Unholy Alliance Peter Levenda:

Unholy Alliance Peter Levenda, 2002-05-24 Engagingly written Unholy Alliance is a comprehensive popular history of the occult background and roots of the Nazi movement showing how the ideas of a vast international network of late 19th and early 20th century occult groups influenced Nazi ideology Levenda takes readers through the teachings of Madame Blavatsky Aleister Crowley the Thule Gesellschaft the occult secret society that formed the ideological heart of the early Nazi Party the Order of the Golden Dawn and the Order of the Eastern Temple and demonstrates how each influenced Nazi ideology He also details the expedition to Tibet of the Ancestral Heritage Research and Teaching Society comprised of the same SS officers who would later be involved in grisly medical experiments on concentration camp prisoners Levenda traces the Nazis movements as they continued their activities after the war or morphed into neo Nazi skinhead and satanic groups such as the Christian Identity and White Aryan Resistance movements Levenda s is not only a major work of investigative reporting but also the striking story of the unholy alliance between politics and religion or politics and occultism that has dominated events in Europe and the Americas since World War I with all its implications for continuing racial and religious violence in Europe Asia and the Americas Kundalini Tales Richard Sauder, 1998-07 Sauder continues his studies of underground bases with new information on the occult underpinnings of the US space programme The book also contains a breakthrough section that examines actual US patents for devices that manipulate minds and thoughts from a remote distance Included are chapters on the secret space programme and a 130 page appendix of patents and schematic diagrams of secret technology and mind control devices Black Terror White Soldiers David Livingstone, 2013-06-16 Far too ignorant of the histories of the rest of the world being aware of only the accomplishments of Greece Rome and Europe Westerners have been made to believe that their societies represent the most superior examples of civilization However the Western value system stems from a misconception that as in nature human society too is evolving The idea derives from the hidden influence of secret societies who followed the belief in spiritual evolution of the Kabbalah which taught that history would attain its fulfillment when man would become God and make his own laws Therefore the infamous Illuminati gave its name to the Enlightenment of the eighteenth century which claimed that human progress must abandon superstition meaning Christianity in favor of reason Thus the Illuminati succeeded in bringing about the French and American revolutions which instituted the separation of Church and State and from that point forward the Western values of Humanism seen to include secularism human rights democracy and capitalism have been celebrated as the culmination of centuries of human intellectual evolution This is the basis of the propaganda which has been used to foster a Clash of Civilizations where the Islamic world is presented as stubbornly adhering to the anachronistic idea of theocracy Where once the spread of Christianity and civilizing the world were used as pretexts for colonization today a new White Man s Burden makes use of human rights and democracy to justify imperial aggression However because after centuries of decline the Islamic world is

incapable of mobilizing a defense the Western powers as part of their age old strategy of Divide and Conquer have fostered the rise of Islamic fundamentalism to both serve as agent provocateurs and to malign the image of Islam These sects known to scholars as Revivalists opposed the traditions of classical Islamic scholarship in order to create the opportunity to rewrite the laws of the religion to better serve their sponsors Thus were created the Wahhabi and Salafi sects of Islam from which were derived the Muslim Brotherhood which has been in the service of the West ever since But the story of the development of these Islamic sects involves the bizarre doctrines and hidden networks of occult secret societies being based on a Rosicrucian myth of Egyptian Freemasonry which see the Muslim radicals as inheritors of an ancient mystery tradition of the Middle East which was passed on to the Knights Templar during the Crusades thus forming the foundation of the legends of the Holy Grail These beliefs would not only form the cause for the association of Western intelligence agencies with Islamic fundamentalists but would fundamentally shape much of twentieth century history

The Esoteric Wagner Michael Besack, 2004 Wagner s Ring is one of the most complex dramatic creations of modern times and its stage presentation requires impossible resources It also demands an educated audience without which there is not much justification for a performance The tetralogy is full of difficult narratives and dialogues that make a prior in depth reading of the libretto a must It is not just a matter of figuring out the plot as in other operas but of exploring the many levels of meaning through which the Ring unfolds In addition the cycle incorporates esoteric themes that have seldom been discussed in connection with Wagner This background is unknown territory to most people and it is unrealistic to expect sudden enlightenment from the Ring s libretto alone Every classical journey deals with the promise of a homecoming and it is therefore not surprising that Wotan the main protagonist in the Ring eventually reemerges in the Land of the Grail where he is converted into Titurel by Wagner s poetic imagination Ernest Newman Wagner s quintessential biographer had already noted this odd development but did not pause long enough to consider the startling implications One should not look at Wagner in disconnected narrow ways The dismal level of today s intellectual discourse on Tragedy makes it impossible to do justice to the composer s apocalyptic vision In that context it is important to address the increasingly popular contention that Wagner was Hitler s spiritual father and that the Ring is a

dangerous anti Semitic fantasy The Holocaust is indeed tragic but its reduction to a moral failure on the part of Germanic culture understates the metahistorical significance of what actually happened C J Jung once tried to tackle these issues directly in his study of the Wotan archetype 1936 but his analysis has since been buried under the weight of more detailed but less perceptive commentaries A vigorous reassessment is long overdue **Restoring the Golden Age** Dan Edelstein,2004 The Monstrous and the Dead Mark Neocleous,2005 A comprehensive analysis of the use of metaphors of monstrosity and death in political theory specifically in relation to conservatism Marxism and fascism **Jeff Herman's Guide to Book Publishers, Editors & Literary Agents** Jeff Herman,2003 A guide to the names and specialities of American and Canadian publishers editors and literary agents includes information on the acquisition process and on choosing literary agents *Theology of Hate* George Michael,2009 Smith s rampage was the first many Americans had heard of this small previously obscure organization In this comprehensive history of the Creativity Movement one of the most radical organizations in the history of the American far right George Michael reminds us that some of the most dangerous radical elements in the United States are home grown Jacket The Woman and the Dragon David Michael Lindsey,2000 Time and again God has sent Mary to earth to warn us about punishments to come Here the author details the history and prophecies surrounding Mary s major appearances including o Our Lady of Guadalupe Mexico 1531 o Our Lady of the Miraculous Medal Paris France 1830 o Our Lady of Lourdes France 1858 o Our Lady of the Rosary F 1 2tima Portugal 1917 o The Queen of Peace Medjugorje Bosnia Herzegovina 1981 present Many of Mary s messages foretold what are now elements of our past the world wars the rise of communism the suffering of Pope John Paul II They also foresee what is still to come the chastisement the Antichrist and the Second Coming To prepare for these events Mary suggests praying heeding her warnings and following her advice Let your only instruments always be love By love turn everything into good which Satan desires to destroy and possess The Aryan Christ Richard Noll,1997 st Richard Noll reveals the all too human man for what he really was a genius who believing he was a god founded a neopagan religious movement that offered mysteries for a new age In The Aryan Christ Noll draws on never before published material to create the first full account of Jung s private and public lives Photos Mommy Please Come Home Kevin P.
