Through Lovers Lane L M Montgomerys Photography And Visual Imagination:

Through Lover's Lane Elizabeth R. Epperly, 2007-01-01 It might surprise some to know that internationally beloved Canadian writer L M Montgomery 1874 1942 author of the Anne of Green Gables series among other novels and hundreds of short stories and poems also fuelled a passion for photography For forty years Montgomery photographed her favourite places and people using many of these photographs to illustrate the hand written journals she left as a record of her life Artistically inclined and possessing a strong visual memory Montgomery created scenes and settings in her fiction that are closely linked to the carefully composed shapes in her photographs Elizabeth Rollins Epperly's *Through Lover's Lane* is the first book to examine Montgomery's photography in any depth it is also the first study to connect Montgomery's photography with her fiction and other writing Drawing on the work of Montgomery scholars as well as theorists such as Susan Sontag Gaston Bachelard Roland Barthes John Berger and George Lakoff Epperly connects Montgomery's practice of photography with the writer's metaphors for home and belonging Epperly examines thirty five of Montgomery's photographs demonstrating how they figure in the novelist's life and fiction She argues that the shapes in Montgomery's favourite place in nature *Lover's Lane* in Cavendish P E I organized Montgomery's other photographs underpinned her colourful descriptions and grounded her aesthetics *Through Lover's Lane* suggests how an artist creates metaphors that resonate within a single work echo across a lifetime of writing and photography and inspire readers and viewers across cultures and time L.M. Montgomery and Gender E. Holly Pike, Laura M. Robinson, 2021-11-15 The celebrated author of *Anne of Green Gables* and *Emily of New Moon* receives much deserved additional consideration in *L M Montgomery and Gender* Nineteen contributors take a variety of critical and theoretical positions from historical analyses of the White Feather campaign and discussions of adoption to medical discourses of death and disease explorations of Montgomery's use of humour and the author's rewriting of masculinist traditions The essays span Montgomery's writing exploring her famous *Anne* and *Emily* books as well as her short fiction her comic journal composed with her friend Nora Lefurgey and less studied novels such as *Magic for Marigold* and *The Blue Castle* Dividing the chapters into five sections on masculinities and femininities domestic space humour intertexts and being in time *L M Montgomery and Gender* addresses the degree to which Montgomery's work engages and exposes reflects and challenges the gender roles around her underscoring how her writing has shaped future representations of gender Of interest to historians feminists gender scholars scholars of literature and Montgomery enthusiasts this wide ranging collection builds on the depth of current scholarship in its approach to the complexity of gender in the works of one of Canada's best loved authors **L.M. Montgomery and the Matter of Nature(s)** Rita Bode, Jean Mitchell, 2018-04-30 L M Montgomery's writings are replete with enchanting yet subtle and fluid depictions of nature that convey her intense appreciation for the natural world At a time of ecological crises intensifying environmental anxiety and burgeoning eco critical perspectives *L M Montgomery and the Matter of Nature* s repositions the Canadian author's relationship to nature in

terms of current environmental criticism across several disciplines introducing a fresh approach to her life and work Drawing on a wide range of Montgomery's novels as well as her journals this collection suggests that socio ecological relationships encompass ideas of reciprocity affiliation autonomy and the capacity for transformation in both the human and more than human worlds and that these ideas are integral to Montgomery's vision and her literary legacy Framed by the twin themes of materiality and interrelationships essays by scholars of literature law animal studies anthropology and ecology examine place embodiment and difference in Montgomery's works and embrace the multiplicities embedded in the concept of nature Through innovative critical approaches *L M Montgomery and the Matter of Nature* opens up conversations about humans interactions with nature and the material environment **The Fragrance of Sweet-Grass** Elizabeth Rollins Epperly, 2014-01-01

When it originally appeared Elizabeth Rollins Epperly's *The Fragrance of Sweet Grass* was one of the first challenges to the idea that L M Montgomery's books were unworthy of serious study Examining all of Montgomery's fiction Epperly argues that Montgomery was much more than a master of the romance genre and that through her use of literary allusions repetitions irony and comic inversions she deftly manipulated the normal conventions of romance novels Focusing on Montgomery's memorable heroines from Anne Shirley to Emily Byrd Starr Valancy Stirling and Pat Gardiner Epperly demonstrates that Montgomery deserves a place in the literary canon not just as the creator of *Anne of Green Gables* but as an artist in her chosen profession Since its publication more than twenty years ago *The Fragrance of Sweet Grass* has become a favourite of scholars writers and Montgomery fans This new edition adds a preface in which Epperly discusses the book's contribution to the ongoing research on the life and writing of L M Montgomery reflects on how Montgomery studies have flourished over the past two decades and suggests new ways to approach and explore the Canadian writer's work

Knowing Their Place? Identity and Space in Children's Literature Terri Doughty, Dawn Thompson, 2011-12-14 Traditionally in the West children were expected to know their place but what does this comprise in a contemporary globalized world Does it mean to continue to accept subordination to those larger and more powerful Does it mean to espouse unthinkingly a notion of national identity Or is it about gaining an awareness of the ways in which identity is derived from a sense of place Where individuals are situated matters as much if not more than it ever has In children's literature the physical places and psychological spaces inhabited by children and young adults are also key elements in the developing identity formation of characters and through engagement of readers too The contributors to this collection map a broad range of historical and present day workings of this process exploring indigeneity and place tracing the intertwining of place and identity in diasporic literature analyzing the relationship of the child to the natural world and studying the role of fantastic spaces in children's construction of the self They address fresh topics and texts ranging from the indigenization of the Gothic by Canadian mixed blood Anishinabe writer Drew Hayden

Taylor to the lesser known children's books of George Mackay Brown to eco feminist analysis of contemporary verse novels. The essays on more canonical texts such as Peter Pan and the Harry Potter series provide new angles from which to revision them. Readers of this collection will gain understanding of the complex interactions of place, space and identity in children's literature. Essays in this book will appeal to those interested in Children's Literature, Aboriginal Studies, Environmentalism and literature and Fantasy literature.

Looking for Anne of Green Gables Irene Gammel, 2024-03-26

In June 1908 a red haired orphan appeared on the streets of Boston and a modern legend was born. That little girl was Anne Shirley, better known as Anne of Green Gables, and her first appearance was in a book that has sold more than 50 million copies worldwide and been translated into more than 35 languages including Braille. The author who created her was Lucy Maud Montgomery, a writer who revealed very little of herself and her method of crafting a story. On the centenary of its publication, Irene Gammel tells the braided story of both Anne and Maud, and in so doing shows how a literary classic was born. Montgomery's own life began in the rural Cavendish family farmhouse on Prince Edward Island, the place that became the inspiration for Green Gables. Mailmen brought the world to the farmhouse's kitchen door in the form of American mass market periodicals, sparking the young Maud's imagination. From the vantage point of her small world, Montgomery pored over these magazines, gleaned bits of information about how to dress, how to behave, and how a proper young lady should grow. She began to write, learning how to craft marketable stories from the magazines' popular fiction. At the same time, the fashion photos inspired her visual imagination. One photo that especially intrigued her was that of a young woman named Evelyn Nesbit, the model for painters and photographers and lover of Stanford White. That photo was the spark for what became Anne Shirley. Blending biography with cultural history, *Looking for Anne of Green Gables* is a gold mine for fans of the novels and answers a trunk load of questions: Where did Anne get the 'e' at the end of her name? How did Montgomery decide to give her red hair? How did Montgomery's courtship and marriage to Reverend Ewan Macdonald affect the story? Irene Gammel's dual biography of Anne Shirley and the woman who created her will delight the millions who have loved the red haired orphan ever since she took her first step inside the gate of Green Gables farm in Avonlea.

Textual Transformations in Children's Literature Benjamin Lefebvre, 2013-01-04

This book offers new critical approaches for the study of adaptations, abridgments, translations, parodies, and mash ups that occur internationally in contemporary children's culture. It follows recent shifts in adaptation studies that call for a move beyond fidelity criticism, a paradigm that measures the success of an adaptation by the level of fidelity to the original text, toward a methodology that considers the adaptation to be always already in conversation with the adapted text. This book visits children's literature and culture in order to consider the generic, pedagogical, and ideological underpinnings that drive both the process and the product. Focusing on novels as well as folktales, films, graphic novels, and anime, the authors consider the challenges inherent in transforming the work of authors such as William Shakespeare, Charles Perrault, L. M. Montgomery, Laura Ingalls Wilder, and A. A. Milne into new forms that are palatable for later audiences, particularly when

for perceived ideological or political reasons the textual transformation is not only unavoidable but entirely necessary Contributors consider the challenges inherent in transforming stories and characters from one type of text to another across genres languages and time offering a range of new models that will inform future scholarship Maud Melanie J. Fishbane, 2017-04-25 For the first time ever a young adult novel about the teen years of L M Montgomery the author who brought us ANNE OF GREEN GABLES Fourteen year old Lucy Maud Montgomery Maud to her friends has a dream to go to college and become a writer just like her idol Louisa May Alcott But living with her grandparents on Prince Edward Island she worries that this dream will never come true Her grandfather has strong opinions about a woman s place in the world and they do not include spending good money on college Luckily she has a teacher to believe in her and good friends to support her including Nate the Baptist minister s stepson and the smartest boy in the class If only he weren t a Baptist her Presbyterian grandparents would never approve Then again Maud isn t sure she wants to settle down with a boy her dreams of being a writer are much more important But life changes for Maud when she goes out West to live with her father and his new wife and daughter Her new home offers her another chance at love as well as attending school but tensions increase as Maud discovers her stepmother s plans for her which threaten Maud s future and her happiness forever
