Worlds Of Difference Inequality In The Aging Experience:

Worlds of Difference Eleanor Palo Stoller, Rose Campbell Gibson, 2000 This collection of readings presents a variety of perspectives on ageing from different communities across the United States Native American Puerto Rican African American the elderly homeless white working class gay and Mexican amongst many others The readings cover topics such as life course social and psychological contexts of ageing paid and unpaid activity the American family and health *Inequality around the World* Deric Shannon, 2025-02-06 A two volume set intended for readers interested in understanding the political and cultural underpinnings of socioeconomic inequality across the globe *Inequality around the World* examines key drivers and shapers of inequality at the local national and international level The two volume set includes 33 in depth chapters covering such issues as public and private healthcare environmental protection and pollution housing disability women s rights land policies antisemitism sexual orientation and gender diversity race and racism political representation and access to higher education Each chapter compares and contrasts conditions in major countries including the USA Russia India China and Germany as well as in wider regions like the Middle East West Africa Central America and Eastern Europe Scrupulously researched and wide ranging in coverage *Inequality around the World* provides an in depth survey of socioeconomic inequality in the 21st century in all its many forms *Diversity and Aging in the Social Environment* Sherry M. Cummings, Colleen Galambos, 2016-05-06 Today nearly one of every eight Americans is 65 or older and by 2030 over 20% of the population will be in this age group Are you prepared to work with this vastly diverse and rapidly growing population This single source is designed to help social service professionals provide effective services to America s vastly diverse and rapidly growing elderly population *Diversity and Aging in the Social Environment* explores the impact of race ethnicity gender sexual orientation and geographic location on elders strengths challenges needs and resources to provide you with a more complete understanding of the issues elders face In order to be more responsive to older adults social workers and other human service professionals need to enhance their knowledge of the aging population and the factors that impact the way seniors interact with society organizations community resources neighborhoods support networks kinship groups family and friends *Diversity and Aging in the Social Environment* examines differences in race ethnicity geographical location sexual orientation religion and health status to help current and future human service professionals provide culturally competent services to the diverse range of elderly people they serve In addition it addresses the wide disparity that exists for older Americans in terms of income and assets number of chronic conditions functional and cognitive impairment housing arrangements and access to health care This book provides a context for the examination of diversity issues among older adults by describing and discussing several theoretical perspectives on aging that highlight important aspects of diversity Next you ll find thoughtful examinations of issues and challenges faced by lesbian gay bisexual and transgender elders and the strengths they bring into later life the impact of gender race and sexual orientation on prevalence rates risk factors methods of disease contraction

and mortality rates among older adults with HIV AIDS along with a discussion of the psychosocial issues they face diverse characteristics of custodial grandparents and the influence of the caregivers gender race age and geographic location on methods of care and available caregiver support differences in caregiver characteristics service utilization caregiver strain and coping mechanisms among several racial ethnic groups of adults who care for elderly disabled and ill persons cultural religious factors that influence interactions between health care personnel and Japanese American elders the relationship between acculturation and depressive symptoms among Mexican American couples life challenges facing Jewish and African American elders with a look at each group's coping mechanisms differences in religious spiritual coping skills among Native American African American and white elders psychological well being and religiosity among a diverse group of rural elders

Handbook of Group Counseling and Psychotherapy Janice L. DeLucia-Waack, Cynthia R. Kalodner, Maria Riva, 2013-12-02 The most comprehensive and thoroughly researched text available on this topic Handbook of Group Counseling and Psychotherapy Second Edition underscores the notion that group work is improved through increased collaboration between researchers and practitioners Edited by renowned leaders in the field this thoroughly updated and revised Second Edition explores current literature and research and offers suggestions for practice in psycho educational counseling and therapy groups The Handbook is divided into five main sections current and historical perspectives best practices multicultural and diverse groups groups in special settings and an introduction to special topics *Annual Review of Gerontology and Geriatrics, Volume 28, 2008* Harvey L. Sterns, Marie A. Bernard, 2008-12-12 This volume addresses the extraordinary need to educate personnel at all levels in gerontology and geriatric medicine and in the design and delivery of health and social services The historical development of gerontology and geriatric medicine and education issues are carefully considered with recommendations for curriculum design The authors offer state of the art discussions on both gerontology and geriatrics with implications for future research The chapters written by seminal figures in the field address the critical need for well trained faculty and other professionals to educate new and existing faculty and other professionals educate researchers to accelerate scientific knowledge provide courses for all students that address life span life cycle development and related materials provide discipline specific courses on aging and much more Political And Economic Determinants of Population Health and Well-Being: Vincente Navarro, Caries Muntaner, 2020-11-25 The field of social inequalities in health continues its vigorous growth in the early years of the 21st century This volume following in the footsteps of Vicente Navarro's edited collection The Political Economy of Social Inequalities is a compilation of recent contributions to the areas of social epidemiology health disparities health economics and health services research The overarching theme is to describe and explain the evergrowing health inequalities across social class race and gender as well as neighborhood city region country and continent The approach of this book is distinctly multi trans and interdisciplinary the fields of public health population health epidemiology economics sociology political science philosophy medicine and history are all represented here **Social Work Practice**

with Ethnically and Racially Diverse Nursing Home Residents and Their Families Patricia Kolb, 2007-07-06 The first of its kind this volume is a critical companion for service providers who work with African American American Indian Chinese Italian Japanese Korean Mexican American and Puerto Rican elders and their families in nursing homes and other care settings These groups are likely to use nursing homes in larger numbers as cultural shifts such as higher divorce rates and increased outside of home employment for females transform traditional family dynamics Contributors are experienced social workers and most belong to the specific ethnic or racial group that is the focus of their chapter and have also provided nursing home services to this group They provide a wealth of demographic historical cultural and practice information crucial to understanding and providing services to older adults and their families Many nursing home residents experience physical and or cognitive debilitation and increased dependence as older adults and cultural and situational differences create variations in how these changes are experienced and addressed In this volume contributors touch upon all of these areas as well as ways in which prejudice and discrimination have shaped intergenerational and other relationships for members of specific ethnic and racial groups Little has been written about the characteristics needs and experiences of racially and ethnically diverse nursing home residents and their families and requirements for culturally competent social work practice Written by social workers for social workers and other service providers this book fills a gap in a rapidly growing area of gerontological service and provides a truly comprehensive examination of cultural and practice phenomena

Caring for Elderly Parents Deborah M. Merrill, 1997-05-30 Based on open ended interviews with adult children and children in law this book documents how plain folk from the working and middle classes manage to provide care for their frail elderly parents while simultaneously meeting the obligations of their jobs and their own immediate families Adult children who care for elderly parents are pressured daily trying to juggle the responsibilities of work family and caregiving Deborah Merrill shows how plain folk as one caregiver termed herself from the working and lower middle classes manage to provide care for their frail elderly parents while simultaneously meeting the obligations of their jobs and their own immediate families The evidence is drawn from open ended in depth interviews with adult children and children in law all of whom have worked outside of the home at some point during caregiving Merrill examines the strategies that caregivers use to combine work and caregiving and the accommodations they make in their jobs She also points to the pathways that lead family members to caregiving roles and how those pathways vary according to family history gender and in law status By focusing on class differences in caregiving and pointing to policy implications Merrill has provided an invaluable resource for students researchers and policymakers in social work gerontology family studies and social issues

The Oxford Handbook of Clinical Geropsychology Nancy A. Pachana, Ken Laidlaw, 2014-11-06 Throughout the world the population of older adults continues to grow The rise in geriatric populations has seen an increase in research on clinical diagnostic assessment and treatment issues aimed at this population Clinical geropsychologists have increased their interest both in providing mental

health services as well as developing approaches to improve quality of life for all older adults The Oxford Handbook of Clinical Geropsychology is a landmark publication in this field providing broad and authoritative coverage of the research and practice issues in clinical geropsychology today as well as innovations expanding the field's horizons Comprising chapters from the foremost scholars in clinical geropsychology from around the world the handbook captures the global proliferation of activity in this field In addition to core sections on topics such as sources of psychological distress assessment diagnosis and intervention the handbook includes valuable chapters devoted to methodological issues such as longitudinal studies and meta analyses in the field as well as new and emerging issues such as technological innovations and social media use in older populations Each chapter offers a review of the most pertinent international literature outlining current issues as well as important cultural implications and key practice issues where relevant and identifying possibilities for future research and policy applications The book is essential to all psychology researchers practitioners educators and students with an interest in the mental health of older adults In addition health professionals including psychiatrists social workers mental health nurses and trainee geriatric mental health workers will find this a invaluable resource Older adults comprise a growing percentage of the population worldwide Clinical psychologists with an interest in older populations have increased the amount of research and applied knowledge about effectively improving mental health later in life and this book captures that information on an international level The book addresses how to diagnose assess and treat mental illness in older persons as well as ways to improve quality of life in all older persons It has a great breadth of coverage of the area including chapters spanning how research is conducted to how new technologies such as virtual reality and social media are used with older people to improve mental health The book would appeal to all psychology researchers practitioners educators and students with an interest in the mental health of older adults It would also appeal to other health professionals including psychiatrists social workers and mental health nurses who work with older people It is a valuable resource for trainee geriatric mental health workers because it highlights key readings and important practice implications in the field

Serving Minority Elders in the 21st Century May L. Wykle, PhD, RN, FAAN, Amasa B. Ford, MD, 1999-04-21 Nationally recognized scholars address the unique problems encountered by minority elders in achieving the goal of maximum well being as we enter the 21st century Topics include physical health continuum of care mental health social policy economic security and research planning and development Minority populations surveyed include the elderly African American Asian American American Indian Mexican American and women Contributors include D Lee M Haug R Binstock G Cohen K Markides T Tripp Reimer E Kahana and many more **Dignity and Old Age** Rose Dobrof, Robert Disch, Harry R Moody, 2013-12-19 Open up Dignity and Old Age and you'll find a wealth of thoughtful suggestions for how you and others can gain more respect and admiration for your relatives neighbors and patients who are in the latter stages of life You'll examine the word dignity as it relates to the world's elderly population to the fullest and most challenging extent taking into

account cross cultural religious and even literary influences Throughout this provoking and thorough examination you ll tackle some tough questions all of which will equip you with the theoretical and practical know how needed to evoke change and preserve honorable relations with the elderly persons in your professional and personal relationships The manner in which Dignity and Old Age will help you grow in your relationships with elderly people is twofold ideally and practically You ll begin with a revitalizing discussion of concepts that revolve around dignity and the elderly and from there you ll move into the sphere of active practice gleanng a wide variety of ways you can enhance your affairs with the elderly in health care social services government and retirement entitlements and benefits Specifically you ll find positive approaches in these and other areas the dignity in old age the true meaning of Quality of Life in old age achieving respect for ethnic elders as a health care provider bringing spirituality and community together in the last stage of life forming a philanthropic caring partnership between government and the elderly In this insightful volume you ll take an important step forward in creating a more dignified quality of life for the world s elderly today s and tomorrow s Overall you ll gain the variety of perspectives necessary to ensure that everyone you come in contact with in casual legal leisure and professional spheres will see you care enough to be concerned with the ideas and practices contained in Dignity and Old Age **Learning to Be Old** Margaret

Cruikshank,2013-02-14 Margaret Cruikshank s Learning to Be Old examines what it means to grow old in America today The book questions social myths and fears about aging sickness and the other social roles of the elderly the over medicalization of many older people and ageism In this book Cruikshank proposes alternatives to the ways aging is usually understood in both popular culture and mainstream gerontology Learning to Be Old does not propose the ideas of successful aging or productive aging but more the idea of learning how to age Featuring new research and analysis the third edition of Learning to be Old demonstrates more thoroughly than the previous editions that aging is socially constructed Among texts on aging the book is unique in its clear focus on the differences in aging for women and men as well as for people in different socioeconomic groups Cruikshank is able to put aging in a broad context that not only focuses on how aging affects women but men as well Key updates in the third edition include changes in the health care system changes in how long older Americans are working especially given the impact of the recession and new material on the brain and mind body interconnections Cruikshank impressively challenges conventional ideas about aging in this third edition of Learning to be Old This will be a must read for everyone interested in new ideas surrounding aging in America today The Greying of India Rajagopal D

Chakraborti,2004-06-30 This book argues cogently that India s policymakers need to urgently take up the cause of the elderly in order to create an environment that insures them against various risks and allows them to maintain as much economic independence and self sufficiency as possible without disturbing the intergenerational balance The first of its kind to be based on data from the National Sample Survey Organisation and providing a global perspective this book constitutes the most comprehensive analysis of the causes and consequences of ageing in India The major objectives of the book are to

Document the rapid growth of older populations in India Address the key issues and topics related to ageing Assess the implications of demographic changes for programmes and policies for the aged Present an Elderly Status Index based on available data Timely stimulating and challenging this book is packed with relevant and hitherto unanalysed data on ageing in India In particular it provides an exhaustive discussion on various conceptual and measurement issues relating to population ageing Gerontology for the Health Care Professional Regula H. Robnett, Walter C. Chop, 2013-11-27

Rowles, 2001-09-24 The authors provide a contemporary perspective on the status of qualitative research in gerontology The second edition examines recent trends in the application of qualitative methodologies and the emergence of new qualitative techniques such as focus groups studies of personal histories and the use of photography Chapters include discussions of critical and feminist perspectives practice issues ethical issues and the contribution of qualitative research to the progress of science **Understanding Aging and Diversity** Patricia Kolb, 2014-07-11 The demographic phenomena of increased life

expectancy increasing global population of older adults and a larger number of older people as a proportion of the total population in nations throughout the world will affect our lives and the life of each person we know The changes will result in challenges and benefits for societies and people of all ages These events need to be understood explained and their consequences addressed sociological theories about aging are an essential part of this process In *Understanding Aging and Diversity Theories and Concepts* Patricia Kolb presents important sociological theories and concepts for understanding experiences of older people and their families in a rapidly changing world She explores concepts from phenomenology critical theory feminist theory life course theory and gerotranscendence theory to explain important issues in the lives of older people This book investigates similarities and differences in aging experiences focusing in particular on the effects of inequality Kolb examines the relationship of ethnicity race gender sexual orientation and social class to international aging experiences This book explores the relationships between older people and social systems in different ways and informs thinking about policy development and other strategies for enhancing the wellbeing of older adults It will be useful for students and scholars of sociology gerontology social work anthropology economics demography and global studies

Handbook of Counseling Women Mary Kopala, Merle Keitel, 2016-10-06 The *Handbook of Counseling Women* edited by Mary Kopala and Merle Keitel draws together a nationally recognized group of contributing scholars and practitioners to address current theories research and issues relevant to the mental and physical well being of women Comprehensive and accessible the Second Edition is organized into three parts covering theoretical sociocultural biological and developmental considerations assessment diagnosis and intervention and supervision research and ethics The reorganization of this new edition includes more sections and chapters giving special attention to such topics as women and poverty intimate partner violence women's career barriers and considerations for specific ethnic groups

Class Dynamics in Later Life Marvin Formosa, 2009 *Class Dynamics in Later Life* examines the extent that older persons despite their estrangement from the productive process are still dynamically engaged in class structuring and action It argues that class remains a key differentiating factor in older people's lives Contrary to conventional assumptions which presuppose that class mobility cannot occur unless retirees re enter the labour market the book argues that class formation is truly alive and kicking in later life

Understanding Older Chicanas Elisa Facio, 1996 This is the first major sociological report on the lives status and public policy needs of the Chicana elderly a population which is generally poor and has been stereotyped as widows and grandmothers Elisa Facio offers insight into how Chicana elderly cope with their economic and cultural marginality and how they gain the personal and financial resources they require The book relates how scholars and public policy makers have previously understood the world of Chicana elderly and provides new data on the social meaning of Chicana old age specifying implications of that meaning for future policy makers

Developmental Theories Through the Life Cycle Sonia G. Austrian, 2008-02-18 In this bestselling textbook contributors describe theories of normal human development

advanced by such pioneers as Sigmund Freud Anna Freud Jean Piaget Nancy Chodorow Daniel Levinson Erik Erikson and Margaret Mahler Beginning with infancy toddlerhood and preschool each chapter examines corresponding ideologies concerning maturation and development in middle childhood adolescence adulthood and old age while acknowledging that no one theory can encompass all aspects of human development In depth analyses of the psychology and sociology of development provide educators and practitioners with insights into the specific social contexts of human behavior and help identify variables and deviations This second edition features up to date empirical information including additional studies on diverse populations and a new chapter on attachment theory a growing area of interest for today s clinicians
