## **Unholy Devotion Why Cults Lure Christians:**

**Unholy Devotion** Harold L. Bussell, 1983      Recovery from Cults Michael D. Langone, 1995 Drawing upon the clinical expertise of professionals and the personal experiences of those formerly involved in high intensity mind control groups this book is a comprehensive guide to the cult experience Michael Langone and his colleagues provide practical guidelines for helping former cult members manage the problems they encounter when leaving cults      *Apologetics, Mission and New Religious Movements: A Holistic Approach* Philip Johnson, 2010-07-11 It is this search for balance and his real desire to speak into living situations that sets Johnson's work apart from earlier studies of cults and new religions At the same time his work is innovative in other ways      **Cult Watch** John Ankerberg, John Weldon, 1991-01-01 A compilation of the entire Facts On series Cult Watch gives you facts about the major cults and movements in a format you can use in counseling or witnessing      Biblical Counsel, 1993      **Seduction of the Heart** Tim LaHaye, Ed Hindson, 2010-06-14 Christians are engaged in the ultimate battle the battle for the heart The overwhelming influences of the media materialism and selfish ambition threaten to decay even the most tender of hearts While the world screams to the contrary every Christian must fight to maintain a clear conscience and discover what it really means to have the heart of God On the heels of his New York Times bestseller Mind Siege Tim LaHaye with Ed Hindson equip readers with armor to guard their hearts and draw nearer to God Some chapter titles include The Battle for the Heart The Ultimate Deception The Erosion of Trust A Prescription for the Heart Finding God's Heart      Agents of Discord Susan E. Darnell, 2017-12-02 It is widely acknowledged that the United States has always provided fertile ground for the growth of new religious movements and cults but modern organized efforts to oppose and restrict them have been less well understood In Agents of Discord Anson Shupe and Susan E Darnell offer a groundbreaking analysis of the operations and motives of these oppositional groups which they generally group under the umbrella term of the anticult movement Historically there have always been parallel groups opposed to certain religious movements whether these be anti Quaker anti Roman Catholic or anti Mormon The authors establish the cultural context of such movements in the nineteenth century They point out the link between modern anticult movements and nativist movements in American history Turning to the postwar era the authors discuss the rise of anticult movements and focus specifically on one of the most prominent the Cult Awareness Network CAN CAN was a two tiered organization Partly composed of volunteers donors and families affected by cult movements it also included what the authors call an inner sanctum of behavioral science professionals attorneys and deprogrammers Using never before reported data on CAN's activities the authors cite an extensive history of financial impropriety that finally led to the organization's bankruptcy They offer a pointed critique informed by current scholarship of the brainwashing model of mental enslavement presented by the anticult movement that has been a central assumption undergirding its activities At the same time they show how increasing professionalization has gradually begun a shift of such movements to a therapeutic model of exit counseling that rejects the

crude methods of earlier intervention strategies In their analysis of the anticult movement nationally and internationally Shupe and Darnell merge sociological concepts and social history to make unique sense of a hereto **Teach Us to Pray** D. Freeman, 2023-06-23 Daring to Speak of Darkness is a review of anti cult literature by cult whistleblower Pierre S Freeman Freeman was trapped in the religious cult AMORC for twenty six years As a poor immigrant with most of his family still living in Haiti Freeman could not afford professional counseling and was alone in his battle to break free from AMORC Desperately torn when he discovered the French government had labeled AMORC a cult Freeman began searching the Internet for help He found a group of authors who had written lucid clear anti cult literature By reading their works Freeman was able to slowly and painfully piece together the main cause of his lack of clarity for decades he had been subject to covert mind control Daring to Speak of Darkness pays homage to Margaret Thaler Singer and Stephen Hassan as well as other writers like Janja Lalich Robert Jay Lifton and Madeline Tobias It reviews some of the world s best anti cult literature and applies their insights to AMORC The book also highlights principles of indoctrination that cults of all kinds use The authors of these anti cult books risked much to take on powerful organizations and stop the tyranny of cult activities including harassment verbal and potential physical abuse and even their own lives They are truly those who dared to speak of darkness **Introduction to Biblical Interpretation** William W. *Youth Leaving the Church?* Joyce T. Henderson,2001      **A Scandalous Freedom** Steve Brown,2009-11-24 A reader's delight A Scandalous Freedom sometimes shocks with challenges to prevailing wisdom but it follows up with compelling validations of our need to celebrate real unstinted freedom in Christ Christians do not trust freedom As author Steve Brown explains in this brave new book they prefer the security of rules and self imposed boundaries which they tend to inflict on other Christians Brown asserts that real freedom means the freedom to be wrong as well as right Christianity often calls us to live beyond the boundaries bolstered by the assurance that we cannot fall beyond God's love Freedom is dangerous but the alternative is worse boxing ourselves up where we cannot celebrate our unique gifts and express our joy in Christ Each of the book's eleven chapters explores a common pharisaic freedom stifling tendency then opens the door to the fresh air of a remedial liberty      *Almost a Mormon* Adam Dommeyer,2018-05-03 One family vacation to Utah back in 2002 changed Adams entire summer One Mormon girl in his 9th grade English class altered his path over the following year One book changed his outlook on faith One true church had him hooked Suddenly one unexpected dream from God transformed the course of his entire life Join Adam on his quest from Mormonism to the one true Faith Christianity and you'll soon realize your own story is about to unfold before your very eyes You're about to meet and encounter the One True God      *Encounters with a Holy God* Shirley R. Jennings,2018-02-22 No one remains unchanged after they've been touched by God Through experiential encounters with our loving God we gain intimate knowledge of how much he really cares about every detail of our lives As we seek to know him in a more personal and meaningful way we discover that he is beside us in every situation which changes us forever As humans we tend to learn more from our failures than from our successes God uses our failures as well as our successes to help us grow spiritually We grow and develop spiritually in the same way we grow and develop physically both are processes that occur over time This is the story of one person's gradual experiential realization that what God says in his Word is true that it is applicable to our current situations and that he is intimately involved in every aspect of our lives      **Christian Fundamentalism in America** David S. New,2014-01-10 Today the United States is plagued with cultural and political polarization the Reds and the Blues Because religion has been of great significance in America right from the first colonists who believed themselves to be God's chosen nation it is not surprising that religion constitutes the basis of today's dichotomy The recent resurgence of Christian fundamentalism is significant for the future of America as a nation under God This book examines the history of conservative American Christianity as it interacts with liberal beliefs With the Enlightenment the Puritan sense of mission faded but was rekindled with the Great Awakening This religious movement unified the colonies and provided an animating ideal which led to revolution against Britain But soon after the

forces of liberalism made inroads and the seeds of division were planted This balanced account favors neither conservative nor liberal It is history with a human touch emphasizing personalities from Jonathan Edwards and William Jennings Bryan to David Koresh and Jim Jones
