Thrive Surviving In A Corporate Jungle:

Thrive Mark Barnes, 2014-07-19 A light hearted look at life in the Corporate Jungle No science no tips no jargon it s called a Jungle for a reason You ve decided you want to go work at Acme Inc so you need to get yourself prepared for life in the corporate jungle This book will introduce you to some of the animals you will meet in the jungle and describe in colourful details what life is really like as you explore the new reality you are faced with Or perhaps you are stuck in a corporate jungle and just want a different way to think about your daily life Once you picture Peter your boss as a snake you might naturally change how you behave around him because we have instinctive reactions to animals but mistakenly assume we can apply logic when dealing with humans There is no reason you have to be content surviving in the corporate jungle Through some of the illustrations and scenarios in the book you may identify opportunities in your own corporation where you can thrive There is no right way to thrive there is only your way to thrive One person may thrive by deliberately being difficult and obtuse confident they are doing their best for the corporate another may be deliberately disrupting and challenging the status quo Imagining your own reactions and interactions in animal terms may be just the tonic you need or may help you identify opportunities where you are surviving due to your animal behaviours and becoming a different animal would allow you to thrive Regardless of your reason for reading this book it will hopefully bring something different to the daily grind of corporate life Happy Hunting

Surviving in the Corporate Jungle Ashok Kumar Bhatia, 2017-03-02 The corporate jungle is full of lion like bosses whose roar could chill your nerves of steel from a distance It is also inhabited by lionesses who might take you under their wings and protect you from many a catastrophe much like they would protect a cub of theirs This book is a compilation of tactics you can use to not only survive but also do well in the corporate jungle It is intended to amuse entertain and educate It is a lighthearted take on the art and science of management from the jaundiced perspective of someone who is still learning it It offers quite a few gems of wisdom meant for managers and entrepreneurs of all hues sizes and shapes They could be the aspiring kind the practicing and tired kind or the retired kind Glum chief executive officers hassled by the harsh slings and arrows of managing a business might get motivated to look at the sunnier side of life upon leafing through some of its contents Nail biting aspiring managers may understand how to successfully navigate their way through the corporate jungle They might also get prompted to develop an inner compass based on personal values leading to better levels of satisfaction happiness and fulfillment

Guerrilla Warfare in the Corporate Jungle K.F. Dochartaigh, 2021-01-21 Using his experiences of life in the corporate jungle K F Dochartaigh has produced a survival manual that assists and guides the reader on how best to navigate corporate pitfalls and avoid being trapped The book fuses three separate but intertwined disciplines of the animal kingdom the guerrilla battlefield and the corporate world to help establish patterns of behavior and to understand the motivations that drive each action All three areas share a common environment the jungle where visibility is limited and ambush is the only method of attack by predators The book blends

animal and human psychology and provides safe passage in all its encounters This book does not condone war in fact quite the opposite and as you will see it takes more of a defensive position in repelling attacks and seeks to promote the occurrence of collaboration over individual competition which will also become apparent It is not a call to arms or a promotion of anarchy not by any stretch of the imagination as it merely assists the individual in adapting within their environment in order to ensure their survival Whether you work as an accountant IT consultant lawyer salesperson or project manager the same logic still applies because there is a natural order in all corporate vocations

Shadows of Success: Ninja Techniques for Corporate Survival Gaurav Garg, Ah the corporate world A place where dreams go to die and Excel spreadsheets go to multiply Or is it What if I told you that beneath the surface of mind numbing meetings and soul crushing cubicles lies a secret world of corporate ninjas silently shaping the fate of companies and careers alike Welcome dear reader to The Art of the Corporate Ninja Succeeding in Business Without Losing Your Soul or Your Mind If you ve picked up this book chances are you re either A bright eyed newcomer to the corporate jungle eager to learn its ways bless your heart A battle hardened veteran wondering if there s more to life than TPS reports Someone who accidentally grabbed this instead of Zen and the Art of Motorcycle Maintenance honest mistake they re practically the same thing Regardless of which category you fall into strap in You re about to embark on a journey that will transform you from a mere corporate drone into a lean mean PowerPoint presenting machine In the world of

business the people who are most successful are those who are doing what they love Warren Buffett Okay that s a nice quote and all but let s be real Not all of us can be Warren Buffett sipping on Cherry Coke while making billion dollar decisions Some of us are just trying to make it through the day without stapling our tie to important documents or falling asleep in a meeting about meetings That s where the art of the corporate ninja comes in This book will teach you how to Navigate office politics with the stealth of a shadow Deliver presentations that don t put people to sleep a true superpower Master the art of looking busy while doing absolutely nothing Climb the corporate ladder without stepping on too many fingers And most importantly maintain your sanity and sense of humor in a world gone mad But wait there s more Unlike other business books that take themselves way too seriously this one comes with a healthy dose of sarcasm pop culture references and the occasional dad joke Because let s face it if you can t laugh at the absurdity of corporate life you re in for a long dreary career So whether you re aiming for the corner office or just trying to survive until Friday this book has something for you It s part survival guide part comedy routine and part Zen koan yes really By the time you re done you ll be slicing through red tape with the precision of a samurai sword and deflecting pointless emails faster than Neo dodging bullets in The Matrix A word of warning reading this book may cause uncontrollable eye rolling sudden outbursts of laughter and a strong desire to karate chop your keyboard Side effects may include increased productivity better work life balance and the ability to see through corporate BS from a mile away Ready to unleash your inner corporate ninja Turn the page young grasshopper Your journey to business badassery begins now Oh and if your boss catches you reading this at work just tell them it s a very serious book about synergizing paradigms and leveraging core competencies They ll either be impressed or so confused they ll leave you alone Win win Now let s begin our training Hajime

The Corporate Jungle Book Meenakshi Gautam Chaturvedi, It s a jungle out there and only those who know its laws survive and thrive In the current global scenario of recession with cutbacks and lay offs on the rise leading to job insecurity there has been a tendency to micromanage rather than allocate important jobs to the sub ordinates This book deals with these insecurities thereby encouraging the managers to delegate making them aware of the benefits Moreover the allegorical approach makes the book an interesting read for Managers
