Decoloniality Praxis Hamid H. Kazeroony,2023-10-04 Presenting a holistic view of decoloniality its genetic makeup and its complexities this book examines how colonialism has become embedded in power language culture institutions and social

structures across the globe as well as what it might take to relinquish postcolonial thinking in search of a decolonized future

China and the West to 1600 Steven Wallech,2016-03-30 A comparative history of Chinese and Western Civilization from the dawn of agriculture to the dawn of modernity in Europe China and the West to 1600 explores the factors that led to the divergent evolution of two major cultures of the ancient world and considers how the subsequent developments saw one culture cling to tradition even as the other failed to do so inadvertently setting the stage for the birth of the Modern Era An accessible and inventive comparative history suitable for all students at the college level as well as general readers Compares the history of Chinese civilization with Western civilization from the rise of agriculture to the dawn of the modern period Explores the ways in which Western failures in the Middle Ages after the Roman Empire s collapse and China s successes in the same period laid the groundwork for each culture s divergent path in the modern period Makes meaningful connections between cultures and over time through the use of themes such as agriculture philosophy religion and warfare and invasion Bridges the gap between antiquity and modernity looking at many factors of the global Middle Ages that influenced the development of the modern world Features a timeline maps endnotes and complete index **Global Cities**

Greg Clark,2016-11-29 Why have some cities become great global urban centers and what cities will be future leaders From Athens and Rome in ancient times to New York and Singapore today a handful of cities have stood out as centers of global economic military or political power In the twenty first century the number of truly global cities is greater than ever before reflecting the globalization of both economic and political power In Global Cities A Short History Greg Clark an internationally renowned British urbanist examines the enduring forces such as trade migration war and technology that have enabled some cities to emerge from the pack into global leadership Much more than an historical review Clark s book looks to the future examining the trends that are transforming cities around the world as well as the new challenges all global cities increasingly will face Which cities will be the global leaders of tomorrow What are the common issues and opportunities they will face What kinds of leadership can make these cities competitive and resilient Clark offers answers to these and similar questions in a book that will be of interest to anyone who lives in or is affected by the world s great urban areas The Cambridge World History: Volume 4, A World with States, Empires and Networks 1200 BCE-900 CE Craig

Benjamin,2015-04-16 From 1200 BCE to 900 CE the world witnessed the rise of powerful new states and empires as well as networks of cross cultural exchange and conquest Considering the formation and expansion of these large scale entities this fourth volume of the Cambridge World History series outlines key economic political social cultural and intellectual developments that occurred across the globe in this period Leading scholars examine critical transformations in science and technology economic systems attitudes towards gender and family social hierarchies education art and slavery The second part of the volume focuses on broader processes of change within western and central Eurasia the Mediterranean South Asia Africa East Asia Europe the Americas and Oceania as well as offering regional studies highlighting specific topics from trade

along the Silk Roads and across the Sahara to Chaco culture in the US southwest to Confucianism and the state in East Asia
