Understanding Isis And The New Global War On Terror A Primer

Henry Duff Traill

Understanding Isis And The New Global War On Terror A Primer:

Understanding ISIS and the New Global War on Terror Phyllis Bennis, 2015-06-30 Clear explanations of recent events in the new global War on Terror The US is back at war A new version of what was once known as George W Bush's global war on terror has become the central component of American foreign policy The US NATO assault on Libya in 2011 thousands of troops on the ground in Iraq plans to keep combat troops in Afghanistan drone wars rising in Pakistan Yemen Somalia and elsewhere and now new air wars are underway against ISIS and others in Iraq Syria and perhaps beyond In this newest addition to Interlink's wide ranging Understanding Global Issues series Phyllis Bennis asks and answers the basic questions facing so many Americans What is ISIS Why are they so violent Should Obama have kept troops in Iraq Is ISIS the same as al Qaeda Can you really go to war against terror How should the US respond to ISIS violence What dangers lie ahead Without jargon in an easy to use Frequently Asked Questions format Bennis sorts through the hype to get to the root of this newest edition of the continuing global war on terror

Chronicles of the Egyptian Revolution and its Aftermath: 2011-2016 M. Cherif Bassiouni, 2017 This book analyses Egypt's 2011 Revolution highlighting the struggle for freedom justice and human dignity in the face of economic and social problems and an on going military regime

The Conflict in Syria and the Failure of International Law to Protect People Globally Jeremy Julian Sarkin, 2021-11-28 This book explores through the lens of the conflict in Syria why international law and the United Nations have failed to halt conflict and massive human rights violations in many places around the world which has allowed tens of millions of people to be killed and hundreds of millions more to be harmed The work presents a critical socio legal analysis of the failures of international law and the United Nations UN to deal with mass atrocities and conflict It argues that international law in the way it is set up and operates falls short in dealing with these issues in many respects The argument is that international law is state centred rather than victim friendly is to some extent outdated is vague and often difficult to understand and therefore at times hard to apply While various accountability processes have come to the fore recently processes do not exist to assist individual victims while the conflict occurs or the abuses are being perpetrated The book focuses on the problems of international law and the UN and in the context of the many enforced disappearances and arbitrary detentions in Syria why nothing has been done to deal with a rogue state that has regularly violated international law It examines why the responsibility to protect R2P has not been applied and why it ought to be used generally and in Syria It uses the Syrian context to evaluate the weaknesses of the system and why reform is needed It examines the UN institutional mechanisms the role they play and why a civilian protection system is needed It examines what mechanism ought to be set up to deal with the possible one million people who have been disappeared and detained in Syria The book will be a valuable resource for students academics and policy makers working in the areas of public international law international human rights law political science and peace and security studies

RussiaGate and Propaganda Oliver Boyd-Barrett, 2019-07-04 This book furthers our understanding of the practice

of propaganda with a specific focus on the RussiaGate case RussiaGate is a discourse about alleged Russian meddling in US elections and this book argues that it functions as disinformation or distraction The book provides a framework for better understanding of ongoing developments of RussiaGate linking these to macroconsiderations that rarely enter mainstream accounts It demonstrates the considerable weaknesses of many of the charges that have been made against Russia by US investigators and argues that this discourse fails to take account of broader non transparent persuasion campaigns operating in the election information environment that are strengthened by social media manipulation RussiaGate has obscured many of the factors that challenge the integrity of democratic process in the USA These deserve a much higher priority than any influence that Russia may want to exert The book concludes that RussiaGate discourse needs to be contextualized with reference to a long established broader competition between great powers for domination of EurAsia This pitches the US European Union against Russia China and perhaps ultimately even the USA against Europe This book will be of much interest to students of media and communication studies propaganda studies US politics Russian politics and International Relations in general

Terrorism on Trial Nicole Nguyen, 2023-09-26 A landmark sociological examination of terrorism prosecution in United States courts Rather than functioning as a final arbiter of justice U S domestic courts are increasingly seen as counterterrorism tools that can incapacitate terrorists maintain national security operations domestically and produce certain narratives of conflict Terrorism on Trial examines the contemporary role that these courts play in the global war on terror and their use as a weapon of war hunting criminalizing and punishing entire communities in the name of national security Nicole Nguyen advocates for a rethinking of popular understandings of political violence and its root causes encouraging readers to consider anti imperial abolitionist alternatives to the criminalization prosecution and incarceration of individuals marked as real or perceived terrorists She exposes how dominant academic discourses geographical imaginations and social processes have shaped terrorism prosecutions as well as how our fundamental misunderstanding of terrorism has led to punitive responses that do little to address the true sources of violence such as military interventions colonial occupations and tyrannical regimes Nguyen also explores how these criminal proceedings bear on the lives of defendants and families seeking to understand how legal processes unevenly criminalize and disempower communities of color A retheorization of terrorism as political violence Terrorism on Trial invites readers to carefully consider the role of power and politics in the making of armed resistance addressing the root causes of political violence with a goal of building toward a less violent and more liberatory world

[The WikiLeaks Files](#) WikiLeaks, 2015-09-15 What Cablegate tells us about the reach and ambitions of US Empire Published in collaboration with WikiLeaks WikiLeaks came to prominence in 2010 with the release of 251 287 top secret State Department cables which revealed to the world what the US government really thinks about national leaders friendly dictators and supposed allies It brought to the surface the dark truths of crimes committed in our name human rights violations covert operations and cover ups The WikiLeaks Files exposes the machinations of the

United States as it imposes a new form of imperialism on the world one founded on tactics from torture to military action to trade deals and soft power in the perpetual pursuit of expanding influence The book also includes an introduction by Julian Assange examining the ongoing debates about freedom of information international surveillance and justice An introduction by Julian Assange writing on the subject for the first time exposes the ongoing debates about freedom of information international surveillance and justice With contributions by Dan Beeton Phyllis Bennis Michael Busch Peter Certo Conn Hallinan Sarah Harrison Richard Heydarian Dahr Jamail Jake Johnston Alexander Main Robert Naiman Francis Njubi Nesbitt Linda Pearson Gareth Porter Tim Shorrock Russ Wellen and Stephen Zunes **ISIS and Syria** Phyllis Bennis,2016 The rise of Islamic State and the US war against it have exploded into a regional and global conflagration Once again civilians are paying the price for extremist attacks and we have entered a new version of what was known as George Bush s global war on terror Phyllis Bennis asks and answers the basic questions facing so many of us What is ISIS Why are they so violent Is ISIS the same as al Qaeda Can you really go to war against terror How should we respond to ISIS violence What dangers lie ahead

NoNonsense ISIS and Syria Phyllis Bennis,2018-02-22 **ISIS and Global War on Terror** L. K. Sharma (Airman),2016

Sociological Abstracts Leo P. Chall,1998 CSA Sociological Abstracts abstracts and indexes the international literature in sociology and related disciplines in the social and behavioral sciences The database provides abstracts of journal articles and citations to book reviews drawn from over 1 800 serials publications and also provides abstracts of books book chapters dissertations and conference papers **Literature** Henry Duff Traill,1974 **Books in Print Supplement** ,2002

Literature ,1974 **What Terrorists Want** Louise Richardson,2007-11-13 This is at the top of my list for best books on terrorism Jessica Stern author of *Terror in the Name of God Why Religious Militants Kill* How can the most powerful country in the world feel so threatened by an enemy infinitely weaker than we are How can loving parents and otherwise responsible citizens join terrorist movements How can anyone possibly believe that the cause of Islam can be advanced by murdering passengers on a bus or an airplane In this important new book groundbreaking scholar Louise Richardson answers these questions and more providing an indispensable guide to the greatest challenge of our age After defining once and for all what terrorism is Richardson explores its origins its goals what s to come and what is to be done about it Having grown up in rural

Ireland and watched her friends join the Irish Republican Army Richardson knows from firsthand experience how terrorism can both unite and destroy a community As a professor at Harvard she has devoted her career to explaining terrorist movements throughout history and around the globe From the biblical Zealots to the medieval Islamic Assassins to the anarchists who infiltrated the cities of Europe and North America at the turn of the last century terrorists have struck at enemies far more powerful than themselves with targeted acts of violence Yet Richardson understands that terrorists are neither insane nor immoral Rather they are rational political actors who often deploy carefully calibrated tactics in a measured and reasoned way What is more they invariably go to great lengths to justify their actions to themselves their followers and often the world Richardson shows that the nature of terrorism did not change after the attacks of September 11 2001 what changed was our response She argues that the Bush administration s global war on terror was doomed to fail because of an ignorance of history a refusal to learn from the experience of other governments and a fundamental misconception about how and why terrorists act As an alternative Richardson offers a feasible strategy for containing the terrorist threat and cutting off its grassroots support The most comprehensive and intellectually rigorous account of terrorism yet What Terrorists Want is a daring intellectual tour de force that allows us at last to reckon fully with this major threat to today s global order KIRKUS starred review The short answer Fame and payback perhaps even a thrill The long answer Read this essential important primer Terrorist groups have many motives and ideologies notes Richardson Executive Dean Radcliffe Institute for Advanced Study but they tend to similar paths They are founded by mature well educated men but staffed by less learned and certainly more pliable youths they are fueled by a sense of injustice and the conviction that only they are morally equipped to combat it they see themselves as defenders and not aggressors they often define the terms of battle And of course this commonality Terrorists have elevated practices that are normally seen as the excesses of warfare to routine practice striking noncombatants not as an unintended side effect but as a deliberate strategy Thus massacres suicide bombings and assassinations are all in a day s work Richardson argues against Karl Rove who after 9 11 mocked those who tried to understand the enemy by noting that only when authorities make efforts to get inside the minds of their terrorist enemies do they succeed in defeating them as with the leadership of the Shining Path movement in Peru Still as Rove knows if terrorists share a pathology then so do at least some of their victims Once attacked people in democratic societies are more than willing to trade freedom for security Richardson closes by offering a set of guidelines for combating terrorism with such easily remembered rules as Live by your principles and Engage others in countering terrorists with you observing in passing that the Bush administration s attack on Iraq and subsequent occupation will likely be remembered as serving as a recruiting poster for still more terrorists How to win Develop communities settle grievances exercise patience and intelligence That said watch for more terrorism to come We are going to have to learn to live with it and to accept it as a price of living in a complex world _____ Louise

Richardson has now produced the overdue and essential primer on terrorism and how to tackle it *What Terrorists Want* is the book many have been waiting for The New York Times Book Review Editor's Choice Lucid and powerful Richardson's book refutes the dangerous idea that there's no point in trying to understand terrorists rich readable Los Angeles Times Book Review The kind of brisk and accessible survey of terrorism as *modus operandi* that has been sorely missing for the past five years *What Terrorists Want* ought to be required reading as the rhetoric mounts this campaign season The American Prospect Richardson is one of the relative handful of experts who have been studying the history and practice of terrorism since the Cold War This book is a welcome source of information It's written by a true expert giving her measured thoughts Christian Science Monitor Richardson's clear language and deep humanity make *What Terrorists Want* the one book that must be read by everyone who cares about why people resort to the tactic of terrorism Desmond M Tutu Archbishop Emeritus This is a book of hope Terrorism like the poor will always be with us in one form or another But given sensible policies we can contain it without destroying what we hold dear Financial Times A passionate incisive and groundbreaking argument that provocatively overturns the myths surrounding terrorism Mary Robinson former president of Ireland and former UN High Commissioner for Human Rights In its lucid analysis and summary *What Terrorists Want* is simply the best thing of its kind available now in this highly crowded area The Evening Standard If a reader has the time to read only one book on terrorism *What Terrorists Want* is that book Extensive historical knowledge personal contacts enormous analytic skills common sense and a fine mix of lucidity and clarity make of this work a most satisfying dissection of terrorists motives and goals and of the effects of September 11 2001 Richardson also offers a sharp critique of American counterterrorism policies and a sensible plan for better ones Stanley Hoffmann Battenwieser University Professor Harvard University An astonishingly insightful analysis by one of the world's leading authorities on terrorism this book is filled with wisdom based not only on the author's extensive and long term study of terrorism but also on her experience growing up in a divided Ireland Jessica Stern author of *Terror in the Name of God Why Religious Militants Kill* A wide ranging clear headed crisply written cogently argued anatomy of terrorist groups around the world Peter Bergen senior fellow New America Foundation and author of *The Osama bin Laden I Know An Oral History of al Qaeda's Leader* Among the numerous books published on terrorism after the 9/11 attacks Louise Richardson's stands out as an unusually wise sensible and humane treatise An engrossing and lucid book which hopefully will be read by many and spread its unique spirit of realistic optimism Ariel Merari Professor of Psychology Tel Aviv University Thoughtful and stimulating Controversially and indeed courageously Richardson argues that instead of regarding the terrorists even al Qaeda types as mindless and irrational creatures motivated by dark forces of evil it would be more constructive to examine and seek to moderate some of the grievances that drive previously normal and even nondescript characters to kill and maim innocent people they don't even know The Irish Times A textbook and a myth buster Richardson is calling for nothing less than a total re evaluation of how we consider and

react to terrorism What Terrorists Want ought to be on the bookshelf in every government office Certainly for any student of international affairs it is an essential reading The Atlantic Affairs

The Enigmatic Realm of **Understanding Isis And The New Global War On Terror A Primer**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic. Its capacity to stir emotions, ignite contemplation, and catalyze profound transformations is nothing short of extraordinary. Within the captivating pages of **Understanding Isis And The New Global War On Terror A Primer** a literary masterpiece penned with a renowned author, readers embark on a transformative journey, unlocking the secrets and untapped potential embedded within each word. In this evaluation, we shall explore the book's core themes, assess its distinct writing style, and delve into its lasting affect the hearts and minds of those who partake in its reading experience.
