Monthly Catalog of United States Government Publications, 1994 *Monthly Catalogue, United States Public Documents*, 1994 **Teaching World History in the Twenty-first Century: A Resource Book** Heidi Roupp, 2015-02-12

This practical handbook is designed to help anyone who is preparing to teach a world history course or wants to teach it better. It includes contributions by experienced teachers who are reshaping world history education and features new approaches to the subject as well as classroom tested practices that have markedly improved world history teaching.

Resources in Education, 1997-04 **Teaching and Learning History Online** Stephen K. Stein, Maureen MacLeod, 2023-04-17. Teaching and Learning History Online: A Guide for College Instructors offers everything a new online history instructor needs in one package including how to structure courses, integrate multimedia, and manage and grade discussions as well as advice for department chairs on curriculum management, student advising, and more. In today's technological society, online courses are quickly becoming the new normal in terms of collegiate instruction, providing the ideal environment to flip the classroom and encourage students to hone critical thinking skills by engaging deeply with historical sources. While much of the attention in online teaching focuses on STEM, business, and education courses, online history courses have also proven consistently popular. However, due to the COVID-19 pandemic, new history instructors are rushed into online teaching with little or no training or experience, creating a need for a guide to ease the transition from classroom to online course development and teaching. A timely text, this book aims to provide both new and experienced college history teachers the information they need to develop dynamic online courses.

Wiki Works Robert Maloy, Allison Malinowski, 2017-11-01. Wiki Works in the History and Humanities Classroom shows how teachers and students working together as learning partners can use interactive wiki technologies to transform the teaching of history and humanities topics through web-based research and inquiry-based learning. In its e-text and print editions, the book presents teaching strategies and technology integration examples from resourcesforhistoryteachers and other open educational content wikis. Written for K-12 history, social studies, and humanities teachers, college and university level teacher educators, and college students who are preparing to become classroom teachers in middle and high schools, there are separate chapters that focus on using teacher and student-made wikis to address curriculum standards, teach web research and digital literacy, explore dramatic historical events, develop historical biographies, connect influential literature, discuss special topics, and build flipped learning instructional lessons.
