR

American Slavery and Russian Serfdom

Peter Kolchin

Unfree Labor American Slavery And Russian Serfdom Belknap Press

Stephan Conermann, Gül Şen

Unfree Labor American Slavery And Russian Serfdom Belknap Press:

Unfree Labor Peter KOLCHIN, 2009-06-30 Two massive systems of unfree labor arose a world apart from each other in the late sixteenth and early seventeenth centuries The American enslavement of blacks and the Russian subjection of serfs flourished in different ways and varying degrees until they were legally abolished in the mid nineteenth century Historian Peter Kolchin compares and contrasts the two systems over time in this magisterial book which clarifies the organization structure and dynamics of both social entities highlighting their basic similarities while pointing out important differences discernible only in comparative perspective These differences involved both the masters and the bondsmen The independence and resident mentality of American slaveholders facilitated the emergence of a vigorous crusade to defend slavery from outside attack whereas an absentee orientation and dependence on the central government rendered serfholders unable successfully to defend serfdom Russian serfs who generally lived on larger holdings than American slaves and faced less immediate interference in their everyday lives found it easier to assert their communal autonomy but showed relatively little solidarity with peasants outside their own villages American slaves by contrast were both more individualistic and more able to identify with all other blacks both slave and free Kolchin has discovered apparently universal features in master bondsman relations a central focus of his study but he also shows their basic differences as he compares slave and serf life and chronicles patterns of resistance If the masters had the upper hand the slaves and serfs played major roles in shaping and setting limits to their own bondage This truly unprecedented comparative work will fascinate historians sociologists and all social scientists particularly those with an interest in comparative history and studies in slavery

Unfree Labor Peter Kolchin, 2005 **Slavery in North America Vol 1** Mark M. Smith, Peter S Carmichael, Timothy Lockley, Jonathan Daniel Wells, 2022-01-26 First published in 2009 From the founding of Jamestown to the American Civil War slavery and abolition shaped American national regional and racial identities This four volume reset edition draws together rare sources relating to American slavery systems Volume 1 includes a general introduction and the colonial period covering slavery and the law slave resistance religion and slavery and Pro Slavery Anti Slavery and the Revolutionary Impulse

Eurasian Slavery, Ransom and Abolition in World History, 1200-1860 Christoph Witzernath, 2016-03-09 Recent research has demonstrated that early modern slavery was much more widespread than the traditional concentration on plantation slavery in the context of European colonial expansion would suggest Slavery and slave trading though little researched were common across wide stretches of Eurasia and a slave economy played a vital part in the political and cultural contacts between Russia and its Eurasian neighbours This volume concentrates on captivity slavery ransom and abolition in the vicinity of the Eurasian steppe from the early modern period to recent developments and explores their legacy and relevance down to the modern times The contributions centre on the Russian Empire while bringing together scholars from various historical traditions of the leading states in this region including Poland Lithuania and the Ottoman

Empire and their various successor states At the centre of attention are transfers transnational fertilizations and the institutions rituals and representations facilitating enslavement exchanges and ransoming The essays in this collection define and quantify slavery covering various regions in the steppe and its vicinity and looking at trans cultural issues and the implications of slavery and ransom for social economic and political connections across the steppe In so doing the volume provides both a broad overview of the subject and a snapshot of the latest research from leading scholars working in this area

When Emancipation Came Sally Stocksdales,2022-09-09 Linked by declarations of emancipation within the same five year period two countries shared human rights issues on two distinct continents In this book readers will find a case study comparison of the emancipation of Russian serfs on the Yazykovo Selo estate and American slaves at the Palmyra Plantation Although state policies and reactions may not follow the same paths in each area there were striking thematic parallels These findings add to our understanding of what happens throughout an emancipation process in which the state grants freedom and therefore speaks to the universality of the human experience Despite the political and economic differences between the two countries as well as their geographic and cultural distances this book re conceptualizes emancipation and its aftermath in each country from a history that treats each as a separate self contained story to one with a unified global framework

Slaves and Slave Agency in the Ottoman Empire Stephan Conermann,Gül Şen,2020-05-11 Slaves and Slave Agency in the Ottoman Empire offers a new contribution to slavery studies relating to the Ottoman Empire Given the fact that the classical binary of slavery and freedom derives from the transatlantic experience this volume presents an alternative approach by examining the strong asymmetric relationships of dependency documented in the Ottoman Empire A closer look at the Ottoman social order discloses manifold and ambiguous conditions involving enslavement practices rather than a single universal pattern The authors examine various forms of enslavement and dependency with a particular focus on agency i e the room for maneuver which the enslaved could secure for themselves or else the available options for action in situations of extreme individual or group dependencies

A Life Under Russian Serfdom Savva Dmitrievich Purlevskii,2005-01-10 This is a translation of one of very few Russian serfs memoirs Savva Purlevskii recounts his life in Russian serfdom and life of his grandparents parents and fellow villagers He describes family and communal life and the serfs daily interaction with landlords and authorities Purlevskii came from an initially prosperous family that later became impoverished Early in his childhood he lost his father Purlevskii did not have a chance to gain a formal education He lived under serfdom until 1831 when at the age of 30 he escaped his servitude Gorshkov s introduction provides some basic knowledge about Russian serfdom and draws upon the most recent scholarship Notes provide references and general information about events places and people mentioned in the memoirs

Angel of Vengeance Ana Siljak,2024-06-04 In the Russian winter of 1878 a shy aristocratic young woman named Vera Zasulich walked into the office of the governor of St Petersburg pulled a revolver from underneath her shawl and shot General Fedor Trepov point blank Revenge she cried for

the governor's brutal treatment of a political prisoner. Her trial for murder later that year became Russia's trial of the century, closely followed by people all across Europe and America. On the day of the trial, huge crowds packed the courtroom. The cream of Russian society, attired in the finery of the day, arrived to witness the theatrical testimony and deliberations in the case of the young angel of vengeance. After the trial, Vera became a celebrated martyr for all social classes in Russia and became the public face of a burgeoning revolutionary fervor. Dostoyevsky, who attended the trial, Turgenev, Engels, and even Oscar Wilde all wrote about her extraordinary case. Her astonishing acquittal was celebrated across Europe; crowds filled the streets, and the decision marked the changing face of Russia. After fleeing to Switzerland, Vera Zasulich became Russia's most famous terrorist, inspiring a whole generation of Russian and European revolutionaries to embrace violence and martyrdom. Her influence led to a series of acts that collectively became part of the age of assassinations. In the now forgotten story of Russia's most notorious terrorist, Ana Siljak, captures Vera's extraordinary life story from privileged child of nobility to revolutionary conspirator, from assassin to martyr to socialist icon and saint, while colorfully evoking the drama of one of the world's most closely watched trials and a Russia where political celebrities held sway.

American Indians in the Marketplace Brian C. Hosmer, 1999. Although it is usually assumed that Native Americans have lost their cultural identity through modernization, some peoples have proved otherwise. Brian Hosmer explores what happened when cultural identity and economic opportunity converged among two Native American communities that used community-based industries to both generate income and sustain their cultures. Comparing a lumber business run by the Menominees of Wisconsin and a salmon cannery established by British Columbian and Alaskan Tsimshian communities known as Metlakatla, Hosmer reveals how each tribe responded to market and political forces over fifty years. Hosmer's innovative ethnohistory recounts how these Indians used the marketplace to maintain their distinctiveness to a far greater extent than those who became wage earners in the white man's world. Hosmer shows that by selectively incorporating elements of American capitalism into their cultural lives, the Menominees and Metlakatlans came to view modernization less as a threat to their tribal life than as a means for maintaining their independence. These tribes embraced the same market accused of hastening the demise of native societies and became comparatively successful in American terms, even as they both honored fundamental values and forged new cultural identities. Over time, these peoples came to understand how the market worked, recognized that the broader economy operated according to market principles, and learned how to adjust to it. Hosmer reveals how their strategies of purposeful modernization brought relative economic independence and sometimes the respect and cooperation of local and federal governments, how it helped chart a middle course between unchecked individuality and a communal ethos that might stifle economic development, and how economic development and cultural values ultimately affected one another. *American Indians in the Marketplace* is a story of adaptation that acknowledges the hardship and suffering common to most Indian-white contact while emphasizing the benefits of selective modernization accompanied by a constant re-invention of tradition. It

questions the victim thesis of Native American history and shows that native peoples can meet the challenges of surviving in the larger world **The American Record: Volume 1, to 1877** William Graebner, Leonard Richards, 2005-03-25 Using primary and secondary source material and numerous photographs and illustrations The American Record presents history through a broad perspective Blending the traditional approach to American history centered on politics economics diplomacy and war with the modern approach including histories of women and children people of color and the poor and economically marginal it offers a version of our national past that is inclusive complex and dynamic Volume 1 covers the span from the European conquest of America through Reconstruction Volume 2 covers Reconstruction to the present Slavery in American Society Lawrence B. Goodheart, Richard D. Brown, Stephen G. Rabe, 1993 This anthology reflects the sweeping changes of recent years in historians views of slavery featuring essays from the growing fields of social history women s history and comparative history Distant Friends Norman E. Saul, 1991 Drawing upon more than two decades of research in secondary and documentary publications as well as archival materials from the United States the Soviet Union and Britain Saul reveals a wealth of new detail about contacts between the two countries between the American Revolutionary War and the purchase of Alaska in 1867 **Canadian-American Slavic Studies** , 1990 A quarterly journal devoted to Russia and East Europe Globalizing American History Noralee Frankel, Peter N. Stearns, 2008 Designed to contribute to the discussion of repositioning the American history survey course in light of the nations global context Globalizing American History serves as an overview to the issues involved in internationalizing this staple of the school and college history curriculum in light of earlier exploratory inquires *The American Record* William Graebner, Leonard L. Richards, 2000-09 A very successful book for two decades the fourth edition continues its tradition of excellence Using primary and secondary source material and numerous photographs and illustrations this book seeks to present history through a broad perspective Incorporating the traditional approach centered on politics economics diplomacy and war with the modern approach including social aspects of women and children the poor and economically marginal gays and native Americans it is a book that teaches the skill of making sense out of one s whole world Amazon com viewed Feb 10 2025 Slavery and Slaving in World History: 1900-1991 Joseph Calder Miller, 1999 This bibliography of 20th century literature focuses on slavery and slave trading from ancient times through the 19th century compiling listings from all Western European languages It contains over 10 000 entries The principal sections organize works by political geographical frameworks of the enslavers Subject keyword and author indexes provide immediate detailed access to the material **American Studies, Shifting Gears** Birte Christ, 2010 American Studies Shifting Gears brings together contributions by younger scholars from Germany and by renowned colleagues from both sides of the Atlantic Taking the debate about the Futures of American Studies as its point of departure the volume addresses three larger issues that are crucial to the present and the future positioning of the field first the internationalization of the American Studies scholarly community and of scholarly exchange as well as the

transnationalization of the field's objects of study second interdisciplinary collaborations and transdisciplinary approaches and research and third the politics and politicalness of American Studies American Studies Shifting Gears leads the reader expertly and creatively through what's at stake for the discipline In its reflections and analyses the volume slows down at times then speeds up a little halts and finds a resting point drives down slopes and up steep inclines and in the process shifts gears

Encyclopedia of Sociology Edgar F. Borgatta, 1992 A comprehensive guide to the areas of study history theory and methodology of sociology as practiced in the U S and in other nations

Program of the Annual Meeting American Historical Association. Annual Meeting, American Historical Association, 1989 Some programs include also the programs of societies meeting concurrently with the association
