Women Of The French Revolution Women In History:

The Women of Paris and Their French Revolution Dominique Godineau, 1998-02-16 During the French Revolution hundreds of domestic and working class women of Paris were interrogated examined accused denounced arrested and imprisoned for their rebellious and often hostile behavior Here for the first time in English translation Dominique Godineau offers an illuminating account of these female revolutionaries As nurturing and tender as they are belligerent and contentious these are not singular female heroines but the collective common women who struggled for bare subsistence by working in factories in shops on the streets and on the home front while still finding time to participate in national assemblies activist gatherings and public demonstrations in their fight for the recognition of women as citizens within a burgeoning democracy Relying on exhaustive research in historical archives police accounts and demographic resources at specific moments of the Revolutionary period Godineau describes the private and public lives of these women within their precise political social historical and gender specific contexts Her insightful and engaging observations shed new light on the importance of women as instigators activists militants and decisive revolutionary individuals in the crafting and rechartering of their political and social roles as female citizens within the New Republic **Women in Revolutionary Paris,**

1789-1795 Darline Gay Levy, Harriet Branson Applewhite, Mary Durham Johnson, 1979 200 years ago the women of revolutionary Paris were demanding legal equality in marriage educational opportunities for girls and public instruction licensing and support for midwives This title presents sixty documents which focuses on these and other socioeconomic struggles by women and their impact on the French Revolutionary era Women, Equality, and the French Revolution Candice E. Proctor, 1990-10-24 This volume represents the first book length study of attitudes toward women in revolutionary France Based on extensive research in the libraries and archives of Paris the book examines the impact of the Revolution s ideology of liberty and equality When the men of 1789 wrote the Declaration of the Rights of Man they were thinking in terms of man the male not man the species But there were some men and women who interpreted it in terms of all humanity The outrage of these individuals over what they perceived as a discrepancy between the principles and the practice of the Revolution motivated them to produce some of the most unhesitating declarations of sexual equality that had ever been seen in history Dr Proctor demonstrates however these claims of equality were not simply ignored they were categorically rejected by the mainstream revolutionaries The book examines the typical 18th century concept of women as alien and in some ways inferior beings and traces the striking continuity between pre Revolutionary and Revolutionary thought on the subject Against this background Proctor addresses a number of important questions How widespread was the support for a movement in favor of sexual equality What was the response of the Revolution itself to demands for equal rights for women How did the men of the French Revolution justify the contradiction between their suppression of women and the ideologies for which they claimed to be fighting To arrive at the answers an abundance of material produced in France in the 18th

century is identified and analyzed and cited in an extensive bibliography of original sources What finally emerges is not only a clearer picture of the French Revolution and its attitude toward women but a deeper understanding of the ambivalent attitudes toward women that still affect our society today This book will be an important resource for courses in European history the French Revolution and women s studies as well as a valuable reference for college university and public libraries

Women and the Limits of Citizenship in the French Revolution Olwen Hufton,1999-04-14 The French masses overwhelmingly supported the Revolution in 1789 Economic hardship hunger and debt combined to put them solidly behind the leaders But between the people s expectations and the politicians interpretation of what was needed to construct a new state lay a vast chasm Olwen H Hufton explores the responses of two groups of working women those in rural areas and those in Paris to the revolution s aftermath Women were denied citizenship in the new state but they were not apolitical In Paris collective female activity promoted a controlled economy as women struggled to secure an adequate supply of bread at a reasonable price Rural women engaged in collective confrontation to undermine government religious policy which was destroying the networks of traditional Catholic charity Hufton examines the motivations of these two groups the strategies they used to advance their respective causes and the bitter misogynistic legacy of the republican tradition which persisted into the twentieth century

The Other Enlightenment Carla Hesse,2003-03-30 This historical study examines the way women used writing to create themselves as modern individuals in post Revolutionary France From publisher description

The Women of the French Revolution Jules Michelet,1855 Formed principally of the portraits of women drawn by Michelet in his History of the revolution Author s pref Includes chapters devoted to such general topics as the influence of women on the 18th century the worship of women for Robespierre the execution of women and the reaction of women following the Revolution The author also concentrates on individuals such as Mme de St el Mme de Condorcet Olympe de Gouges Rosa Lacombe Th roigne de Mericourt Mme Roland Charlotte Corday Mlle Kiralio sic Lucille Desmoulins and Danton s two wives

Women of the French Revolution Linda Kelly,1989

Deviant Women of the French Revolution and the Rise of Feminism Lisa Beckstrand,2009 Despite critical interest in the role of women in the French Revolution there is no single comprehensive study of the works of the two most prolific women writers of the period Olympe de Gouges and Manon Roland At a time when politicians were molding public policy concerning life liberty the pursuit of happiness and constituting criteria for citizenship increasing numbers of women in Paris were clamoring for rights New medical and philosophical theories redefining female nature were trotted out to justify women s continued exclusion from full political participation Such theories focused on the female body as the locus of women s intellectual inadequacies and promulgated the idea that women who acted outside of the confines of their physiological nature were considered desensitized and unfeminine Deviant Women of the French Revolution and the Rise of Feminism aims to uncover the work of those women who challenged

prevailing views of female nature sought social reforms and were deemed deviant for their writing and or activism during the French Revolution Jacket *Women's History in Global Perspective* Bonnie G. Smith, 2004 The American Historical Association's Committee on Women Historians commissioned some of the pioneering figures in women's history to prepare essays in their respective areas of expertise These volumes the second and third in a series of three complete their collected efforts The first volume of the series dealt with the broad themes necessary to understanding women's history around the world As a counterpoint volume 2 is concerned with issues that have shaped the history of women in particular places and during particular eras It examines women in ancient civilizations including women in China Japan and Korea women and gender in South and South East Asia Medieval women women and gender in Colonial Latin America and the history of women in the US to 1865 Authors included are Sarah Hughes and Brady Hughes Susan Mann Barbara N Ramusack Judith M Bennett Ann Twinam and Kathleen Brown As with volume 2 volume 3 also discusses current trends in gender and women's history from a regional perspective It includes essays on sub Saharan Africa the Middle East early and modern Europe Russian and the Soviet Union Latin American and North America after 1865 Asuncion Lavrin Ellen Dubois and Judith P Zinsser writing with Bonnie S Anderson Incorporating essays from top scholars ranging over an abundance of regions dates and methodologies the three volumes of *Women's History in Global Perspective* constitute an invaluable resource for anyone interested in a comprehensive overview on the latest in feminist scholarship Bonnie G Smith is the Board of Governors Professor of History and director of the Institute for Research on Women at Rutgers University She is the author of *Confessions of a Concierge* *Madame Lucie's History of Twentieth Century France* and many other books
