Developing a Christian Apologetics Educational Program Douglas E. Potter, 2010-02-18 Many are expressing concern about the future of Christian youth today What can we do to help ensure they will keep their evangelical faith once they graduate from high school Can Christian apologetics provide an educational solution Developing A Christian Apologetics Educational Program explores issues certain to be encountered by secondary school educators who want to teach apologetics as a distinct subject of study either as a part of a Christian institutional or home school curriculum This book helps the apologist and educator blend their skills to soundly integrate the two subjects A solution is sought by providing a

background and rational for implementing an age level appropriate apologetics course at this critical level of Christian education This book is designed as a text to supplement those used in Christian education or applied apologetics courses each chapter successively builds upon the other to help develop an educational philosophy that supports the inclusion of apologetics in the curriculum A model is explained and materials are given to support the development of a curriculum in Christian Apologetics Education at the secondary level Practical ideas are explored and a sample unit of instruction is supplied to help the educator develop an evangelical approach to education that is in the classical apologetic tradition

Wayne House, Dennis W. Jowers, 2011-10 A sophisticated yet accessible introductory

guide to an articulate and well informed defense of the Christian faith **Defending Your Faith, revised and expanded edition** Dan Story, 2019-03-26 Real answers for the tough questions today's Christians face Whether you want to grow in your own understanding of Christianity or need trustworthy responses to the questions of friends Dan Story has the answers Defending Your Faith helps Christians see that their faith is reasonably and intelligently grounded on objective verifiable evidence And it equips readers to share these answers with family friends and coworkers who have questions about Christianity Story's book has filled a valuable niche in apologetics for the past twenty years He has helped countless readers answer confrontational questions such as How do I know that God exists Can I trust the Bible Why is there evil and suffering in the world Is God an environmentalist Are the Bible and science in conflict In this revised and expanded edition Dan Story goes even further With the latest apologetic evidence and tactics he not only answers those age old questions but also deals with new challenges to Christianity that have emerged over the last two decades including the ubiquitous presence of social

media He also responds head on to the new breed of vocal aggressive man on the street atheists With culturally relevant strategies and a firm foundation of truth *Defending Your Faith* will challenge you to share your faith with others while knowing that you are not alone as you witness for Christ The Perfect 10 Michael G. Moriarty,1999 Most of us realize that traffic laws exist to preserve our lives not cramp them Yet when it comes to moral laws 66 percent of Americans believe there are no absolutes Is it any wonder then that the highway of our postmodern culture is strewn with wrecks Broken marriages overcrowded prisons murder in the classrooms babies having babies they re what happen when we confuse liberty with ignoring the rules of the road That s why Michael Moriarty is convinced that the Ten Commandments really are The Perfect 10 Behind them lie God s concern for our welfare and his understanding of the indelible truths that govern our world our relationships and our inner being One by one Moriarty reveals the Ten Commandments as the keys to wholeness and freedom and shows their far reaching application for us today For the Perfect 10 remain the ideal ethical compass They help us align our lives with the character of God and to a world hurtling blindly down the dead end road of moral relativism they point the way back to sanity restoration and life **Taking Off Roofs and Building Bridges** Alan J. Pihringer,2022-09-27 Why don t they believe the same things I do Why don t they see things my way We get frustrated when people hold differing opinions from ours or view life s major issues from conflicting angles Their system of belief their worldview seems foreign to us as they filter the events of this world in ways that we would never have imagined and then come to conclusions that we would never even consider When other peoples worldviews contradict ours both of us cannot be right Is there a way to account for the differences and determine if one is right and the other wrong For the Christian especially can we defend the Christian worldview in a way that upholds our entire system of belief and then opens the door to share the gospel with those who believe differently from us The method of worldview apologetics enables the Christian to expose the faults in other worldviews demonstrate the truth of the Christian worldview and build a bridge for others to hear the gospel of Jesus Christ Both scholarly and practical worldview apologetics equips the Christian to assess and critique differing belief systems and fulfill the call to Great Commission outreach *Worldview* David K. Naugle,2002-07-16 Conceiving of Christianity as a worldview has been one of the most significant events in the church in the last 150 years In this new book David Naugle provides the best discussion yet of the history and contemporary use of worldview as a totalizing approach to faith and life This informative volume first locates the origin of worldview in the writings of Immanuel Kant and surveys the rapid proliferation of its use throughout the English speaking world Naugle then provides the first study ever undertaken of the insights of major Western philosophers on the subject of worldview and offers an original examination of the role this concept has played in the natural and social sciences Finally Naugle gives the concept biblical and theological grounding exploring the unique ways that worldview has been used in the Evangelical Orthodox and Catholic traditions This clear presentation of the concept of worldview will be valuable to a wide range of readers Setting a Sustainable Trajectory Rob

Lindemann,2018-01-03 Many Christian colleges promote worldview formation as part of their purpose and learning objectives An institution teaches a worldview with intentionality enculturates it through community life reinforces it through human interaction and passes it on through symbols and stories Accreditation standards often require colleges to demonstrate how their programs support the development of a biblical worldview This requirement necessitates a search for teaching and assessment approaches that can best serve this essential goal In this book the author reports on qualitative research with Bible colleges and offers a pedagogical theory for supporting students lifelong development of worldview This theory shows how college teachers can clarify their goals set relevant objectives employ effective teaching strategies and design helpful assessment methods

The God's Honest Truth Laird S. Ballard,2013-06-12 If you have ever wanted to believe in God in the face of so much that would say He doesn't exist this is the book for you On the scientific level The God's Honest Truth is just that a book of truth discussing what scientific proof is as opposed to what is mere science fiction regarding universal beginnings It deals with issues of six day creationism offers evidence for a worldwide flood and denounces evolution for what it is On a theological level it is a primer for contemporary biblical thinking teaching believers what the Bible says on the important issues of life It discusses why evil exists in the face of an all loving God and whether the fate of sinful man will be perpetual torture in the fires of hell Lastly it walks readers through such historical subjects as Christian participation in warfare slavery and speaks to the more current issues of abortion and gay rights Based strictly on biblical doctrines when rendering decisions it is meant as a guide through the ever changing customs and conceived morality of life on planet Earth

Building Belief Chad V. Meister,2009-06-01 Take a journey from doubt to belief It can be hard to share your faith with others especially when people can't agree on whether there is even any actual truth With that in mind Chad Meister has developed a simple logical way for you to help others move past relativism to a place where Christian belief makes sense the Apologetics Pyramid In Building Belief Meister leads you up each step of the pyramid beginning where many find themselves today doubting if anything is really true From there he powerfully builds a case for absolute truth the existence of God universal morals and values the reliability and divine inspiration of the Bible the resurrection of Christ and ultimately the good news that Jesus is the Son of God who offers salvation to the world Join Chad Meister in this concise clear and compelling book as he builds a persuasive case for the truth of Christianity Lee Strobel author The Case for Christ and The Case for Faith An excellent book to lead earnest enquirers from doubt to conviction about the basic truths of the Christian faith Norman L Geisler dean Southern Evangelical Seminary and Bible College Chad Meister is a force to be reckoned with and this delightful little book is a timely resource to be studied by Christians and given to non Christians J P Moreland distinguished professor of philosophy Talbot School of Theology author Love Your God with All Your Mind Building Belief is thoughtful fresh and full of personal and practical illustrations Meister strikes just the right balance providing a model for how apologetics ought to be done Paul Copan Pledger Family Chair of Philosophy and Ethics Palm Beach

AtlanticUniversity Meister offers both the tools and the method for making discussions with skeptics more fruitful Jay W Richards research fellow Acton Institute coauthor The Privileged Planet **Knowing God as an Evangelical** Dan-Adrian Petre,2023-04-26 In the present polyphony of evangelical theological epistemology there are several authoritative approaches Yet the evangelical emphasis on sola scriptura demands that theological epistemology be subjected to the biblical canon In this book Dan Adrian Petre argues for a canonically derived theological epistemological framework that may foster a fuller understanding of theological knowledge formation within evangelicalism Specifically he explores some representative evangelical voices to identify the reasons for the contemporary epistemological variance Petre then uses a canonical epistemological methodology to outline a biblically based framework In exploring how the Scripture conceptualizes the formation of theological knowledge the book uses cognitive linguistics to grasp the conceptual meaning of the theological knowledge formation in the Bible using prototypical case studies The resulting epistemological implications outline a minimal epistemological model derived from the biblical canon Using this vantage point the author assesses the contemporary evangelical epistemological dissonance as a means of indicating a way forward for a canonical epistemological attunement
