Hidden and Triumphant Irina Yazykova, 2020-10-29 A true story told for the first time This dramatic history recounts the story of an aspect of Russian culture that fought to survive throughout the 20th century the icon Russian iconography kept faith alive in Soviet Russia after the Bolshevik Revolution As monasteries and churches were ruined icons destroyed thousands of believers killed or sent to Soviet prisons and labor camps a few courageous iconographers continued to paint holy images secretly despite the ever present threat of arrest Others were forced to leave Russia altogether and while living abroad struggled to preserve their Orthodox traditions Today we are witness to a renaissance of the Russian icon made possible by the sacrifices of this previous generation of heroes *The Icon Painter's Handbook* Ian Knowles, 2023-06-01 This handbook is an in depth introduction to the theory and practice of Byzantine icon painting in egg tempera The aim is to help all students aspire to create icons that are both sound theologically while being aesthetically beautiful This volume focuses on the Face of Christ especially in the Mandolin icon and covers all the basics of icon painting Subsequent volumes are planned which will look at the figure and the Kykkotissa icon the design of festal icons backgrounds and buildings This handbook uses dozens of precisely chosen clear illustrations gives precise recipes for colours and mixtures provides step by step instructions to follow and links directly to video demonstrations which show some of the most difficult processes close up It puts the practical aspects of icon painting in a clear historical and theological framework introducing the application of the timeless principles on which the aesthetics of icon painting are built As art for the Church s Liturgy icon painting calls for the highest aesthetic standards and this book aims to help make that achievable for the average committed student Icon painting is presented here as a vocation rather than a hobby or an interesting artistic technique though this handbook will be of interest to anyone drawn to the world of the Byzantine liturgy and its icons By encouraging students to do more than simply copy good examples from the past but to understand how the medieval Christian artist understood what he or she was doing and how they put that into practice this handbook brings the world of the Byzantine artist back to life Icon painting is opened up as a living art form for today s Church The author who has theology degrees from Oxford University and Heythrop College in London has many years of icon teaching experience founding the Bethlehem Icon School in 2010 at the Emmanuel Greek Catholic Monastery in Bethlehem where he continues to teach from time to time This handbook began as handouts for his students on the Prince s School of Traditional Arts icon painting course while that was being run at the Bethlehem Icon Centre in Palestine and has finally emerged as a companion to the online Academy Course in Icon Painting and for members of the Arbor Vitae Icon Academy which the author established during the Covid pandemic *Guide to New Church's Teaching Series* Linda Grenz, 2000-01-25 A Guide to The New Church s Teaching Series by educator Linda L Grenz offers practical suggestions for using the books of the series in the diocese or congregation A complete reference for clergy and lay leaders teachers and small group facilitators the guide provides a brief overview of each book and contains suggestions for

Religion and Film S. Brent Plate, 2017-09-05 Religion and cinema share a capacity for world making ritualizing mythologizing and creating sacred time and space Through cinematography mise en scene editing and other production activities film takes the world out there and refashions it Religion achieves similar ends by setting apart particular objects and periods of time telling stories and gathering people together for communal actions and concentrated focus The result of both cinema and religious practice is a re created world a world of fantasy a world of ideology a world we long to live in or a world we wish to avoid at all costs Religion and Film introduces readers to both religious studies and film studies by focusing on the formal similarities between cinema and religious practices and on the ways they each re create the world Explorations of film show how the cinematic experience relies on similar aesthetic devices on which religious rituals have long relied sight sound the taste of food the body and communal experience Meanwhile a deeper understanding of the aesthetic nature of religious rituals can alter our understanding of film production Utilizing terminology and theoretical insights from the study of religion as well as the study of film Religion and Film shows that by paying attention to the ways films are constructed we can shed new light on the ways religious myths and rituals are constructed and vice versa This thoroughly revised and expanded new edition is designed to appeal to the needs of courses in religion as well as film departments In addition to two new chapters this edition has been restructured into three distinct sections that offer students and instructors theories and methods for thinking about cinema in ways that more fully connect film studies with religious studies
