Parricide and Violence against Parents Marianna Muravyeva, Phillip Shon, Raisa Maria Toivo, 2020-12-30 *Parricide and Violence Against Parents* takes a historical and criminological approach to the research on parricide and violence against parents placing the research in the context of social development from the 1500s to contemporary society and giving a global overview and comparison The book examines parricide and violence against parents as historically and culturally sensitive phenomena It offers evidence on a seemingly rare subject from different eras areas and cultures and then uses the cross disciplinary data to produce a new systematic insight for the reader Case studies shift the discussion from the contemporary focus on adolescent to parent abuse to examining the sources of conflict during life cycles of parents and their offspring A historical approach illuminates the variations in conflicts between parents and their offspring that are shaped by the life stages of the victims and offenders themselves across time The book argues that parental authority has been marked by property ownership and tax paying responsibilities throughout history The continued possession of property resulted in power the reluctance to part with it becoming a notable source of conflict across generations within families Parental authority was protected by means of heavy penalties and punishments and didactic teachings in almost every society at every stage of historical development It was also challenged constantly by children as a part of their coming into adulthood The abuse of parents has often been connected to situations where adult children were prevented from gaining the amount of independence appropriate to their position in life This led to disputes over authority and the legitimate grounds for that authority Offering an insight into complicated and interconnected histories of generational conflicts and how they affect modern families in different parts of the world this book will be of great interest to students and scholars of criminology

The Trouble in Room 519 Thomas Aiello, 2021-08-18 At approximately seven o clock in the evening on May 7 1950 Gordon Malherbe Hillman filled an empty bottle with water capped it and walked into his mother s room in the pair s fifth floor suite at Boston s luxurious Copley Plaza Hotel He then edged up behind the semi invalid woman and bludgeoned her to death Hotel staff had planned to evict the two the following day after several weeks of unpaid rent Mounting debts had finally broken the fifty year old Hillman a now struggling author of mixed success but it had not always been that way as

Thomas Aiello shows in his study of the life and work of this forgotten midcentury figure As a youth Hillman attended the prestigious Noble and Greenough School near Boston Pursuing a career as a writer he published several dozen pieces of short fiction and a critically acclaimed novel *Fortune's Cup* 1941 Hollywood studios purchased the rights to two of his stories and made them into films *The Great Man Votes* 1939 and *Here I Am a Stranger* 1940 But Hillman remained for the most part a middling magazine writer like the majority of fiction authors working during the Depression Although most did not resort to acts of manic violence Hillman's tenuous position in literary circles along with his gradual descent into financial ruin proved a far more common tale than the stories of literary success often pored over by critics and historians of this period In *The Trouble in Room 519 Money Matricide and Marginal Fiction in the Early Twentieth Century* Aiello weaves a compelling true crime narrative into his exploration of the economics of magazine fiction and the strains placed on authors by the publishing industry prior to World War II Examining Hillman's writing as exemplary of Depression era popular fiction Aiello includes eight stories written by Hillman and originally published in prominent midcentury American magazines including *Collier's* *Liberty* and *McCall's* to provide additional context and insight into this trying time and tragic life
