Lessons From Life Faron Golden, 2017-01-24 Ever heard the expression the school of hard knocks Most of us have It s a way of saying that life is a place where we learn through difficult situations and experiences Sometimes a person considers the lessons from the school of hard knocks more valuable or at least more practical than the knowledge gained from traditional education through college and university courses The question is what we actually learn from the school of hard knocks In life that school of hard knocks even the best find themselves facing the F word failure So what do we do when we fail Many of us will move through life day by day and we will focus on the big things graduating from school getting married landing a job that pays more and so on But what does the school of hard knocks teach us about little things Do the little things matter We travel the journey of life with the mindset that our life is our own and we can do with it as we please Does our example impact or influence anyone other than ourselves When we face tough decisions especially when no one else is looking does it matter if we do what is right Is what we believe important or do we even need faith at all In Lessons from Life the author provides a look at some principles gleaned from life the school of hard knocks Drawing on experiences of a fighter pilot shot down during the Vietnam War along with his own experiences in life the writer passes along some of the things he learned in the school of hard knocks

Regenerate Tony Scarcello, 2020-09-24 Loss

Fear Doubt What does anything mean when your ground of being is stripped away Tony met God when he was four years old through the love of his mother When he was twelve he realized he had a crush on one of his male friends and grew convinced God would have nothing to do with him At sixteen Tony reencountered God who affirmed that nothing stood between them but love When he was twenty three married to the girl of his dreams and on staff at a church Tony s secret came out and he came close to losing it all What followed was arduous years of deconstruction losing everything he thought he knew about God only to rediscover God in the mystery This God was not a new God it was the same one as before just seen with regenerated faith This God was more beautiful and restorative than Tony could have ever imagined Tony s story is not uncommon in the modern evangelical landscape Thousands of people throughout the West are experiencing a crisis of faith that is commonly referred to as deconstruction With raw honesty Tony uses his own story as a starting point for a dialogue on the deconstruction process Tony unpacks what the deconstruction process is why it happens and how the church can help people experiencing a crisis of faith without worsening it along the way In this memoir Tony candidly pleads for the church to make a turn not to a trendier progressive version of Christianity nor to a stricter form of fundamentalism but to the revolutionary Jesus centered movement that changed the face of the earth A movement once better known for its society of healing love than its dogma
