[Canadian Pentecostals, the Trinity, and Contemporary Worship Music](#) Michael A. Tapper, 2017-05-08 This volume offers a landmark analysis of the trinitarian impulses in contemporary worship music used by the Pentecostal Assemblies of Canada PAOC It considers whether the lyrics from the most commonly

used PAOC songs are consistent with this Evangelical group's trinitarian statement of faith. Colin Gunton's trinitarian theology provides the theological rationale for eight original and qualitative content analyses of these songs. Three major areas are considered: the doctrine of God, human personhood, and cosmology. Making use of Gunton's notions of relationality, particularity, and perichoresis, along with several key Pentecostal scholars, this book serves as a helpful descriptive and prescriptive theological resource for the dynamic practice of a trinitarian faith.

Dancing in the Dark, Revised Edition

Graham Buxton, 2016-11-08. Christians are often tempted to encapsulate God in their own little boxes as if God could be tied down to our finite way of thinking. But we can neither domesticate nor fully understand God, for theology has a lot to do with coming to terms with the mystery of God. This revised edition of *Dancing in the Dark*, shaped as in the first edition by the two overarching themes of God as Trinity and a theology of participation, embraces the notion of mystery in presenting a compelling vision of seeing all things finally united within the inner life of God. As we engage in Christian ministry, we are summoned to participate as grace-filled faith communities in the triune God's immeasurably loving and healing work in the world, leading those who are in darkness into an awareness of the God who imparts life in all its glorious abundance that which is so, and a journey into the mystery of that which is to come. The liberating ministry of the gospel is both a declaration and an invitation: an invitation to the dance.

Rethinking Celebration Cleophus J. LaRue, 2016-08-01. This book is a clarion call for African American preachers to think more deeply about the aims and ends of their preaching: namely, to stop putting so much emphasis on celebratory endings to our sermons and focus more on the substantive content in our sermons. Our so-called celebratory preaching, designed to excite the congregation into action through a highly emotional closing of the sermon, has had the opposite effect. Rather than inducing action, it has lulled generations of black congregants to sleep. While we are jumping up and down, shouting and waving our hands in the air every Sunday during the worship hour, we seem not to notice the growing number of church and unchurch alike who are becoming powerfully alienated from any form of institutional religion. From the introduction: Celebration is a term that has long been used to describe African American preaching, characterized by content that affirms the goodness and powerful intervention of God, as well as style that builds from quiet beginnings to an emotionally rich crescendo in conclusion. Cleophus J. LaRue argues that while celebration is one of African American preaching's greatest gifts to the larger church, too many black preachers have become content with the form of celebration: volume, vocabulary, pitch, speed, rhythm, and the like, to the neglect of its essence: the proclamation of the mighty acts of God in the lives of their congregations and communities. This kind of preaching, LaRue contends, fails to address the ongoing problems of the African American community and is powerless to prevent the growing disaffection of black America with the black church. In words both prophetic and practical, LaRue suggests ways to improve black preaching that honor both the form and the power of the African American homiletical practice of celebration. Preachers will learn how to use celebration more selectively and as part of a fully formed preaching practice, rather than as a means of distracting the

congregation from pressing social and theological questions The book includes six illustrative sermons from LaRue as well as Paschal Sampson Wilkinson Sr Brian K Blount and Claudette Anderson Copeland

The Digitalised Image of God Ximian Xu,2024-10-08 This book focuses on the idea of the imago Dei to engaging theologically with artificial intelligence AI It reflects on how enormous progress in the development of AI has raised some challenges to Christian theology Questions explored include is AI created in the imago Dei If so does AI challenge the uniqueness of the human being as the imago Dei If not could AI be incorporated into human communities as a human companion in the same way as a natural human person Would AI eventually develop to have human level consciousness and be capable of performing liturgies and ethical actions Bringing to light the radical distinction between the imago Dei and the imago hominis the book constructs a theo ontological foundation for AI and draws on the Reformed theology of archetype ectype as a metaphysical tool to deploy a holistic account of the imago Dei in theology AI dialogues The author argues that the imago Dei is the signifier of the beginning both of God human stories and stories of human ethical performances towards others From the perspective of the image of the imago Dei it can be argued that AI can somehow participate into the narration of these religious and ethical stories This book will be of particular interest to scholars of theology and those working in the field of religion and science technology

Trinitarian Matters Lacey C. Warner,2025-12-16 From Nicaea to now rediscovering how the Triune God shapes faithful ministry in a modern world In this illuminating collection marking the

1700th anniversary of the Council of Nicaea distinguished scholars and ministry practitioners from Duke Divinity School explore how Trinitarian faith continues to transform Christian identity and practice Moving beyond abstract formulations this volume demonstrates the enduring power of Nicene confession to shape faithful witness in today's complex landscape With an introduction from Dean Edgardo Colón Emeric this volume brings together biblical interpretation theological reflection compelling sermons and practical wisdom Contributors reveal how the doctrine of the Trinity provides vital resources for addressing contemporary challenges from the climate crisis to political division from church renewal to spiritual formation The essays examine how Trinitarian theology shapes worship informs preaching guides ethical engagement and empowers mission Contributors include William Willimon Jerusha Neal Luke Powery and Jung Choi among others Their diverse perspectives illuminate how the ancient affirmation of Father Son and Holy Spirit remains a living confession with power to transform individuals communities and creation Whether you're a pastor seeking to proclaim Trinitarian faith with clarity a church leader navigating institutional change or a believer wanting to deepen your theological understanding this volume offers both intellectual substance and spiritual nourishment Trinitarian Matters invites readers to discover how the church's foundational confession of the Triune God continues to inspire faithful ministry and mission in the twenty-first century

Remembering Our Future Andrew G. Walker, Luke Bretherton, 2013-01-16 How the issues of the past affect the future of Deep Church a concept conceived by C. S. Lewis Orthodox Catholic and Protestant traditions drink from the well of a common tradition rooted in the early church Many Evangelicals are now reengaging with the practice of the early church as they seek to live as disciples today Remembering the past is essential for facing the future In Remembering Our Future leaders and theologians reflect on a range of issues for which a vibrant contemporary faith requires a careful listening to the past What is the place of tradition in the church's life How should we interpret the Bible How should we worship What in other words might Deep Church look like

Face to Face Marty Folsom, 2016-08-31 Like falling in love this book argues that a relationship with God begins with surprise proceeds with discovery and shapes a life that comes to share a story of love This book does not describe God but pursues the nature of personally relating with the triune God Consequently it also engages how we relate with humans made in God's image We finish the Face to Face series with this most mysterious and fulfilling encounter a personal engagement with the Relational God known as a community of persons who invite us to share in their life

The Oxford Handbook of Methodist Studies William J. Abraham, James E. Kirby, 2009-09-25 With the decision to provide of a scholarly edition of the Works of John Wesley in the 1950s Methodist Studies emerged as a fresh academic venture Building on the foundation laid by Frank Baker Albert Outler and other pioneers of the discipline this handbook provides an overview of the best current scholarship in the field The forty-two included essays are representative of the voices of a new generation of international scholars summarising and expanding on topical research and considering where their work may lead Methodist Studies in the future Thematically ordered the handbook provides new insights into the

founders history structures and theology of Methodism and into ongoing developments in the practice and experience of the contemporary movement Key themes explored include worship forms mission ecumenism and engagement with contemporary ethical and political debate *Meaning-Making in the Contemporary Congregational Song Genre* Daniel Thornton,2020-10-06 This book analyses the most sung contemporary congregational songs CCS as a global music genre Utilising a three part music semiology this research engages with producers musical texts and audiences congregations to better understand contemporary worship for the modern church and individual Christians Christian Copyright Licensing International data plays a key role in identifying the most sung CCS while YouTube mediations of these songs and their associated data provide the primary texts for analysis Producers and the production milieu are explored through interviews with some of the highest profile worship leaders songwriters including Ben Fielding Darlene Zschech Matt Redman and Tim Hughes as well as other music industry veterans Finally National Church Life Survey data and a specialized survey provide insight into individual Christians engagement with CCS Daniel Thornton shows how these perspectives taken together provide unique insight into the current global CCS genre and into its possible futures The Routledge Handbook of Pentecostal Theology Wolfgang Vondey,2020-03-31 Research on Pentecostal and Charismatic Christianity has increased dramatically in recent decades and a diverse array of disciplines have begun to address a range of elements of these movements Yet there exists very little understanding of Pentecostal theology and it is not uncommon to encounter stereotypes and misperceptions Addressing this gap in current research The Routledge Handbook of Pentecostal Theology is an exceptional reference source to the key topics challenges and debates in this growing field of study and is the first collection of its kind to offer a comprehensive presentation and critical discussion of this subject Comprising over forty chapters written by a team of international contributors the Handbook is divided into five parts Contextualizing Pentecostal Theology Sources Theological Method Doctrines and Practices Conversations and Challenges These sections take the reader through a comprehensive introduction to what Pentecostals believe and how they practice their faith Looking at issues such as the core teachings of Pentecostalism concerning Spirit baptism divine healing or eschatology unique practices such as spiritual warfare and worship and less discussed issues such as social justice and gender each chapter builds towards a nuanced and global picture of the theology of the Pentecostal movement The Routledge Handbook of Pentecostal Theology is essential reading for students and researchers in Pentecostal Studies World Christianity and Theology as well as scholars working in contemporary Religious Studies **Theological Metaphysics** Ray C. Robles,2023-11-16 Insofar as Christian theology aims to make truthful claims about the nature of reality it is necessarily involved in the enterprise of metaphysics Pentecostals precisely as Christians are thus obliged to participate Through this study it becomes evident that pentecostals aim to participate in the metaphysical discipline in the same way they theologize that is informed by the norms practices and speech acts that constitute their spirituality This book aims to construct a Christian metaphysics that is at once attuned to

pentecostal spirituality theology and informed by the classical tradition of Christian metaphysics Ultimately this work offers a constructive and critical engagement with pentecostal spirituality and with pentecostal theology via the larger ecumenical creedal and dogmatic metaphysical tradition Thus this book is explicitly and intentionally limited to understand metaphysics in conversation with the historical Christian tradition and to understand a pentecostal vision of it A Peculiar Orthodoxy Jeremy S. Begbie, 2018-08-21 World renowned theologian Jeremy Begbie has been at the forefront of teaching and writing on theology and the arts for more than twenty years Amid current debates and discussions on the topic Begbie emphasizes the role of a biblically grounded creedal orthodoxy as he shows how Christian theology and the arts can enrich each other Throughout the book Begbie demonstrates the power of classic trinitarian faith to bring illumination surprise and delight whenever it engages with the arts The Claim of Humanity in Christ Alexandra S Radcliff, 2017-05-25 Much of the preaching and teaching today demands that people actively earn their relationship with God This prevailing understanding runs counter to the theology of the brothers Thomas F Torrance 1913 2007 and James B Torrance 1923 2003 who promoted the radical notion that all of humanity has its true being in Christ In The Claim of Humanity in Christ Alexandra Radcliff refutes the Torrances many critics asserting the significance of their controversial understanding of salvation for the interface between systematic and pastoral theology Radcliff then widens the scope of her argument constructively applying the implications of the Torrances work to a liberating doctrine of sanctification The Christian life is conceived as the free and joyful gift of sharing by the Spirit in the Son s intimate communion with the Father revealing the reality of who we are in Christ **Testimony in the Spirit** Mark J. Cartledge, 2016-04-01 This book explores the ordinary beliefs and practices of Pentecostal and Charismatic Christians in relation to the Holy Spirit It does this by means of a congregational study of a classical Pentecostal church in the UK using participant observation focus groups and documentary and media analysis This approach develops a framework in which the narratives of informants can be interpreted Focusing on specific areas of interest such as worship conversion healing and witness each contribution from respondents is situated within the context of the congregation and interpreted by means of the broader Christian tradition This book makes a unique contribution to scholarship by offering a rich and varied picture of contemporary Christians in the Pentecostal and Charismatic traditions enabling a greater understanding to be appreciated for both academic and ecclesial audiences
