Write Wrong Writing Within Criminal Justice A Student Workbook:

Write and Wrong : Writing Within Criminal Justice, a Student Workbook Caroline W. Ferree, Heather Pfeifer, 2012-07-23

This workbook is designed specifically to help criminal justice students improve their research and writing skills. It can be used as a class text and as a reference guide for students to use outside class. *False Justice* Jim Petro, Nancy Petro, 2014-07-11 Compelling and engagingly written this book by former Attorney General of Ohio Jim Petro and his wife writer Nancy Petro takes the reader inside actual cases, summarizes extensive research on the causes and consequences of wrongful conviction, and exposes eight common myths that inspire false confidence in the justice system and undermine reform. Now published in paperback with an extensive list of web links to wrongful conviction sources internationally. *False Justice* is ideal for use in a wide array of criminal justice and criminology courses. Myth 1: Everyone in prison claims innocence. Myth 2: Our system almost never convicts an innocent person. Myth 3: Only the guilty confess. Myth 4: Wrongful conviction is the result of innocent human error. Myth 5: An eyewitness is the best testimony. Myth 6: Conviction errors get corrected on appeal. Myth 7: It dishonors the victim to question a conviction. Myth 8: If the justice system has problems, the pros will fix them. *Professional Writing for the Criminal Justice System* Jill Harrison, Daniel Weisman, Joseph L.

Zornado, 2017-04-21 Underscores the critical importance of effective writing in the justice system and how to achieve it. This user-friendly guide to effective writing for the justice system teaches readers to write cogently and accurately across the spectrum of criminal justice-related disciplines. With an examination of common writing problems that interfere with good reporting and documentation, it underscores the importance of skilled written communication as a cornerstone of competent practice within criminology. It provides examples of strong writing that demonstrate communication of cultural competency and help students develop critical thinking writing skills. Of outstanding value are numerous examples of real-world writing alongside discussion questions and explanations enabling students to think critically and truly understand what constitutes good writing. Actual forms and records used in practice are included along with real-world writing examples drawn from all areas of practice: police, corrections, probation and parole services, social work, miscellaneous court documents, and victim advocate services. The book's interactive approach to writing includes forms on which students can practice their skills, practice tests, and chapters organized around the standard curriculum taught in most criminal justice programs. **Key Features:** Addresses the increasingly common issue of student deficiencies in cultural competency and critical thinking as they relate to writing skills. Offers an interactive approach based on real practice and tied to students' interests. Includes examples of good and poor writing with corrections and explanations for the bad examples. Displays actual forms and records used by law enforcement agencies, correctional departments, and related organizations. Fosters the development of critical and culturally competent writing skills.
