The Zoroastrian Flame Sarah Stewart, Alan Williams, Almut Hintze, 2016-02-16 For many centuries from the birth

of the religion late in the second millennium BC to its influence on the Achaemenids and later adoption in the third century AD as the state religion of the Sasanian Empire it enjoyed imperial patronage and profoundly shaped the culture of antiquity The Magi of the New Testament most probably were Zoroastrian priests from the Iranian world while the enigmatic figure of Zarathushtra or Zoroaster himself has exerted continual fascination in the West influencing creative artists as diverse as Voltaire Nietzsche Mozart and Yeats This authoritative volume brings together internationally recognised scholars to explore Zoroastrianism in all its rich complexity Examining key themes such as history and modernity tradition and scripture art and architecture and minority status and religious identity it places the modern Zoroastrians of Iran and the Parsis of India in their proper contexts The book extends and complements the coverage of its companion volume *The Everlasting Flame*

CURRENT CONTENTS ,1995 *Area Handbook Series* ,1996 *Towards a Culture of Harmony and Peace* Thoudam Damodara Singh,2005 Contributed seminar papers **Sefer Moshe** Chaim Cohen,Avi Hurvitz,Shalom M. Paul,2004 Moshe Weinfeld s contributions to the study of the Bible and its literature as well as the social and political situation of the Bible in its ancient Near Eastern context are well known In this volume 35 colleagues and students contribute essays organized according to four subjects 1 Exegetical and Literary Studies on the Bible 2 Studies on Biblical Hebrew History and Geography 3 Ancient Near Eastern and Amarna Studies and 4 Studies on Qumran Post biblical Judaism and the Jewish Medieval Commentaries A bibliography and biography of the honoree round out the volume **Storytelling: H-S** Josepha Sherman,2008 A collection of informative entries providing a definitive and fascinating study of the wide world of storytelling

The Other Perennial Philosophy Alan M. Laibelman,2000-10-25 *The Other Perennial Philosophy A Metaphysical Dialectic* seeks to synthesize the many fields within science philosophy and religion to achieve the most comprehensive picture ever constructed to incorporate universally held beliefs about God man and the universe This book attempts to accomplish several interrelated purposes to describe the Perennial Philosophy in its depth to analyze the critical elements contained within such a body of thought to bring to light the vast literature of views which are oppositional at least on some level to those contained in the Perennial Philosophy to synthesize these seemingly discordant thoughts into a new vision of the nature of reality to dissect the implications of this new model and lastly and perhaps most importantly to demonstrate that intellect has no innate constraints This book rigorously explores the connections to be made by weaving together the threads of philosophy religious theology mysticism mythology mathematics physics and biochemistry In this study is both a critique and an homage to Perennial Philosophy In evoking a new vision of reality which is at the same time a modernized version of an old image *The Other Perennial Philosophy A Metaphysical Dialectic* seeks to entice readers to rethink their own views on a subject of crucial importance to all This book will appeal to anyone interested in philosophy and religion **Journal of the Anthropological Society of Oxford** Anthropological Society of Oxford,1994 **Bibliographica Sasanika: Years 1990-99** Evangelos Venetis,Touraj Daryaee,Massoumeh Alinia,2009 The influence of the Iranian civilization in the historical

developments of the Middle East Central Asia and the Eastern Mediterranean world was important particularly during the Sasanian period Contemporary research for this period of ancient Iranian past was established mainly in the second half of the twentieth century and it was in the last few decades that the main bulk of bibliography for the Sasanians has been produced Hence it could be suggested that the interest for the study of Sasanian Iran has been recently increased and the interest for further research on this field remains high As a result of this interest and a parallel increase of the bulk of scholarship on Sasanian Iran there is a growing need for a systematic codification of the various works that has been recently produced about Sasanian Iran This volume aims to fill this gap and it is expected that this guide will be an indispensable tool both for specialists and general readers who are interested in every aspect of Sasanian Iran art history literature archaeology etc It will be also useful for those interested in late Parthian and early Islamic periods It is hoped that this work will both contribute to the systematic study of the Sasanian Iran and increase the interest for the ancient Iran Book Jacket
