World of Warcraft: Stormrage Richard A. Knaak,2010-02-23 When the world of Azeroth was young the god like titans brought order to it by reshaping its lands and seas Throughout their great work they followed a magnificent design for what they envisioned Azeroth would become Although the titans departed Azeroth long ago that design endures to this day It is known as the Emerald Dream a lush and savagely primal version of the WORLD OF WARCRAFT Many are the mysteries surrounding the Emerald Dream and its reclusive guardians the green dragonflight In times past druids have entered the Dream to monitor the ebb and flow of life on Azeroth in their never ending quest to maintain the delicate balance of nature However not all dreams are pleasant ones Recently the Emerald Nightmare an area of corruption within the Emerald Dream began growing in size transforming the Dream into a realm of unimaginable horror Green dragons have been unexpectedly caught up in the Nightmare emerging from it with shattered minds and twisted bodies Druids who have entered the darkening Dream lately have found it difficult sometimes even impossible to escape Nor are these the Nightmare s only victims more and more people are being affected Even Malfurion Stormrage first and foremost of the druids on Azeroth may have fallen victim to this growing threat As uncontrollable nightmares spread across the world a desperate quest begins to find and free the archdruid Soon nature s enemies will learn the true meaning of the name STORMRAGE

World of Warcraft: Dawn of the Aspects: Part I Richard A. Knaak,2013-02-18 THE AGE OF DRAGONS IS

OVER Uncertainty plagues Azeroth's ancient guardians as they struggle to find a new purpose. This dilemma has hit Kalecgos youngest of the former Dragon Aspects especially hard. Having lost his great powers, how can he or any of his kind still make a difference in the world? The answer lies in the distant past when savage beasts called proto dragons ruled the skies. Through a mysterious artifact found near the heart of Northrend, Kalecgos witnesses this violent era and the shocking history of the original Aspects: Alexstrasza, Ysera, Malygos, Neltharion, and Nozdormu. In their most primitive forms, the future protectors of Azeroth must stand united against Galakrond, a bloodthirsty creature that threatens the existence of their race. But did these mere proto dragons face such a horrific adversary alone, or did an outside force help them? Were they given the strength they would become legendary for, or did they earn it with blood? Kalecgos's discoveries will change everything he knows about the events that led to the DAWN OF THE ASPECTS. PART I: The former Dragon Aspects are on the brink of going their separate ways to forge new destinies. As Kalecgos ponders the uncertain future awaiting his kind, he uncovers a mysterious artifact that allows him to see through the eyes of his late predecessor, Malygos. Intense visions bombard Kalecgos, transporting him to a time when the original Aspects were no more than primitive proto dragons. Across ancient Kalimdor's northern plains, they fought for survival against each other and a terrifying creature that dominated the era: the Father of Dragons, Galakrond. But many questions remain for Kalecgos: What are the origins of this strange artifact? Are its visions a gift or a curse?

The Warcraft Civilization William Sims

Bainbridge, 2012-09-21 A FASCINATING DEEP DIVE FOR FANS OF WoW Exploring the popular online role playing game World of Warcraft as a virtual prototype of the real human future World of Warcraft is more than a game There is no ultimate goal no winning hand no princess to be rescued WoW is an immersive virtual world in which characters must cope in a dangerous environment assume identities struggle to understand and communicate learn to use technology and compete for dwindling resources Beyond the fantasy and science fiction details as many have noted it's not entirely unlike today's world In The Warcraft Civilization sociologist William Sims Bainbridge goes further arguing that WoW can be seen not only as an allegory of today but also as a virtual prototype of tomorrow of a real human future in which tribe like groups will engage in

combat over declining natural resources build temporary alliances on the basis of mutual self interest and seek a set of values that transcend the need for war What makes WoW an especially good place to look for insights about Western civilization Bainbridge says is that it bridges past and future It is founded on Western cultural tradition yet aimed toward the virtual worlds we could create in times to come
