Temporary Appropriation in Cities Alessandro Melis, Jose Antonio Lara-Hernandez, James Thompson, 2019-12-12 This book conceptualises and illustrates temporary appropriation as an urban phenomenon exploring its contributions to citizenship urban social sustainability and urban health It explains how some forms of appropriation can be subversive existing in a grey area between legal and illegal activities in the city The book explores the complex and the multi scalar nature of temporary appropriation and touches on its relationship to issues such as sustainability and building re use culture inclusivity including socio spatial inclusion streetscape design homelessness and regulations controlling the use of public spaces The book focuses on temporary appropriation as a necessity of adapting human needs in a city highlighting the flexibility that is needed within urban planning and the further research that should be undertaken in this area The book utilises case studies of Auckland Algiers and Mexico City and other cities with diverse cultural and historical backgrounds to explore how planning design and development can occur whilst maintaining community diversity and resilience Since urban populations are certain to grow further this is a key topic for understanding urban dynamics and this book will be of interest to academics and practitioners alike

Language, Writing, and Mobility Florian Coulmas, 2022 This book brings together three subjects which command our attention because of their changing roles in everyday life language writing and mobility In different ways borders are being crossed redrawn and redefined as we watch and while comparable processes could be observed in the past they are today more conspicuous than ever being propelled by demographics technological innovation and consumer capitalism The said three subjects interact in various ways and have an impact on language contact which as this book is designed to show are best captured by a processual view along the lines laid out for social analysis by Norbert Elias The processual view of language and society adopted here is congenial with the sociolinguistic paradigm developed over the past several decades with one important difference it assigns writing a central position Sociolinguistics has always concentrated heavily on speech and largely ignored writing although the social importance of writing cannot be denied Giving written language its due in this book then has four reasons 1 Writing is the most consequential technology ever invented 2 Writing both suggests stability and defines borders 3 Linguistics while emphasizing that writing is external to language is nevertheless indebted for its analytic categories to writing 4 By turning virtually everyone into a writer producer of texts the digital revolution has fundamentally changed communication patters in ways that impact both social formations and language Computer mediated communication CMC has transformed the social functions of writing and through it language Publisher **SEO praktisch handboek** Axl Van Steenacker, 2025-08-14 Dit SEO praktisch handboek wijst je de weg naar betere zoekresultaten in AI en zoekmachines Want wie wil niet bovenaan staan in Google en ChatGPT Hoe hoger je positie hoe meer bezoekers je mag ontvangen Maar zoals elke sporter politicus en bedrijfsleider weet om aan de top te geraken heb je veel tijd werk en kennis nodig Die kennis vind je in dit boek SEO specialist Axl Van Steenacker oprichter en zaakvoerder van het Belgisch SEO

Blockchain in Energy Jan

Veuger, 2024-02-06 The global energy crisis is accelerating and within Europe the European Union EU is actively working to address this challenge through policy frameworks and political management However the energy market remains fiercely competitive prompting us to explore alternative energy sources and rethink how we generate distribute and utilize power This in turn raises questions about the allocation of power energy availability and usage in various contexts Furthermore the digital realm is undergoing rapid transformation across multiple sectors Drawing on my expertise in blockchain technology I recognize numerous opportunities to enhance the transparency and reliability of data related to energy issues By leveraging blockchain we can ensure that the information available is trustworthy and insightful for every user The aim of this book is to share my knowledge in the realm of energy and blockchain It addresses the urgency of addressing global energy challenges and acknowledges the pivotal role of the EU in this endeavor It also highlights the intensity of competition in the energy market and the need for innovative approaches The book also demonstrates how blockchain can contribute to solving these issues empowering individuals and organizations with reliable information and insights in the field of energy and blockchain technology
