*Journalists, 1920-1950* Kathleen A. Cairns, In spite of these challenges front page women played a significant role in reshaping public perceptions about women's roles BOOK JACKET      *Page One* New York Times, 1996 An impressive chronicle of the events of World War II compiles all the major New York Times headlines to create a powerful reminder that we should never forget the most destructive war in history and its effect on the American people and their government

**History of the War in Front Pages**, 1945      Famous Front Pages of World War II, 1973\*      **100 First Pages** Donald P. H. Eaton, 2007-09 This book is called 100 First Pages because that's what it is Each page in the book is supposed to be the first page of a novel Next to that page on the left are my comments about how the novel might go along with some of my personal thoughts on the subject That's the best part because it is a mini encyclopedia almanac journal and to some extent a blog The book covers a large array of topics and genres When you buy the book and read it you can go to my website listed in the back and vote for your favorite BEGINNING You can also suggest a title for the book I promise that I will write the novel which receives the most votes for publication AND if you are the person who suggests the Best Title i.e. the one I will use you will get a cover credit an entire page inside to write anything you like and one dollar for every copy sold Check out the preview and give it a try      *From Society Page to Front Page* Eileen Wirth, 2020-03-09 Eileen M Wirth never set out to be a groundbreaker for women in journalism but if she wanted to report on social issues instead of society news she had no alternative Her years as one of the first women reporters at the Omaha World Herald covering gender barriers even as she broke a few herself give Wirth an especially apt perspective on the women profiled in this book those Nebraskans who over a hundred years challenged traditional feminine roles in journalism and subtly but surely changed the world The book features remarkable women journalists who worked in every venue from rural weeklies to TV They fought for the vote better working conditions for immigrants and food safety at the turn of the century They covered wars from the Russian Revolution to

Vietnam They were White House reporters and minority journalists who crusaded for civil rights Though Willa Cather may be the only household name among them all are memorable their stories affording a firsthand look into the history of journalism and social change     *Television and Social Behavior: Media content and control* John P. Murray, Eli Abraham

Rubinstein, George A. Comstock, 1972     *Television and Social Behavior* John P. Murray, Eli Abraham Rubinstein, George A. Comstock, 1972     *World War II Goes to the Movies & Television Guide Volume II L-Z* Terry Rowan, 2012-01-17 A Complete Film Guide to motion pictures and television shows that pertain to WWII Facts and stories about Hollywood personal that served in the Armed Forces War Bond drives USO shows Hollywood Canteen and those who were ruled 4 F during the war Complete history of world cinema during the years of the war As well as other interesting facts are also included Featuring shorts cartoons documentaries and feature films in the second volume L Z Don't forget the first volume A K edition     *Plain Dealing* Richard G. Zimmerman, 2006 A collection of political remembrances from a longtime Statehouse and Washington bureau reporter Son of an Ohio Supreme Court Justice and longtime political reporter Rick Zimmerman presents Ohio politics from the inside He began learning about Ohio politics and politicians as a young boy sitting at the dinner table presided over by his father Judge Charles Ballard Zimmerman The author says his father was a Democrat of sorts but identified with the Jeffersonian wing of the party In short he was a conservative and a favorable mention of Franklin Roosevelt was practically banned in our house Yet in spite of these philosophical leanings the elder Zimmerman was truly nonpartisan as far as his political tales were concerned with an opinion about most political leaders from both parties that were for the most part negative a perspective which my later critics likely would suggest I inherited contends Zimmerman In the same way his father entertained with his reminiscences author Rick Zimmerman tells stories of and on Ohio's politicians and their machinations including governors James Rhodes and Mike DiSalle senators and congressmen His discussions of Watergate his African sabbatical and the National Press Club and reflections on the state of journalism are refreshing witty and insightful Plain Dealing is an engaging memoir that doubles as an irreverent look at Ohio's political history     **Sanders**

**Confectionery** Greg Tasker, 2006 For more than 130 years there has been no sweeter word in Detroit than Sanders The venerable confectioner was once as much a part of Detroit's streetscape as the Big Three Hudson's and Coney Islands Sanders was more than just an ice cream and candy shop A Detroit icon it served a fountain of memories for generations Detroiters stood two and three deep behind lunch counters for tuna or egg salad sandwiches devil's food buttercream bumpy cake hot fudge sundaes and Sanders signature dessert hot fudge cream puffs As Detroit boomed so did Sanders At its peak the company boasted more than 50 stores with its products available in as many as 200 supermarkets The Sanders story began in Chicago where Fred Sanders opened his first shop A series of misfortunes prompted him to relocate to Detroit where he began selling his confections on Woodward Avenue Business grew steadily and by the early 1900s he had opened other shops along Woodward and elsewhere in Detroit The Motor City nearly lost Sanders in the mid 1980s but its desserts

shops have begun resurfacing thanks to another Detroit institution Morley Brands LLC which bought the Sanders brand

**A History of Czechs and Jews** Martin Wein, 2015-02-11 Was Israel founded by Czechoslovakia A History of Czechs and Jews examines this question and the resulting findings are complex Czechoslovakia did provide critical secret military sponsorship to Israel around 1948 but this alliance was short lived and terminated with the Prague Trial of 1952 Israel s Czech guns were German as much as Czech and the Soviet Union strongly encouraged Czechoslovakia s help for Israel Most importantly however the Czechoslovak Israeli military cooperation was only part of a much larger picture Since the mid 1800s Czechs and Jews have been systematically comparing themselves to each other in literature music politics diplomacy media and historiography A shared perception of similar fates of two small nations trapped between East and West in constant existential danger helped forge a Czech Jewish national friendship amid periods of estrangement Yet this Czech Jewish national friendship an idea that can be traced from Masaryk and Kafka via Weizman and Ben Gurion to Havel and Netanyahu was more myth than reality Relations were often mixed and highly dependent on larger historical developments affecting Central Europe and the Middle East As the Czech Republic emerges as Israel s main EU ally this book provides a timely analysis of this old new alliance and is essential reading for students and scholars with an interest in History and Jewish Studies

Suttles,Mark D. Jacobs,2011-02-15 In an age when pundits constantly decry overt political bias in the media we have naturally become skeptical of the news But the bluntness of such critiques masks the highly sophisticated ways in which the media frame important stories In Front Page Economics Gerald Suttles delves deep into the archives to examine coverage of two major economic crashes in 1929 and 1987 in order to systematically break down the way newspapers normalize crises Poring over the articles generated by the crashes as well as the people in them the writers who wrote them and the cartoons that ran alongside them Suttles uncovers dramatic changes between the ways the first and second crashes were reported In the intervening half century an entire new economic language had arisen and the practice of business journalism had been completely altered Both of these transformations Suttles demonstrates allowed journalists to describe the 1987 crash in a vocabulary that was normal and familiar to readers rendering it routine A subtle and probing look at how ideologies are packaged and transmitted to the casual newspaper reader Front Page Economics brims with important insights that shed light on our own economically tumultuous times [Queering Memory and National Identity in Transcultural U.S. Literature and Culture](#) Christopher W.
