Theory And Educational Research Toward Critical Social Explanation Critical Youth Studies:

Theory and Educational Research Jean Anyon, 2008-08-18 Most empirical researchers avoid the use of theory in their studies providing data but little or no social explanation Theoreticians on the other hand rarely test their ideas with empirical projects As this groundbreaking volume makes clear however neither data nor theory alone is adequate to the task of social explanation rather they form and inform each other as the inquiry process unfolds Theory and Educational Research bridges the age old theory research divide by demonstrating how researchers can use critical social theory to determine appropriate empirical research strategies and extend the analytical critical and sometimes emancipatory power of data gathering and interpretation Each chapter models a theoretically informed empiricism that places the data research yields in constant conversation with theoretical arsenals of powerful concepts Personal reflections following each chapter chronicle the contributors trajectories of struggle and triumph utilizing theory and its powers in research In the end this rich collection teaches education scholars how to deliberately engage with critical social theory in research to produce work that is simultaneously theoretically inspired politically engaged and empirically evocative

Theory and Educational Research Jean Anyon, 2008-08-18 Throughout U S history education policies practices and politics have been described and tested to yield empirical data often with little attempt to place findings in a larger theoretical infrastructure that could provide them with increased explanatory critical or even liberatory power This collection fills that void by taking the point of view that neither research nor theory alone is adequate to the task of social explanation Instead Jean Anyon and her collaborators argue that they imbricate and instantiate one another forming and informing each other as the inquiry process unfolds

Critical Youth Research in Education Arshad Imtiaz Ali, Teresa L. McCarty, 2020-04-23 Critical studies of youth play an increasingly important role in educational research This volume adds to that ongoing conversation by addressing the methodological lessons learned from key scholars in the field With a focus on the doing of critical youth studies in ways that center praxis and relational care in work with youth and their communities the volume showcases scholars discussing their research and reflecting on the practical strategies they have used to operationalize their conceptions of knowledge in youth centered research projects Each chapter addresses the research features challenges tensions and debates of the project engagement with communities and relationality reciprocity and responsibility to participants The focus throughout is on qualitative approaches that are humanizing anti colonial and transformative

Negotiating Ethical Challenges in Youth Research Kitty Te Riele, Rachel Brooks, 2013 This title brings together contributors from across the world to explore real life ethical dilemmas faced by researchers working with young people in a range of social science disciplines A careful selection of chapters addresses a range of ethical challenges particularly relevant to contemporary youth researchers

Youth Resistance Research and Theories of Change Eve Tuck, K. Wayne Yang, 2013-11-26 Youth resistance has become a pressing global phenomenon to which many educators and researchers have looked for inspiration and or with chagrin Although the

topic of much discussion and debate it remains dramatically under theorized particularly in terms of theories of change Resistance has been a prominent concern of educational research for several decades yet understandings of youth resistance frequently lack complexity often seize upon convenient examples to confirm entrenched ideas about social change and overly regulate what counts as progress As this comprehensive volume illustrates understanding and researching youth resistance requires much more than a one dimensional theory Youth Resistance Research and Theories of Change provides readers with new ways to see and engage youth resistance to educational injustices This volume features interviews with prominent theorists including Signithia Fordham James C Scott Michelle Fine Robin D G Kelley Gerald Vizenor and Pedro Noguera reflecting on their own work in light of contemporary uprisings neoliberal crises and the impact of new technologies globally Chapters presenting new studies in youth resistance exemplify approaches which move beyond calcified theories of resistance Essays on needed interventions to youth resistance research provide guidance for further study As a whole this rich volume challenges current thinking on resistance and extends new trajectories for research collaboration and justice

Black Youth Matters Cecile Wright,P.J. Standen,Tina Patel,2009-12-04 How do young black students respond resist and work to transform their school experience How do young people adapt survive and then succeed in spite of their negative school experience For an increasing number of marginalized black youth the paths to social success can actually lie outside school walls Black Youth Matters presents a compelling empirical picture of black youth who creatively respond to permanent school exclusion Structural approaches to social stratification often set the terms of discussion around isolated narratives of individual success stories In this book the authors intervene with a new point of view by focusing instead on collectives of broader black communities They both engage with and move beyond structural models of stratification and education thereby affirming the enduring importance of individual and collective aspiration an impulse that has not been exhausted for black youth even in the face of systematic longstanding and overwhelming inequality Based on long term ethnographic research with young people permanently excluded from school Black Youth Matters examines the resourcefulness of young black people in overcoming the process of school failure to forge more positive futures for themselves This book should be of interest to sociologists educators anthropologists policy makers as well as community activists

Youth Media Matters Korina M. Jocson,2018-01-15 In an information age of youth social movements Youth Media Matters examines how young people are using new media technologies to tell stories about themselves and their social worlds They do so through joint efforts in a range of educational settings and media environments including high school classrooms youth media organizations and social media sites Korina M Jocson draws on various theories to show how educators can harness the power of youth media to provide new opportunities for meaningful learning and do it together production Describing the impact that youth media can have on the broader culture Jocson demonstrates how it supports expansive literacy practices and promotes civic engagement particularly among historically marginalized youth In Youth

Media Matters Jocson offers a connective analysis of content area classrooms career and technical education literary and media arts organizations community television stations and colleges and universities She provides examples of youth media work including videos television broadcasts websites and blogs produced in the San Francisco Bay Area Los Angeles New York and St Louis At a time when educators are increasingly attentive to participatory cultures yet constrained by top down pedagogical requirements Jocson highlights the knowledge production and transformative potential of youth media with import both in and out of the classroom

Youth Rising? Mayssoun Sukarieh, Stuart Tannock, 2014-08-27 Over the last decade youth has become increasingly central to policy development media and public debates and conflicts across the world

whether as an ideological symbol social category or political actor Set against a backdrop of contemporary political economy Youth Rising seeks to understand exactly how and why youth has become such a popular and productive social category and concept The book provocatively argues that the rise and spread of global neoliberalism has not only led youth to become more politically and symbolically salient but also to expand to encompass a growing range of ages and individuals of different class race ethnic national and religious backgrounds Employing both theoretical and historical analysis authors Maysoun Sukarieh and Stuart Tannock trace the development of youth within the context of capitalism where it has long functioned as a category for social control The book s chapters critically analyze the growing fears of mass youth unemployment and a lost generation that spread around the world in the wake of the global financial crisis They question as well the relentless focus on youth in the reporting and discussion of recent global protests and uprisings By helping develop a better understanding of such phenomena and critically and reflexively investigating the very category and identity of youth Youth Rising offers a fresh and sobering challenge to the field of youth studies and to widespread claims about the relationship between youth and social change

Young, Sarah Diem, 2016-11-18 This volume informs the growing number of educational policy scholars on the use of critical theoretical frameworks in their analyses It offers insights on which theories are appropriate within the area of critical educational policy research and how theory and method interact

and are applied in critical policy analyses Highlighting how different critical theoretical frameworks are used in educational policy research to reshape and redefine the way scholars approach the field the volume offers work by emerging and senior scholars in the field of educational policy who apply critical frameworks to their research The chapters examine a wide range of current educational policy topics through different critical theoretical lenses including critical race theory critical discourse analysis postmodernism feminist poststructuralism critical theories related to LGBTQ issues and advocacy approaches African Youth in Contemporary Literature and Popular Culture Vivian Yenika-Agbaw,Lindah

Mhando,2014-01-21 This book explores how African youth are depicted in contemporary literature and popular culture and discusses the different ways by which they attempt to construct personal and cultural identities through popular culture and social media outlets The contributors approach the subject from an interdisciplinary perspective looking at images in children s and adolescent literature from Africa and the African diaspora from Nollywood and Hollywood movies from popular magazines and from youth cultures encountered directly through field experiences The findings reveal that there are many stereotypes about Africa African youth and black cultures and that African youth are aware of these Since they juggle multiple identities shaped by their ethnicities race and religion it is often a challenge for them to define themselves As they also share a global youth culture that transcends these cultural markers some take advantage of media outlets to voice their concerns and participate in political struggles Others simply use these to promote their personal interests Contributors ponder the challenges involved in constructing unique identities offering ideas on how African youth are doing so successfully or not in different parts of the continent and the African diaspora and thus offer new possibilities for youth studies Urban Youth and School Pushout Eve Tuck,2012-03-15 Winner of the 2013 American Educational Studies

Association s Critics Choice Award Recent efforts to reform urban high schools have been marked by the pursuit of ever increasing accountability policies most notably through the use of high stakes standardized testing mayoral control and secondary school exit exams Urban Youth and School Pushout excavates the unintended consequences of such policies on secondary school completion by focusing specifically on the use and over use of the GED credential Building on a tradition of critical theory and political economy of education author Eve Tuck offers a provocative analysis of how accountability tacitly and explicitly pushes out under performing students from the system By drawing on participatory action research as well as the work of indigenous scholars and theories this theoretically and empirically rich book illustrates urban public schooling as a dialectic of humiliating ironies and dangerous dignities Focusing on the experiences of youth who have been pushed out of their schools under the auspices of obtaining a GED Tuck reveals new insights on how urban youth view accountability schooling value the GED and yearn for multiple meaningful routes to graduation **The Means to Grow Up** Robert Halpern,2013-02-01 In The Means to Grow Up Robert Halpern describes the pedagogical importance of apprenticeship a growing movement based in schools youth serving organizations and arts civic and other cultural institutions This movement

aims to re engage youth through in depth learning and unique experiences under the guidance of skilled professionals Employing a pedagogy of apprenticeship these experiences combine specific visceral and sometimes messy work with opportunity for self expression increasing responsibility and exposure to the adult world Grounded in ethnographic studies The Means to Grow Up illustrates how students work in unique ways around these meaningful activities and projects across a range of disciplines Participation in these efforts strengthens skills dispositions and self knowledge that is critical to future schooling and work renews young peoples sense of vitality and fosters a grounded sense of accomplishment In unearthing the complexities of apprenticeship learning Halpern challenges the education system that is increasingly geared towards the acquisition of de contextualized skills Instead he reveals how learning alongside experienced adults can be a profoundly challenging and complex endeavor for adolescents and offers readers an exciting vision of what education can and should be about

Critical Race Spatial Analysis Deb Morrison,Subini Ancy Annamma,Darrell D. Jackson,2023-07-03 How does space illuminate educational inequity Where and how can spatial analysis be used to disrupt educational inequity Which tools are most appropriate for the spatial analysis of educational equity This book addresses these questions and explores the use of critical spatial analysis to uncover the dimensions of entrenched and systemic racial inequities in educational settings and identify ways to redress them The contributors to this book some of whom are pioneering scholars of critical race spatial analysis theory and methodology demonstrate the application of the theory and tools applied to specific locales and in doing so illustrate how this spatial and temporal lens enriches traditional approaches to research The opening macro theoretical chapter lays the foundation for the book rooting spatial analyses in critical commitments to studying injustice Among the innovative methodological chapters included in this book is the re conceptualization of mapping and space beyond the simple exploration of external spaces to considering internal geographies highlighting how the privileged may differ in socio spatial thinking from oppressed communities and what may be learned from both perspectives data representations that allow the construction of varied narratives based on differences in positionality and historicity of perspectives the application of redlining to the analysis of classroom interactions the use of historical archives to uncover the process of marginalization and the application of techniques such as the fotonovela and GIS to identify how spaces are defined and can be reimaged The book demonstrates the analytical and communicative power of mapping and its potential for identifying and dismantling racial injustice in education The editors conclude by drawing connections across sections and elucidating the tensions and possibilities for future research Contributors Benjamin Blaisdell Graham S Garlick Leigh Anna Hidalgo Mark C Hogrebe Joshua Radinsky Daniel G Sol rzano William F Tate Ver nica N V lez Federico R Waitoller

Lost Youth in the Global City Jo-Anne Dillabough, Jacqueline Kennelly, 2010-12-22 Exploration of the ways in which these groups of young people marked by economic disadvantage and ethnic and religious diversity have sought to navigate a new urban terrain and in so doing have come to see themselves in new ways Jacket
