How John Wrote the Book of Revelation: From Concept to Publication Kim Mark Lewis, 2015-11-22

How John Wrote the Book of Revelation is the first of its kind and introduces genetic literary reconstruction to Biblical studies. It enables the reader to produce prior drafts of Hebrew and Christian Scriptures, thereby allowing the reader to apply the literary science of genetic criticism to a book in the Bible. How John Wrote the Book of Revelation takes the most difficult book to understand in the Christian Scriptures and reveals the sequence in which it was written, from the very first line to the final parallel. This provides the reader for the first time with the experience of observing how a Biblical book was written and does this from an intimate perspective as though they were looking over John's shoulders as he crafted it. How John Wrote the Book of Revelation is the first book that teaches the reader how to read Revelation the way it was written. After centuries of blind guess work trying to divine meaning and weak interpretations of symbols, this book finally presents a clear, precise, and consistent method. It is a guidebook to identify all the rich symbols and their meanings within Revelation. Inside the pages of this book is the all encompassing theory of construction for the book of Revelation. It includes three prior drafts of the book of Revelation along with hundreds of charts and illustrations. How John Wrote the Book of Revelation is like no other book that has been written before and sets a new
