Uniting Africa David J. Peacekeeping in Africa

Marco Jowell,2018-02-21 In recent decades African states have developed an impressive infrastructure for training their peacekeepers In addition peacekeeping peacebuilding and associated areas of conflict resolution have become significant areas of employment Marco Jowell has spent a decade working in peacekeeping training in East Africa initially as one of the foreign Technical Advisers at the Peace Support Operations PSO training centre in Kenya the International Peace Support Training Centre IPSTC and subsequently as a strategic adviser to the Rwanda Peace Academy Using first hand experience he considers how military forces from a variety of African states with great differences in history language and political systems and with militaries with different cultures

and capabilities can conduct complicated multinational peacekeeping operations He shows how regional peacekeeping training centres provide an environment for African elites predominately military to interact with each other through shared training and experiences This process of interaction or socialisation improves skills but also encourages cohesion so that future African led missions will be managed by well trained officers who are comfortable and willing to work within a regional or Pan African framework Jowell shows that part of the aim of peacekeeping training centres is to foster a Pan African outward looking ideology or disposition as well as improving technical ability This book will be essential reading for all involved with African military and security studies and analysts of peacekeeping training and operations *The East African Community* Jean-Marc Trouille,Helen Trouille, Penine Uwimbabazi,2021-05-24 This book brings together African and European experts from a variety of disciplines to examine the origins and current state of the East African Community EAC Over the course of the book the authors analyse the rich tapestry of intraregional relations in East Africa the EAC s similarities with the European Union and the future challenges faced by the organisation Widely regarded as the most advanced and successful regional integration scheme in Africa the EAC is an intergovernmental organisation consisting of Burundi Kenya Rwanda Tanzania and Uganda and since 2016 South Sudan It is the oldest among Africa s regional economic communities and among the continent s most promising growth areas with a long history of integration punctuated by several false starts and traumas that have profoundly affected its body politics When initially set up the EAC model bore a striking resemblance to the process undergone by the European Union Now as the EAC continues to establish its own identity this book argues that whilst Europe s history may provide useful insights for EAC member states the EAC experience could in turn also offer lessons for the European Union Covering key dimensions such as integration co operation development trade and investments this book highlights the intricate and complex relationships between East African states and it will be of interest to researchers working on economic development international relations peace and security and African studies Europe and the MENA Region Moosa Elayah,2022-04-25 This book provides an overview of the National Dialogue design process in fragile settings at the national regional and international levels in the MENA region It provides a comparative analysis at the international level by examining the Yemeni NDC 2013 with those of Afghanistan and Ethiopia and at the regional level focusing on Iraq and Tunisia It also goes beyond the traditional exploration of political and social conflicts by adding a rich theoretical layer of analysis of Humanitarian Aid and its contribution to war economies in the Arab region Finally it examines the news frames used in the coverage of the conflicts in the Middle East and North Africa and takes one step further to integrate a media lens by analysing the extent of the media coverage devoted to the Yemeni and Syrian wars by four prestigious European online news platforms This incisive book presents a radical contrast between the on ground reality of the conflicts in the region distinguished by various social political economic geographic and humanitarian challenges and its discordant abstract portrayal in European online media **Migration in the**
