Essentials from the Golden Cabinet 金匱要略, 2020 **Translation and Annotation of Jin Gui Yao Lue: Essentials from the Golden Cabinet** Zhongjing Zhang, 2020-08-25 This is a full text English translation of Jin Gui Yao Lue a classic book of traditional Chinese medicine It is the oldest clinical book dedicated to internal external gynecological and obstetrical diseases It is also the first medical book on differential diagnosis of diseases and symptoms along with treatment and prescriptions This book was originally written by Zhang Zhongjing Zhang Ji 150-219 CE an eminent Chinese physician in the Eastern Han dynasty The book consists of 25 chapters The first chapter serves as an introduction Chapters 2-22 discuss the diagnosis and treatment of sixty diseases involving internal medicine external medicine and gynecology obstetrics Chapter 23 discusses emergency treatments Chapters 24 and 25 discuss food contraindications fowls beasts fruits vegetables and grains and treatment The text can serve as a reference for education research and clinical practice

Jin Gui Yao Lue Zhang Ji, 2022-07-26 The Jin Gui Yao Lue Essential Prescriptions of the Golden Cabinet like its sister volume the Sheng Jin Lun On Cold Damage is a gem reconstituted from fragments of a lost text called the Sheng Jin Lun On Cold Damage and Miscellaneous Diseases by indisputably the most brilliant medical mind that China ever produced the Han Dynasty physician Zhang Ji Zhang Ji exerting an influence on the development of Chinese medicine unmatched by any other medical scholar Zhang Ji integrated the then relatively new theories of systematic correspondence of the Five Phases and the Sixiang with an already vast practical knowledge in the use of medicinals Such was his brilliance that it was not fully recognized by Chinese physicians until centuries later in the Song Dynasty when Zhang Ji's combination of theory and practice became the mainstream in Chinese medicine that survived centuries of scrutiny from successive generations of medical scholars and buttressed traditional medicine against the challenge of Western medicine in the twentieth century Combining theoretic etiologies with detailed diagnosis and skillfully devised treatments Zhang Ji's work has left an indelible print on traditional medicine in China for nearly 2,000 years A third of the most commonly used formulas in Chinese medical practice today were devised by Zhang Ji The Jin Gui Yao Lue covers diseases other than the external contractions dealt with in the Sheng Jin Lun and includes lung diseases water swelling dissipation thirst impediment by summerheat stroke mounting diseases and gynecological diseases to name just a few It is presented in 25 chapters most of which deal with two or three closely related diseases however the final three chapters cover miscellaneous formulas and foodstuffs Each chapter includes an introduction to the material followed by the original lines of the text which are rendered in simplified Chinese characters Pinyin and English translation This is followed by notes to elucidate obscure phrases in the original text a synopsis of the content of the line and detailed explanatory commentaries Textual History from the Introduction by Sabine Wilms As its title suggests Zhang Ji's Sheng Jin Lun discusses the diagnosis and treatment of cold damage conditions which are conditions related to external contraction especially of wind and cold His Jin Gui Yao Lue is thought to reflect that section of the

original *Sheng Huan Zibing Lun* that was called miscellaneous diseases *zibing* basically a catch all phrase for any conditions which could not be traced to externally contracted evils The full title of this present text is *Jin Gu Yolei Fong Lun* Essential Prescriptions and Discussions from the Golden Cabinet This title tells us several things about the book First it is an indication of the value that the author or more accurately the person who named the text as such placed on the book's content Golden Cabinet refers to a cabinet like storage box made of gold hence a place where a person of great wealth would store his or her most valuable items Second the text is characterized as containing both prescriptions and discussions or in other words clinical as well as theoretical information This combination positions it at an interesting fulcrum in the textual history of Chinese medicine namely the intersection between theoretical classics like the *Huangdi Neijing* Yellow Emperor's Inner Canon and *Nanjing* Classic of Difficult Issues which were mostly concerned with the flow of qi and blood through the vessels and the correlation of the human body to the macrocosm and formulary collections like the *Qin Jiefang* Thousand Gold Pieces Prescriptions by *Shen Si-miao* which primarily matched lists of symptoms to specific formulas without providing any diagnostic or etiological explanation for the rationale behind a treatment By contrast the *Jin Gu Yolei* includes detailed diagnostic guidelines and etiological reasoning in addition to instructions for treatment primarily with medicinal formulas and some references to acupuncture moxibustion and other therapeutic modalities *Zheng Zhongjing* thus created a medical classic with outstanding significance for both theory and practice centuries before other medical authors attempted to follow in his footsteps during the *Song* period Due to the turbulence of its historical times it is impossible to reconstruct the exact format content and organization of *Zheng Zhongjing*'s work today Nevertheless its significance for the history of medicine and its applicability in modern clinical practice has inspired much research especially in China to approximate its original form as much as possible on the basis of later reprints fragments that have been recovered in China and Japan in archaeological sites and quotations in received texts By order of the *Song* Imperial court in the 11th century both the *Sheng Huan Lun* and the *Jin Gu Yolei* were included among a small selection of early Chinese medical classics to be collated annotated and reissued in woodblock print This monumental effort was completed by a large editorial team from the Office for the Correction of Medical Texts which had been established in 1057 CE While these scholars had access to the ten scrolls of the *Sheng Huan Lun* which had been edited by *Wang Shih* the part on miscellaneous diseases had not survived Instead they painstakingly had to recreate the *Jin Gu Yolei* on the basis of quotations found in other medical classics like the *Mingji* Pulse Canon *Zheng Yuhuan* Origin and Indicators of Disease and *Qin Jiefang* Thousand Gold Pieces Prescriptions as well as a summary of *Zheng Zhongjing*'s work in three scrolls entitled *Jin Gu Yehuan Yolei* Essential Prescriptions from the Golden Cabinet and Jade Sheath These *Song* editors matched the prescriptions with the descriptions of symptoms arranged the text by disease categories into 25 chapters in three parts and lastly added select outstanding prescriptions by other physicians of the times all with the goal of making this text as clinically useful as possible This *Song* revision has been the

standard version of the text ever since and also the version on which subsequent editions such as this one are based It is thus important for the discerning reader to keep in mind that we are looking at a H n dynasty text that was lost for several centuries and reconstructed rearranged and supplemented by S ng dynasty scholars approximately eight hundred years later Praise for Jin Gui Yao Lue Essential Prescriptions from the Golden Cabinet Wiseman and Wilms have exquisitely translated the J n Gu Y o L The English rendering is impeccable precise and consistent The detailed commentaries are systematic and comprehensive Throughout my forty six years as a clinician I have studied Zh ng J s writings and prescribed formulas from the Sh ng H n L n and J n Gu Y o L I hope that this remarkable work in its English translation will help you to draw upon the genius of Zh ng J and to understand and utilize the depth of his knowledge of Chinese medicine Miki Shima OMD L Ac President Japanese American Acupuncture Association Former Member California State Acupuncture Examining Committee Former President California Acupuncture Association Author Expositions on the Eight Extraordinary Vessels Channel Divergences Deeper Pathways of the Web The Medical I Ching Oracle of the Healer Within Recipient Lifetime Achievement Award American Association of Acupuncture and Oriental Medicine 2004 醫道無疆 2000 525 **Who's who in the West** ,1999 *Comprehensive Dissertation Index* ,1989
