The Hour That Changes Everything John Van der Laar, 2010-09-14 We all know the longing to connect deeply with God to live a vibrant authentic life to make a meaningful contribution to the world But for too many of us worship has failed to fill that longing leaving us with little more than dry ritual or empty entertainment or driving us away from church altogether In *The Hour That Changes Everything* John van de Laar invites you to return to worship once again to rediscover true intimacy with God and to embrace the life giving transformation it offers Through fifty days of personal reflection small group conversation and congregational worship *The Hour That Changes Everything* will lead you into a new experience of God s gracious presence and a new freedom to live out your worship in every moment of your life

Transformative Worship Laurene Beth Bowers, 2017-02-20 When people felt obligated to attend worship as in 1955 it didn t matter whether or not their religious needs were being met But since our culture has shifted to giving people a choice they are seeking something meaningful during worship something which helps them to change their lives In the church we talk a lot about changing people s lives but we do not articulate what it is that the church has to offer to those seeking to do so The author explores what happens during worship to provide a transformative experience and identifies which forms of worship are most conducive to this process The focus here is on small groups bible study and forms of interaction between and among leaders and worshippers For pastors and leaders discerning what forms of worship to experiment with in order to connect with seekers in their community and bring visitors back a second Sunday this book offers easy to implement practical ideas for church growth

Majesty S. Joseph Kidder, 2009 Worship is an encounter with God a life changing experience How long ago was your last life changing experience This morning Last week Cant remember In these pages are scriptural principles to guide

you into a genuine worship experience Of course you know whom to worship but what about why how and when And what does the Bible have to say about the significance of worship in a Christian life Discover the simple yet profound answers that will transform your soul and leave you hungry for Gods presence **In God's Presence** N. Graham Standish,2010-07-05

Vibrant worship services argues creative and provocative author Graham Standish are those in which the congregation obviously asks questions such as Does our worship help people experience God Does our worship open people to the presence of Christ Does our worship encourage people to become available to the Holy Spirit Unfortunately he observes too many worship services are perfunctory suggesting that most churches don t think much about how to connect people with God In God s Presence makes the case that congregations must restore intentionality and authenticity to worship in a way that will open people to the Holy Intentionality he says reflects a deep understanding of what tradition has attempted to do what contemporary people are hungry for what is going on in our culture and how to connect the three Standish advocates what he calls an integrated approach to worship one that maintains the distinctiveness of each element of worship as a counterpoint to other elements He first explores the problem of worship in the current church Then he looks at ways to reconceive worship with an emphasis on restoring the Holy to worship Finally he looks at ways to lead a congregation to consider new ways of worshipping This book is about how to open people to an encounter with the Holy in worship how to follow God in this pursuit and how to lead those who have no interest in the Holy **This Time with Feeling** Susan Tarolli,2021-09-09 Are you seeking to renew your communal worship experience in ways that will bring new life and vitality to your community of faith This Time with Feeling offers an accessible informative balance of rationale anecdotes examples and invitational prompts to reignite the fire of worship as a personal emotional experience of the Divine Worshipers are guided to pay attention to the world around them as well as the ways that story music language symbols and ritual in worship may unleash God encounters that shape belief and practice Creating worship experiences that engage participants on an emotional level and defining those experiences in the context of the Christian story holds the potential for powerful individual and communal transformation With a healthy balance of practical and theological reflection as well as exercises that invite reader engagement this book will stimulate meaningful personal reflection dynamic group conversations inspired participation in worship planning and leadership and worship experiences that will enliven and grow congregations
