van Zanden**

Wage Labor And Guilds In Medieval Europe:

Wage Labor and Guilds in Medieval Europe Steven A. Epstein, 1991 Epstein takes a fresh look at the organization of labor in medieval towns and emphasizes the predominance of a wage system within them He offers illuminating comment on a wide range of subjects_ on guilds and guild organization on women and Jews in the work force on the value given labor and on the sources of disaffection His book presents a feast of themes in medieval social history David Herlihy Brown University

Wage Labor & Guilds in Medieval Europe Steven A. Epstein, 1994 Women in Medieval Europe 1200-1500 Jennifer Ward, 2016-04-14 Women in Medieval Europe explores the key areas of female experience in the later medieval period from peasant women to Queens It considers the women of the later Middle Ages in the context of their social relationships during a time of changing opportunities and activities so that by 1500 the world of work was becoming increasingly restricted to women The chapters are arranged thematically to show the varied roles and lives of women in and out of the home covering topics such as marriage religion family and work For the second edition a new chapter draws together recent work on Jewish and Muslim women as well as those from other ethnic groups showing the wide ranging experiences of women from different backgrounds Particular attention is paid to women at work in the towns and specifically urban topics such as trade crafts healthcare and prostitution The latest research on women gender and masculinity has also been incorporated along with updated further reading recommendations This fully revised new edition is a comprehensive yet accessible introduction to the topic perfect for all those studying women in Europe in the later Middle Ages Guild Dynamics in Seventeenth-Century Istanbul Eunjeong Yi, 2004 Dealing with the guilds of seventeenth century Istanbul this volume provides new information and insights into guild organization issues of traditionalism and change and the complex nature of the relationship between the Ottoman state and its guilds *Handbook of European History 1400-1600: Late Middle Ages, Renaissance and Reformation* Thomas Brady, Oberman, James D. Tracy, 2018-11-12 The Handbook of European History 1400 1600 brings together the best scholarship into an array of topical chapters that present current knowledge and thinking in ways useful to the specialist and accessible to students and to the educated non specialist Forty one leading scholars in this field of history present the state of knowledge about the grand themes main controversies and fruitful directions for research of European history in this era Volume 1 Structures and Assertions described the people lands religions and political structures which define the setting for this historical period Volume 2 Visions Programs Outcomes covers the early stages of the process by which newly established confessional structures began to work their way among the populace **Quantitative Studies of the Renaissance Florentine Economy and Society** Richard T. Lindholm, 2017-01-02 Quantitative Studies of the Renaissance Florentine Economy and Society is a collection of nine quantitative studies probing aspects of Renaissance Florentine economy and society The collection organized by topic source material and analysis methods discusses risk and return specifically the population s responses to the plague and also the measurement of interest rates The work analyzes the population s wealth

distribution the impact of taxes and subsidies on art and architecture the level of neighborhood segregation and the accumulation of wealth Additionally this study assesses the competitiveness of Florentine markets and the level of monopoly power the nature of women s work and the impact of business risk on the organization of industrial production

Everything for Everyone Nathan Schneider,2018-09-11 The origins of the next radical economy is rooted in a tradition that has empowered people for centuries and is now making a comeback A new feudalism is on the rise While monopolistic corporations feed their spoils to the rich more and more of us are expected to live gig to gig But as Nathan Schneider shows an alternative to the robber baron economy is hiding in plain sight we just need to know where to look Cooperatives are jointly owned democratically controlled enterprises that advance the economic social and cultural interests of their members They often emerge during moments of crisis not unlike our own putting people in charge of the workplaces credit unions grocery stores healthcare and utilities they depend on Everything for Everyone chronicles this revolution from taxi cooperatives keeping Uber at bay to an outspoken mayor transforming his city in the Deep South to a fugitive building a fairer version of Bitcoin to the rural electric co op members who are propelling an aging system into the future As these pioneers show co ops are helping us rediscover our capacity for creative powerful and fair democracy **A Social History of Disability in the Middle Ages** Irina Metzler,2013-03-05 What was it like to be disabled in the Middle Ages How did people become disabled Did welfare support exist This book discusses social and cultural factors affecting the lives of medieval crippled deaf mute and blind people those nowadays collectively called disabled Although the word did not exist then many of the experiences disabled people might have today can already be traced back to medieval social institutions and cultural attitudes This volume informs our knowledge of the topic by investigating the impact medieval laws had on the social position of disabled people and conversely how people might become disabled through judicial actions ideas of work and how work could both cause disability through industrial accidents but also provide continued ability to earn a living through occupational support networks the disabling effects of old age and associated physical deteriorations and the changing nature of attitudes towards welfare provision for the disabled and the ambivalent role of medieval institutions and charity in the support and care of disabled people **The Later Medieval City** David Nicholas,2014-06-17 The Later Medieval City 1300 1500 the second part of David Nicholas s ambitious two volume study of cities and city life in the Middle Ages fully lives up to its splendid precursor The Growth of the Medieval City Like that volume it is fully self sufficient though many readers will want to use the two as a continuum This book covers a much shorter period than the first That traced the rise of the medieval European city system from late Antiquity to the early fourteenth century this offers a portrait of the fully developed late medieval city in all its richness and complexity David Nicholas begins with the economic and demographic realignments of the last two medieval centuries These fostered urban growth raising living standards and increasing demand for a growing range of urban manufactures The hunger for imports and a shortage of coin led to sophisticated credit mechanisms that

could only function through large cities But if these changes brought new opportunities to the wealthy they also created a growing problem of urban poverty violence became endemic in the later medieval city Moreover although more rebellions were sparked by taxes than by class conflict class divisions were deepening Most cities came to be governed by councils chosen from guild members and most guilds were dominated by merchants The landowning elite that had dominated the early medieval cities of the first volume still retained its prestige but its wealth was outstripped by the richer merchants while craftsmen who had little political influence were further disadvantaged as access to the guilds became more restricted The later medieval cities developed permanent bureaucracies providing a huge range of public services and they were paid for by sophisticated systems of taxation and public borrowing The survival of their fuller richer records allow us not only to apply a more statistical approach but also to get much closer to the splendours and squalors of everyday city life than was possible in the earlier volume The book concludes with a set of vibrant chapters on women and children and religious minorities in the city on education and culture and on the tenor of ordinary urban existence Like its predecessor this book is massively and vividly documented Its approach is interdisciplinary and comparative and its examples and case studies are drawn from across Europe from France England Germany the Low Countries Iberia and Italy with briefer reviews of the urban experience elsewhere from Baltic to Balkans The result is the most wide ranging and up to date study of its multifaceted subject It is a formidable achievement

A Cultural History of Work in the Medieval Age Valerie L. Garver, 2020-09-17 Winner of the 2020 PROSE Award for Multivolume Reference Humanities Work was central to medieval life Religious and secular authorities generally expected almost everyone to work Artistic and literary depictions underlined work's cultural value The vast majority of medieval people engaged in agriculture because it was the only way they could obtain food Yet their work led to innovations in technology and production and allowed others to engage in specialized labor helping to drive the growth of cities Many workers moved to seek employment and to improve their living conditions For those who could not work charity was often available and many individuals and institutions provided forms of social welfare Guilds protected their members and created means for the transmission of skills When they were not at work medieval Christians were to meet their religious obligations yet many also enjoyed various pastimes A consideration of medieval work is therefore one of medieval society in all its creativity and complexity and that is precisely what this volume provides A Cultural History of Work in the Medieval Age presents an overview of the period with essays on economies representations of work workplaces work cultures technology mobility society politics and leisure

The Long Road to the Industrial Revolution J. L. Van Zanden, 2009-06-17 The Long Road to the Industrial Revolution offers a new explanation of the origins of the industrial revolution in Western Europe by placing development in Europe within a global perspective It focuses on its specific institutional and demographic development since the late Middle Ages and on the important role played by human capital formation

The Grove Encyclopedia of Medieval Art and Architecture Colum Hourihane, 2012 This volume

offers unparalleled coverage of all aspects of art and architecture from medieval Western Europe from the 6th century to the early 16th century Drawing upon the expansive scholarship in the celebrated Grove Dictionary of Art and adding hundreds of new entries it offers students researchers and the general public a reliable up to date and convenient resource covering this field of major importance in the development of Western history and international art and architecture [The Return of the Guilds: Volume 16](#) Jan Lucassen,Tine De Moor,Jan Luiten van Zanden,2008 Using recent approaches in economic social labour and institutional history this volume analyses guilds in the period 500 1700 AD [Labour and working-class lives](#) Keith Laybourn,John Shepherd,2017-04-30 British labour history has been one of the dominating areas of historical research in the last sixty years and this book written in honour of Professor Chris Wrigley offers a collection of essays written by leading British labour historians of that subject including Ken Brown Malcolm Chase and Matthew Worley It focuses upon trade unionism the co operative movement the rise and fall of the Labour Party and working class lives comparing British labour movements with those in Germany and examining the social and political labour activities of the Lansburys There is indeed some important work connected with the cultural developments of the British labour movement most obviously in the essay written by Matthew Worley on communism and Punk Rock **Early Modern Europe, 1450-1789** Merry E. Wiesner-Hanks,Merry E. Wiesner,2013-02-21 Thoroughly updated best selling textbook with new learning features This acclaimed textbook has unmatched breadth of coverage and a global perspective **Trade, Travel, and Exploration in the Middle Ages** John Block Friedman,Kristen Mossler Figg,2013-07-04 Trade Travel and Exploration An Encyclopedia is a reference book that covers the peoples places technologies and intellectual concepts that contributed to trade travel and exploration during the Middle Ages from the years A D 525 to 1492 [Labour in the Medieval Islamic World](#) Shatzmiller,2021-12-06 This is an extensive study of labour in the social and economic life of Islamic communities around the Mediterranean in the medieval period 9th 15th century Based on a large number of primary and secondary sources it contains a comprehensive dictionary of trades and occupations practised by both men and women followed by a statistical and textual examination of the division of labour the distribution of the labour force occupational structures and the role of labour in the Islamic economy It also describes ethnic divisions of labour social status and image A group of literary sources yields evidence that Muslim theologians mystics and philosophers gradually formulated a doctrinal framework for labour This book will prove a valuable resource for any student of medieval Islamic economic and labour history **The Palgrave Handbook of Volunteering, Civic Participation, and Nonprofit Associations** David Horton Smith,Robert A. Stebbins,Jurgen Grotz,2017-01-18 Written by over 200 leading experts from over seventy countries this handbook provides a comprehensive state of the art overview of the latest theory and research on volunteering civic participation and nonprofit membership associations The first handbook on the subject to be truly multinational and interdisciplinary in its authorship it represents a major milestone for the discipline Each chapter follows a rigorous theoretical structure examining definitions

historical background key analytical issues usable knowledge and future trends and required research The nine parts of the handbook cover the historical and conceptual background of the discipline special types of volunteering the major activity areas of volunteering and associations influences on volunteering and association participation the internal structures of associations the internal processes of associations the external environments of associations the scope and impacts of volunteering and associations and conclusions and future prospects This handbook provides an essential reference work for third sector research and practice including a valuable glossary of terms defining over eighty key concepts Sponsored by the International Council of Voluntarism Civil Society and Social Economy Researcher Associations ICSERA www.icsera.org it will appeal to scholars policymakers and practitioners and helps to define the emergent academic discipline of voluntaristics

Routledge Revivals: Trade, Travel and Exploration in the Middle Ages (2000) John Block Friedman, Kristen Mossler Figg, 2017-07-05 First published in 2000 Trade Travel and Exploration An Encyclopedia covers the people places technologies and intellectual concepts that contributed to trade travel and exploration during the Middle Ages from the years C E 525 to 1492 This comprehensive reference work contains entries on a large number of subjects including familiar topics such as the voyages of Columbus and Marco Polo and also information that is more difficult to find for example the traditions of travel among Muslim women and the influence of Viking travel on navigation and geographical knowledge Bringing together more than 175 scholars from a variety of disciplines it minimizes Eurocentric bias and offers extensive coverage of such topics as travel within Inner Asia Mongol society and the spread of Buddhism Including an extensive map program and more than 125 illustrations as well as bibliographies a comprehensive index and see also references Medieval Trade Travel and Exploration is a valuable reference guide for undergraduate and graduate students scholars and also the general reader

Encyclopedia of Women in the Middle Ages Jennifer Lawler, 2018-01-16 Most people have heard of Lady Godiva and her horseback tax protest in the 11th century and Joan of Arc who in the 15th century fought against the English for the French gaining sainthood in 1920 Many know of Eleanor of Aquitaine 12th century Queen of France and England and powerful manipulator and protector of kings Some know of Hildegard and Beatrice and Blanche and Clare There are many famous women of the Middle Ages whose lives and leadership brought important changes to history This encyclopedia contains several hundred entries on the culture history and circumstances of women in the Middle Ages from the years 500 to 1500 C E The geographical scope of this work is wide with entries on women from England France Germany Japan and other nations around the world There are entries on queens empresses and other women in positions of leadership as well as entries on topics such as work marriage and family households employment religion and various other aspects of women's lives in the Middle Ages Genealogies of queens and empresses accompany the text in an appendix
