BOOK JACKET **Ordering Women's Lives** Julie Ann Smith, 2016-12-05 This book takes an innovative approach to the study of the penitentials and nunnery rules and the ways in which these texts impinged upon the lives of female audiences The study emphasises the importance of the texts for the promotion of Christian values and of the expectations of churchmen in the construction of appropriate Christian behaviour for women in the early medieval West These texts constitute the only written works which would have had direct influence upon the lives of lay and religious women The work focuses upon the elements of the penitentials which provided female specific expectations and these fall largely into two categories of sexuality and pre Christian practices The nunnery rules seldom provided comprehensive sets of

behavioural expectations Rather rules emphasised expectations relating to issues of enclosure work and abstinence which came to be perceived as the defining characteristics of religious women *Religious Life between Jerusalem, the Desert, and the World* Kaspar Elm, James D. Mangion, 2020-01-09 This is the first in depth study of post war female religious life It draws on archival materials and a remarkable set of eighty interviews to place Catholic sisters and nuns at the heart of the turbulent 1960s integrating their story of social change into a larger British and international one Shedding new light on how religious bodies engaged in modernisation it addresses themes such as the Modern Girl and youth culture 1968 generational discourse post war modernity the voluntary sector and the women s movement Women religious were at the forefront of the Roman Catholic Church s movement of adaptation and renewal towards the world This volume tells their stories in their own words **Library of Congress Subject Headings** Library of Congress, 2007 Religious Life at the Crossroads Amy Hereford, 2013 This title explores the movements in religious life today and the currents that are emerging among the smaller cohorts of younger religious in mainstream communities of women religious Hereford traces the history of religious life including the impact of Vatican II and examines some of the theological sources for the reinvention of religious life today She explores the current situation of women religious re imagines the meaning of vows community and mission and examines how the emerging forms of religious life will fit into an emerging church
