Sewell,2016-04-26 In the broad context of Christianity as it developed over two millennia and with special reference to the last three centuries this discussion finds that Evangelicalism has repeatedly offered a reduced and distorted understanding of the faith The evangelical outlook is much less scriptural than evangelicals generally assume When it comes to appreciating the order of creation our calling to develop integral Christian thinking and living the religious significance of culture and the coming of the kingdom reductionist Evangelicalism struggles with its only rarely acknowledged deficiencies As a result we have all too often ended up with a Christianity shorn of its cosmic scope and wide cultural implications and restricted to institutional church life and the cultivation of private spiritual experience The consequences are frequently enervating and corrosive Without disregarding what is important in the past evangelicals are here challenged to take the Bible much more seriously and thereby transcend the limitations of their habitual reductionism Evangelicals are encouraged to embrace an integral and full orb ed understanding of Christian discipleship that will equip the faithful to address the deep and complex challenges of the twenty first century **Jewish Women's History from Antiquity to the Present** Rebecca Lynn Winer,Federica Francesconi,2021-11-02 This publication is significant within the field of Jewish studies and beyond the essays include comparative material and have the potential to reach scholarly audiences in many related fields but are written to be accessible to all with the introductions in every chapter aimed at orienting the enthusiast from outside academia to each time and place *Women in American History* Peg A.
