McClendon JR.,2011-07-01 Christian doctrine McClendon tells us is no laundry list of propositions to be believed but is rather an essential practice of the church Doctrines are those shared convictions which the church must teach and live out if it is to be the church The author rejects the prevailing assumptions stemming from the rationalism of the Enlightenment and redefines theology as a discipline within the context of particular religious beliefs and practices of concrete believing communities McClendon ties the reading of Scripture to the community s understanding of itself and its own mission *God Without Measure: Working Papers in Christian Theology* John Webster,2015-11-19 In this second volume Webster progresses the discussion to include topics in moral theology and the theology of created intellect An opening chapter sets the scene by considering the relation of christology and moral theology This is followed by a set of reflections on a range of ethical themes the nature of human dignity mercy the place of sorrow in Christian existence the nature of human courage dying and rising with Christ as a governing motif in the Christian moral life the presence of sin in human speech Webster closes with studies of the nature of intellectual life and of the intellectual task of Christian theology **Practice What You Preach, Preach What You Practice** Ronald Barnes,2016-11-30 What does it mean to be religious Religious ethical morality is not just a Sunday set aside or a social protocol to conform to peer group expectations nor should religion be used as a refuge of forgiveness for negative actions that do not change It is important to respect the religion of others even if you do not agree with their teachings However without a basic knowledge of other religions there is no basis for evaluation other than hear say and ignorance which are not rational foundations for evaluation Because the voice of women is diminished by men who devalue the contribution of women or men who attempt to dictate and define what should be the womans role and contribution As a
