World History In Documents A Comparative Reader:

World History in Documents Peter N. Stearns, 2008-04-15 Promotes the ability to study history with primary sources and the ability to compare aspects of major societies *World History in Documents* Peter N. Stearns, 1998 World History in Documents Peter N. Stearns, 2008-04-15 While world history materials date back to prehistoric times the field itself is relatively young Indeed when the first edition of Peter Stearns's best selling *World History in Documents* was published in 1998 world history was poised for explosive growth with the College Board approving the AP world history curriculum in 2000 and the exam shortly thereafter At the university level survey world history courses are increasingly required for history majors and graduate programs in world history are multiplying in the U S and overseas World events have changed as rapidly as the field of world history itself making the long awaited second edition of *World History in Documents* especially timely In addition to including a new preface focusing on current trends in the field Stearns has updated forty percent of the textbook paying particular attention to global processes throughout history The book also covers key events that have altered world history since the publication of the first edition including terrorism global consumerism and environmental issues

The Material of World History Tina Mai Chen, David S. Churchill, 2015-03-27 This volume considers the confluence of World History and historical materialism with the following guiding question in mind given developments in the field of historical materialism concerned with the intersection of race gender labour and class why is it that within the field of World History historical materialism has been marginalized precisely as World History orients toward transnational socio cultural phenomenon micro studies or global histories of networks Answering this question requires thinking in an inter related manner about both the development of World History as a discipline and the place of economic determinism in historical materialism This book takes the position that historical materialism as applied to the field of World History needs to be more open to the methodological diversity of the materialist tradition and to refuse narrowly deterministic frameworks that have led to marginalization of materialist cultural analysis in studies of global capitalism At the same time World History needs to be more self critical of the methodological diversity it has welcomed through a largely inclusionary framework that allows the material to be considered separately from cultural social and intellectual dimensions of global processes **Focus on**

World History Kathy Sammis, 2002-09 Topics include Empires and societies of Eurasia European Renaissance and Reformation Causes and consequences of the age of revolutions Interactions and conflicts between Europe and Asia **The Twentieth Century** Kathy Sammis, 2002 Topics include Reform and revolution in China Russia and Mexico World War I The world between wars World War II Post World War II to current times *The Palgrave Handbook of Global Approaches to Peace* Aigul Kulnazarova, Vesselin Popovski, 2018-12-19 With existing literature focusing largely on Western perspectives of peace and their applications a global understanding of peace is much needed Spurred by more recent debates and discourses that criticize the dominant realist and liberal approaches for crises in contemporary state and peace building the contributors

to this handbook emphasize not only the need to solve this eternal conundrum of humanity but also demand with the rise of increasingly more violent conflicts in international relations the development of a global interpretive framework for peace and security To this end the present handbook examines conceptual institutional and normative interpretive approaches for making building and promoting peace in the context of roles played by state and non state actors within local national regional and global units of analysis

Worlds of History, Volume Two: Since 1400 Kevin Reilly, 2007-01-05 Assembled by award winning community college teacher and distinguished world historian Kevin Reilly the documents in the best selling Worlds of History bring history alive for students Students read voices from the distant and more recent past that address topics and issues like patriarchy love and marriage and imperialism of enduring interest and relevance Ranging widely across regions and cultures each chapter takes up a major theme and asks students to examine it in the context of two or more cultures encouraging them to make cross cultural connections and comparisons The flexible comparative and thematic framework easily accommodates the variety of approaches instructors bring to teaching world history while supporting the general goal of cultivating critical thinking skills

The Long Millennium Mark Jarzombek, 2023-12-01 This book argues that long distance trade in luxury items such as diamonds gold cinnamon scented woods ivory and pearls all of which require little overhead in their acquisition and were relatively easy to transport played a foundational role in the creation of what we would call global trade in the first millennium CE The book coins the term dark matter economy to better describe this complex though mostly invisible relationship to normative realities The first full integration of dark matter economy with the emerging global flows took place in South India and Sri Lanka at the beginning of the millennium The book then moves to other places in the world sweet spots where a particular type of affluence was generated through the trade in luxury goods This upstream affluence manifested itself in the creation of shrines palaces temples and engineering works that all thickened the landscape of memory control and extraction and also served as a defense mechanism against intrusions from afar The book also explains the collapse of dark matter economy as a result of the cumulative energies of colonialism modernization and nationalism that make it hard for us today to come to terms with this history The Long Millennium will appeal to students and scholars alike studying the trade networks and economics of the early Middle Ages as well as anyone interested in the effect of trade on medieval society in the first millennium CE

Worlds of History, Volume One: To 1550 Kevin Reilly, 2007-01-05 Assembled by award winning community college teacher and distinguished world historian Kevin Reilly the documents in the best selling Worlds of History bring history alive for students Students read voices from the distant and more recent past that address topics and issues like patriarchy love and marriage and imperialism of enduring interest and relevance Ranging widely across regions and cultures each chapter takes up a major theme and asks students to examine it in the context of two or more cultures encouraging them to make cross cultural connections and comparisons The flexible comparative and thematic framework easily accommodates the variety of approaches instructors bring to teaching world

Doing History Linda S. Levstik, Keith C. Barton, 2022-09-06 Now in its sixth edition *Doing History* offers a unique perspective on teaching and learning history in the elementary and middle grades Through case studies of teachers and students in diverse classrooms and from diverse backgrounds it shows children engaging in authentic historical investigations often in the context of an integrated social studies curriculum The book is grounded in the view that children can engage in valid forms of historical inquiry asking questions collecting and analyzing evidence examining the varied perspectives and experiences of people in the past and creating evidence based historical accounts and interpretations Grounded in contemporary sociocultural theory and research the text features vignettes in each chapter showing communities of teachers and students doing history in environments rich in literature art writing and discussion The authors explain how these classrooms reflect contemporary principles of teaching and learning and thus the descriptions not only provide specific examples of successful activities but also place them in a context that allows teachers to adapt and apply them in a wide range of settings *Doing History* emphasizes diversity in two ways Readers encounter students from a variety of backgrounds and see how their diverse experiences can form the foundation for learning and they also see examples of how teachers can engage students with diverse experiences and perspectives in the past including those that led to conflict and oppression The book also discusses principles for working with English learners and newcomers and it provides guidance in using multiple forms of assessment to evaluate the specifically historical aspects of children's learning Updates to this edition include updated historical and instructional examples to ensure currency new suggestions for children's literature to support good teaching expanded attention to teaching about oppressed groups in history and greater attention to when historical perspective taking is and is not appropriate

Teaching American History in a Global Context Carl J. Guarneri, Jim Davis, 2015-07-17 This comprehensive resource is an invaluable teaching aid for adding a global dimension to students understanding of American history It includes a wide range of materials from scholarly articles and reports to original syllabi and ready to use lesson plans to guide teachers in enlarging the frame of introductory American history courses to an international view The contributors include well known American history scholars as well as gifted classroom teachers and the book's emphasis on immigration race and gender points to ways for teachers to integrate international and multicultural education America in the World and the World in America in their courses The book also includes a Views from Abroad section that examines problems and strategies for teaching American history to foreign audiences or recent immigrants A comprehensive annotated guide directs teachers to additional print and online resources

Europe in the World from 1350 to 1650 Rila Mukherjee, 2025-08-23 This book covers both European and global History from 1350 to 1650 The eight modules in the textbook offer an all encompassing perspective on European history and a parallel understanding of world history establishing a holistic framework of the events narrated It provides a conceptual framework for understanding the factors

that led to the rise of the modern West The textbook offers maps tables and illustrations to quickly comprehend and recollect significant events and their causes and consequences in Europe s transformation from medieval to modern maps The textbook covers political economic intellectual and social history from 1350 to 1650 Each module carries suggested questions and exercises to achieve greater interactive learning The textbook serves as a convenient source of information for advanced readers and upper undergraduates in history to understand the genesis of modern Europe from multiple sources perspectives and languages

Queering the Medieval Mediterranean: Transcultural Sea of Sex, Gender, Identity, and Culture, 2021-07-26 In ten essays authored by an international team of scholars this volume explores queer readings of Western and Eastern Mediterranean Europe Northern Africa Islam and Arabic traditions The contributors enter into a dialogue comparing cases from opposite sides of the Mediterranean in order to analyze the forgotten exchange of sexualities that was brought forth through the Mediterranean and its bordering landmasses during the Middle Ages This collection questions the hypothesis that distinct cultures treated sexuality and the other differently The volume initiates the conversation around queerness and sexuality on these trade routes and problematizes the differences between various Mediterranean cultures in order to argue that through both queerness and sexuality neighboring civilizations had access to and knowledge of common shared experiences Contributors are Sahar Amer Israel Burshatin Robert L A Clark Denise K Filos Ellen Lorraine Friedrich Edmund Hayes Gregory S Hutcheson Vicente Lled Guillem Leyla Rouhi and Robert S Sturges

Britain's Empires James Heartfield, 2022-12-06 For more than four centuries Britons have been dominating and colonising other peoples and territories Britain s Empires tells that story without flinching from the oppressive and exploitative side of the imperial mission that shaped world history It also aims to tell the story of the colonial past as one marked by change and reinvention where each new era was embarked upon as a break with the past This is history of the many different British Empires the Old Colonial System 1600 1776 the Empire of Free Trade 1776 1870 the New Imperialism 1870 1945 Decolonisation 1945 1990 and the era of humanitarian intervention 1990 2020 Britain s Empires explains how imperial policy dominated and skewed the history of societies across the world from Canada and the West Indies to Ireland from Africa to the Middle East from India to China and into Australasia but also how the peoples of those territories imposed themselves on Britain challenging slavery standing up to colonial overlords and eventually overthrowing them The history of Britain s Empires explains Heartfield is one of constant challenge and change where vanquished become victors and heroes often turn out to be villains

China and Global Governance Peng Bo, 2021-04-28 This book proposes a new concept of International Leadership with Chinese Characteristics ILCC to interpret China s role in global governance The author illustrates how the concept of ILCC is built on the basis of the discussion of Chinese political culture and Chinese worldview of international relations and develops a four step interpretive process as a guidance for conducting the empirical analysis of the ILCC The book also shows how Chinese elites conceptually construct and practically implement the ILCC in four case studies G20 BRICS Shanghai
