United We Fall Ending Americas Love Affair With The Political Center:

You're Not as Crazy as I Thought (But You're Still Wrong) Phil Neisser, Jacob Hess, 2012-04 A social conservative Provocative informative exchanges for any one who is weary of hyperpartisanship sparked by the likes of pick your favorite from either end of the spectrum this book provides a way forward during the 2012 election cycle United We Fall Phil Neisser, 2008-06-30 United We Fall argues that today s harmful levels of polarization in American politics can be ratcheted down only by giving up the twin notions that the center is the sweet spot for political efficiency and that all differences deserve equal weight in the democratic balance The American people need instead to embrace a political credo of civic engagement confrontation with open ears and spirited debate The commonplace United We Stand must be supplanted by the insight that democracy is strongest where it acknowledges and formalizes real division But surely bipartisan rancor in America and extremist violence around the world are symptoms of too much disagreement not too little No asserts the author The root cause of political violence of all stripes is the failure of opposing camps to engage each other openly and persuasively on their genuine and irreconcilable differences In making the case for principled disagreement United We Fall reviews the history of good and bad disagreement practices in American politics analyzes our mass media through a pro disagreement lens and draws on studies of conformist group behavior to expose the manipulative dynamics of contemporary dialog initiatives Neisser assesses best practices for conducting public debate at all civic levels on the most vexed issues in America today terrorism multiculturalism religion in politics social and family values race the media education and the environment God Is Just: A Defense of the Old Testament Civil Laws: Biblical Theocracy, Justice, and Slavery versus Humanistic Theocracy, "Justice," and Slavery Steve C. Halbrook, 2014-05-02 This 600 page book is a defense of biblical civil law on topics despised not only by humanists but by professing Christians It is in short theonomic apologetics God is Just takes our culture and its attacks on the Bible to task It defends biblical theocracy justice and slavery and cuts humanistic opposition down to size by its own self destructive foolishness and most importantly by the sword of God s word The book includes appendices defending theonomy biblically and historically as well as appendices refuting alternative political philosophies One appendix is written by Daniel F N Ritchie and there is also a forward by Buddy Hanson The second edition includes a Scripture index and a new appendix by Vindiciae Legis who gives an excellent historical treatment of the theonomic views of the Westminster divines In Sickness and in Power David Owen, 2008-05-30 The course of modern world history has been critically shaped by the physical and mental illnesses of heads of state sometimes in the public eye but usually in secrecy Democratic politicians as diverse as Woodrow Wilson Franklin D Roosevelt Churchill Kennedy Johnson Nixon Pompidou Mitterrand Blair George W Bush Chirac and Sharon all lied about their health Between 1906 and 2008 seven Presidents are judged to have been mentally ill while in office Theodore Roosevelt bipolar disorder Taft breathing related sleep disorder Wilson major depressive disorder Coolidge major depressive disorder Hoover major depressive

disorder Johnson bipolar disorder and Nixon alcohol abuse Many despots such as Hitler Stalin Saddam Hussein Pol Pot Idi Amin and Robert Mugabe have been branded by the press and public opinion as suffering mental illnesses Lord Owen argues neither Hitler nor Stalin were mad in any sense the medical profession recognizes whereas Mussolini and Mao had depression possibly bipolar disorder Something happens to some leaders mental stability while in power that is captured by Bertrand Russell s phrase the intoxication of power Hubristic behavior with excessive self confidence is almost an occupational hazard for heads of government as it is for leaders in other fields such as business and the military for it feeds on isolation and excessive deference Owen argues that a medically definable condition called Hubris Syndrome affects some heads of government the longer they stay in office or after a specific triggering event such as 9 11 Recent leaders such as George W Bush Tony Blair and Margaret Thatcher have developed Hubris Syndrome Symptoms include patterns of reckless behavior bad judgment and operational incompetence often compounded by delusions of personal infallibility and divine exemption from political accountability Lord Owen makes the cases that democratic societies need to implement new procedures for dealing with illness in their own heads of government and that they need to empower the United Nations to use new procedures and means for removing despots whose behavior becomes so hubristic as to pose a grave threat to their own people or the world
