Michael E. Parrish

Workers In Industrial America Essays On The Twentieth Century Struggle:

Workers in Industrial America David Brody,1980 **Workers in Industrial America [sound Recording] : Essays on the Twentieth Century Struggle** David Brody,1983 *The United States in the Long Twentieth Century* Michael Heale,2014-11-20 The United States in the Long Twentieth Century explores the nature of American politics and society in the period from 1900 to the present day illuminating both the changes and the continuities This was a period largely characterized by exceptional growth and international power though one also assailed by the crises and divisions that Michael Heale carefully examines A strength of the book is its integration of political with social history and it thus explores a range of social demographic and economic phenomena that have been central to American history in the long twentieth century such as immigration and ethnicity the labour civil rights and environmental movements and the role and achievements of women This new and fully revised edition of the seminal student textbook Twentieth Century America has been updated throughout to take recent scholarship in the field into account and also includes a number of important new features including a brand new chapter on the years from 2000 onwards covering 9 11 the financial crisis and the rise of Barack Obama substantial revisions to Part III covering 1969 to the present day and in particular to the material on Reagan Clinton African Americans immigrants the growth of the financial sector and de regulation and global warming one theme is the limits of conservatism and the resilience of liberalism greater emphasis on the United States in a transnational world and within the context of the rise of globalization The United States in the Long Twentieth Century is a detailed guide to American political and social history since 1900 and an essential text for all students interested in the modern history of the United States of America **Silent Film and the Triumph of the American Myth** Paula Marantz Cohen,2001-05-03 Silent Film and the Triumph of the American Myth is a broad cultural study that connects the rise of film to the rise of America as a cultural center and world power in the twentieth century Cohen argues that through the medium of silent film America was able to sever its literary and linguistic ties to Europe assert its cultural independence and forge a unique form of cultural expression Silent films drew on elements developed in popular forms of representation like photography landscape panoramas and vaudeville performance to create a medium that more accurately represented the American experience **From Harvard to the Ranks of Labor** Robert Bussel,2010-11-01 During the first half of the twentieth century many young intellectuals and reformers sympathized with the aspirations of working people and supported the struggles of the labor movement Powers Hapgood 1899 1949 was one of the most colorful and recognizable symbols of this crucial historical relationship A Harvard graduate and the scion of a famous Progressive Era family Hapgood chose to devote his life to the working class His fascinating political career marked by a staunch commitment to workers rights and civil liberties also included important roles in the Socialist Party and the Congress of Industrial Organizations CIO Robert Bussel s book is the first full length biography of this prominent American Socialist labor organizer and social crusader Hapgood

participated in some of the most stirring historical events of his time an epic coal miners strike in Western Pennsylvania an insurgent attempt to oust John L Lewis as president of the United Mine Workers of America the defense of Niccolo Sacco and Bartolomeo Vanzetti and the electrifying victories of sit down strikers in Akron Ohio and Flint Michigan In the latter stages of his career he took unpopular stands on issues of racial justice civil liberties and union democracy that foreshadowed the fault lines along which the post World War II labor movement would founder Recording and reflecting upon these experiences in journals he kept throughout his life Hapgood left behind an unusually rich chronicle of the American working class the labor movement and the practice of radical politics Hapgood s career illustrates important developments in the evolution of liberalism and radicalism the industrial union movement and the relationship between the middle and working classes in twentieth century America At a time when the American labor movement is attempting to recruit young people forge a rapprochement with liberals and reclaim its role as a voice for American workers the appearance of a Hapgood biography is timely

Anxious Decades: America in Prosperity and Depression, 1920-1941 Michael E. Parrish, 1994-04-17 Impressively detailed An authoritative and epic overview Publishers Weekly In the convulsive years between 1920 and 1941 Americans were first dazzled by unprecedented economic prosperity and then beset by the worst depression in their history It was the era of Model T s rising incomes scientific management electricity talking movies and advertising techniques that sold a seemingly endless stream of goods But it was also a time of grave social conflict and human suffering The Crash forced Hoover and then Roosevelt and the nation to reexamine old solutions and address pressing questions of recovery and reform economic growth and social justice The world beyond America changed also in these years making the country rethink its relation to events in Europe Latin America and Asia The illusion of superiority slowly died in the 1930s sustaining a fatal blow in December 1941 at Pearl Harbor

The Industrial Revolution in America Kevin Hillstrom, Laurie Collier Hillstrom, 2005-04-25 An impressive set of books on the Industrial Revolution these comprehensive volumes cover the history of steam shipping iron and steel production and railroads three interrelated enterprises that helped shift the Industrial Revolution into overdrive The first set of volumes in ABC CLIO s breakthrough Industrial Revolution in America series features separate histories of three closely related industries whose maturation fueled the Industrial Revolution in the United States during the late 19th and 20th centuries fundamentally changing the way Americans lived their lives With this set students will learn how the steamship the first great American contribution to the world s technology helped turn the nation s waterways into a forerunner of our superhighways how the Andrew Carnegie led American steel industry surpassed its British rivals marking a momentous power shift among industrialized nations and how the railroads spurred by some of the United States s most dynamic entrepreneurs Cornelius Vanderbilt John Pierpont Morgan Jay Gould moved from a single transcontinental link to become the most influential and far reaching technological innovation of the Industrial Age extending into virtually every facet of American culture and commerce

Race on the Line Venus Green, 2001-05-02 A labor history of

women workers in the early years of the telephone industry American Work Values Paul Bernstein, 1997-03-06 American Work Values Their Origin and Development examines the broad shifts in American work values from their European origins to the present It analyzes shifts from work as salvation to work as opportunity and alienation and concludes with a more recent focus on self fulfilling employment in a context of industrial downsizing Beginning with the Lutheran Calvinist support of work for the glory of God the book s focus shifts to the change in work values that occurred from early industrialization in America to the end of the Great Depression a period characterized by both opportunity and alienation The modern trends that followed led to the empowerment of employees even as that empowerment tested the values of such participation in a climate of rampant downsizing The book also deals with the debates related to work and welfare that simmered during these transformations Whether it involved policy makers in sixteenth century Europe or wonks in the Washington of 1996 controversy over public assistance to the deserving and undeserving poor remained a raging controversy that spilled over into the debate on affirmative action *From the Folks Who Brought You the Weekend* Priscilla Murolo, A.B. Chitty, 2019-07-19 Newly updated An enjoyable introduction to American working class history The American Prospect Praised for its impressive even handedness From the Folks Who Brought You the Weekend has set the standard for viewing American history through the prism of working people Publishers Weekly starred review From indentured servants and slaves in seventeenth century Chesapeake to high tech workers in contemporary Silicon Valley the book puts a human face on the people places events and social conditions that have shaped the evolution of organized labor enlivened by illustrations from the celebrated comics journalist Joe Sacco Library Journal Now the authors have added a wealth of fresh analysis of labor s role in American life with new material on sex workers disability issues labor s relation to the global justice movement and the immigrants rights movement the 2005 split in the AFL CIO and the movement civil wars that followed and the crucial emergence of worker centers and their relationships to unions With two entirely new chapters one on global developments such as offshoring and a second on the 2016 election and unions relationships to Trump this is an extraordinarily fine addition to U S history that could become an evergreen comparable to Howard Zinn s award winning A People s History of the United States Publishers Weekly A marvelously informed carefully crafted far ranging history of working people Noam Chomsky
