Gehring,2016-10-27 The 1950s were a transitional period for film comedians The artistic suppression of the McCarthy era and the advent of television often resulted in a dumbing down of motion pictures Cartoonist turned director Frank Tashlin contributed a funny but cartoonish effect through his work with comedians like Jerry Lewis and Bob Hope A new vanguard of comedians appeared without stock comic garb or make up fresh faces not easily pigeonholed as merely comedians such as Tony Randall Jack Lemmon and Tony Curtis Some traditional comedians like Charlie Chaplin Red Skelton and Danny Kaye continued their shtick though with some evident tweaking This book provides insight into a misunderstood decade of film history with an examination of the personality comedians The talents of Dean Martin and Bob Hope are reappraised and the dumb blonde stereotype as applied to Judy Holliday and Marilyn Monroe is deconstructed

Crises and Integration in European Banking Union Christopher Mitchell,2023-12-06 It is conventional wisdom among scholars policymakers and other observers that crises are one of the primary drivers of European integration However while many crises have indeed spurred deeper integration there is also no shortage of crises that failed to produce meaningful deepening or even led to disintegration The literature on European integration has to date failed to develop a theory to identify ex ante which crises are most likely to produce integrating reform *Crises and Integration in European Banking Union* addresses that gap building a theory of how the combination of crisis severity and origin indicates whether a crisis will produce deep reform modest reform or a persistence of the pre crisis status quo Mitchell does so by examining the relative impact of a series of crises on the centralization of European financial regulation in the 21st century including the 2007 09 Banking Crisis 2010 14 Debt Crisis the Brexit shock and the 2020 21 COVID 19 Pandemic It thus also makes an important contribution to the literature on European financial regulation and the steps needed to complete a European banking and capital markets union The volume not only addresses a significant theoretical gap but also provides a foundation for policymaking in response to future crises by building a framework to identify which challenges are most likely to provide an opportunity for deeper integration [The Influence of Global Ideas on Environmentalism and Human Rights](#) Markus Hadler,2017-12-01 This book explores whether individual attitudes and behaviors are swayed by global developments in a world increasingly populated by organizations treaties and other institutions that focus on environmentalism and human rights It uses the sociological approach of World Society theory to investigate the effects of global ideas on individual

environmentalism xenophobia and homophobia while drawing its data from a variety of international public opinion surveys The Influence of Global Ideas on Environmentalism and Human Rights questions the dominant narrative of World Society related research as a positive influence of global ideas on various outcomes Hadler demonstrates the complexity of this issue through empirical analyses revealing mixed trends in attitudes and behaviors from around the world This book will be of interest to academics seeking to critically engage with World Society theory through two of its core topics human rights and environmentalism
