World Beneath Cate Kennedy:

The World Beneath Cate Kennedy, 2011 Rich and Sandy were once environmental activists part of a world famous blockade in Tasmania to save the wilderness Now twenty five years later they have both settled into the uncomfortable compromises of middle age although they've gone about it in very different ways About the only thing they have in common these days is their fifteen year old daughter Sophie When Rich decides to take Sophie whom he hardly knows on a trek into the Tasmanian wilderness his overconfidence and her growing disillusion with him set off a chain of events that no one could have predicted Instead of respect Rich finds antagonism in his relationship with Sophie and in the vast landscape he once felt an affinity with he encounters nothing but disorientation and fear Ultimately all three characters will learn that if they are to survive each must traverse not only the secret territories that lie between them but also those within themselves The World Beneath Cate Kennedy, 2011-02-01 This prize winning debut novel from the author of *Like a House on Fire* is reminiscent of Hornby Well observed and thoughtfully funny Minneapolis Star Tribune Fifteen years after their breakup Rich and Sandy have both settled into the unfulfilling compromises of middle age he's a late night infomercial editor with photojournalism aspirations she makes hippie jewelry for a local market and struggles to maintain a New Age lifestyle that fails to provide the answers she seeks To distract themselves from their inadequacies Rich and Sandy cling to the shining moment of their youth when they met as environmental activists as part of a world famous blockade to save Tasmania's Franklin River Their daughter Sophie has always remained skeptical of this ecological fairytale but when Rich invites her on a backpacking trip through Tasmania for her fifteenth birthday Sophie sees it as a way to bond with a father she's never known As they progress further into the wilderness the spell of Rich's worldly charm soon gives way to suspicion and fear as his overconfidence sets off a chain of events that no one could have predicted Kennedy evokes a more lyrical version of Jodi Picoult hitting the reader with raw heartbreaking sometimes hilarious prose Library Journal In elegant fluidly written prose Kennedy not only delivers scathing portraits of the ineffectual adults and the times that shaped them but also makes the epic wilderness another vividly rendered character in the story Booklist starred review Kennedy writes like an Antipodean Anne Tyler wryly aware of the heart's internal contradictions yet slow to judge Financial Times **The World Beneath by Cate Kennedy** Jo Case, 2011 **Sing, and Don't Cry** Cate Kennedy, 2008 *Sing and Don't Cry* is Cate Kennedy's sensual and touching evocation of her time spent working as a volunteer in small town Mexico The people she comes to love in Tequisquiapan and their gusto for celebration pilgrimage and family force her to cast a penetrating light on her own Western values and ways What is truly essential and who is truly poor asks Kennedy in a book that also challenges the reader to care more for his or her world Described as a travel book with a social conscience this essential memoir from the award winning fiction writer and poet is funny warm yet ultimately disarming *It Happened in a Holden* Paddy O'Reilly, 2014-11-01 The Holden rolled into our lives in 1948 and has been firmly rooted in the Australian psyche ever since The FJ the EH the Torana

nation and its underlying extension from Britain it applies Nicolas Bourriaud's concept of the Radicant to examine Australian writing beyond the post of post colonialism The book shows that some authors are engaged in writing about the country and the time in which they live but that they also share common critical views on the definition of multiculturalism the belonging to place and integration in the nation The volume suggests that theories of cultural hybridism presented as a decolonising methodology in fact dissolve singularity in the same way that globalisation creates standardisation It argues that 21st century Australian fiction depicts the subject as a radicant and that Australian culture constitutes a mobile entity unconnected to any soil
