Ancient Aliens and the Lost Islands: Through the Wormhole Sharon Delarose, 2013-09-28 Does Earth have portals to an extraterrestrial world Do these portals lead to the legendary island paradise where the old grow young again Our ancestors believed in a physical place that promised health happiness and immortality Today we consider the old legends to be myths nothing more than sailor s fish stories Yet some of the most prominent names in history devoted their entire lives to searching for the lost island of paradise and they found it One or more islands were hidden on the other side of a portal or wormhole which made the islands accessible to Earth Extraterrestrials such as the Nordics and giants lived among us on both sides of the wormhole They traveled from their world to ours and exposed our ancestors to advanced technology that we had no words for except to call it magic We described magic boats magic mirrors people with magical powers and other wonders that seemed beyond belief The magic was nothing more than motorboats radios computers electricity voice activated GPS systems remote controls prosthetic limbs advanced medicine revolving castles and cloaking technology We ve already achieved most of this magic ourselves The extraterrestrial visitors had even unlocked the secrets of aging and for awhile our ancestors had access to it On the other side of the wormhole we saw a sun that was different from our own and cities or castles suspended in the air These extraterrestrial cities were described as being not on Earth Time flowed differently and you didn t come back to Earth in the same year that you left it Historic documents all around the world spelled it out for us Sometimes the otherworlders took the role of leaders teaching us and guiding us Sometimes they took the role of gods who bickered among themselves or took sides in our battles sometimes helping us and other times causing strife We embraced these beings until humans spread out over the world and one by one the visitors left One visitor gave a parting speech and then ascended up into the air in his vehicle and disappeared into the clouds Apparently we rose up against some of the ancient aliens and we even targeted them with the witch hunts We sent the message that they were no longer welcome here and those we didn t kill retreated back through their wormholes closing up most of the wormholes behind them Those who were willing to adapt were embraced and merged into our society permanently A few portals remained however even into the 1900s and humans not only found them they visited paradise and came back to tell the tale The most compelling clues come from the Native American peacemaker Hiawatha the Norse gods and a race of magical people known as the Tuatha d Danann of Ireland and surrounding regions Ancient Aliens and the Lost Islands Through the

Wormhole follows the clues that were left behind and attempts to piece it all back together What did the portals look like What did humans see on the other side Is there any correlation between these ancient aliens and the extraterrestrials who are flying the skies today What unsolved mysteries can we explain with these portals Has our own science unlocked any of the answers Do alien portals to paradise still exist For the Moon Is Hollow and Aliens Rule the Sky Rob Shelsky,2014-04-16 Is there a No Trespassing sign on the Moon Have we been warned away from there by an alien intelligence Is the Moon hiding a hollow core one with an alien civilization Do aliens take to hollowed out worlds out of a very real fear If anyone DID NOT BELIEVE our Moon might be hollow it was UFO Investigator and Author Rob Shelsky However after researching the facts the author did something he rarely does He made a complete about face on his views regarding The Hollow Moon Theory Just why did he do this For a good reason because the evidence to support the idea of our Moon being hollow was far greater than he had ever suspected and comes from a wide variety of scientific disciplines and sources The Author discovered there is also a veritable avalanche of evidence for the existence of aliens and UFOs being on or in a hollow Moon If you have ever wondered if the Moon might just be hollow after reading this book For The Moon Is Hollow And Aliens Rule The Sky you will wonder no more This book includes evidence for Recorded historical evidence for our Moon not always having been in our skies Discusses the truth of the Spaceship Moon Theory Hollow Moon Theory Names the five main theories of our Moon s origin and what s wrong with them Shows evidence for not just one but possibly two hollow moons Develops a new theory that of the Diaspora of alien civilizations to the stars Bizarre physical oddities about our Moon Strange evidence for alien structures on the Moon Weird events show evidence for aliens and UFOs in space in our skies and on the Moon Convincing evidence and arguments as to just why the Moon is hollow Documented account of aliens and our astronauts An in depth discussion of just what all this may mean for humanity And more The author builds his case for the idea of our Moon being hollow step by easy step and provides information from a wide variety of sources to support this theory Is our Moon hollow Do aliens dwell within it Do such strange beings rule our sky The answers all lie in For The Moon Is Hollow And Aliens Rule The Sky a cutting edge look at all the latest ideas theories and facts to support them as well as including a new theory of just why it may well be that all intelligent civilizations might take to the stars in hollowed out worlds And what fear drives them to do so And should we be fearing the same thing *Alien Threat from the Moon* Dylan Clearfield,2016-12-17 Non fiction study into alien activity on our Moon **Messages from Inner Earth** Ji Wufan,Miao Shan,2024-12-15 This book answers many unsolved mysteries including How were the pyramids that are everywhere on Earth built and what for Are there aliens on Earth how many species and where are they How do alien civilizations affect human development Why do many high dimensional civilizations exist inside the Earth but we have never found any traces of them Why does the moon always face the Earth with its front side What secrets are hidden on the moon that humans cannot detect What are the hidden truths behind events such as the moon landing the Antarctic mysteries UFO crashes and the

historical big explosion Why have humans across history frequently witnessed UFOs yet they never interfere with humanity Why do the many civilization ruins e g Sanxingdui have craftsmanship and design that modern science cannot explain What is the origin of traditional Chinese culture Did the Buddhist and Taoist civilizations originate from higher dimensional beings What is the story behind Tibetan Buddhism reincarnated children and Mount Kailash Is the birth of modern humans affected by unknown forces Is the record in Classic of Mountains and Seas true Did humans really evolve slowly Why are memories of ancient civilizations on Earth often linked to catastrophes and great floods Why do ancient myths and legends worldwide depict astonishingly similar gods often with non human features in parts of their bodies Why did prehistoric civilizations such as Atlantis suddenly vanish What is the essence of the soul How can the soul traverse multidimensional spaces and exist for long periods
