Through The Ages In Palestinian Archaeology An Introductory Handbook:

Through the Ages in Palestinian Archaeology Walter E. Rast, 1992-11-01 The public's continuing fascination with Near Eastern archaeology has often been frustrated by highly technical and specialized studies. This volume masterfully rectifies that situation. Here in concise and readable form is a comprehensive introduction to Palestinian archaeology, the region encompassed by the State of Israel, the West Bank, and the Hashemite Kingdom of Jordan, from the Stone Age to the Islamic period. Readers are provided with clear explanations of unfamiliar terms, geographical locations, dates, archaeological procedures, links with biblical text, and the like. Photo illustrations enhance the presentation throughout. Selected bibliographies for each chapter direct readers to appropriate resources for additional information. *Through the Ages of Palestinian Archaeology* constitutes a handy reference both for those already familiar with archaeology and for those who know little of why archaeologists do what they do and what can be learned from their work and their discoveries. Walter E. Rast is Professor in the Department of Theology at Valparaiso University in Indiana. He is second vice president of the American Schools of Oriental Research and former editor of the *Bulletin of the American Schools of Oriental Research*. With R. Thomas Schaub, he is author-editor of *The Expedition to the Dead Sea Plain Series*, whose first volume, *Bab ed Dhra*, is now in print.

An Annotated Guide to Biblical Resources for Ministry David R. Bauer, 2011-04-01 David Bauer's *Annotated Guide to Biblical Resources for Ministry* is without doubt the most complete and up-to-date practical bibliographic compendium on the Bible now available. All interpreters of Scripture, pastors, and teachers will find the information provided here useful and accessible. Especially valuable are the annotations of selected books, which offer careful and informed judgments about the usefulness of the works and provide succinct but informative and accurate descriptions and evaluations of each book. While Bauer is a New Testament teacher, his choices and assessments in the Old Testament bibliography are as good as any Old Testament scholar could produce. I do not know of any comparable work for pastors and teachers. Patrick D. Miller, Charles T. Haley, Professor of Old Testament Theology, Princeton Theological Seminary. This is one of those rare bibliographic guides that every student of religion, seminarian, and minister will want to have on his or her bookshelf. The focus of this guide is on biblical studies. It contains entries on 2,200 books written by 1,300 scholars. Annotations describe and evaluate books that are highly recommended. Virtually every topic in biblical studies is noted: commentaries on each book of the Bible, biblical histories, theologies, and ethics books on the canon, archaeology, early Judaism, and interpretive methods and technical books such as grammars, concordances, Bible dictionaries, and atlases. The great strength of this guide is not only that it provides the reader with a wealth of information but also that the format it follows is eminently reader-friendly. The Guide is invaluable for assisting the student, seminarian, or minister in building a personal library. I highly recommend it. Jack Dean Kingsbury, Professor Emeritus of Biblical Theology, Union Theological Seminary in Virginia. This book provides pastors and church workers with a map for navigating the maze of biblical studies. It offers an extensive list of resources with helpful comments.

and recommendations that help readers discover which books will be of most interest to them The consistent focus is on volumes that are attentive to faith concerns and thus most promising for use within faith communities A valuable tool for any minister or church worker committed to taking the Bible seriously Mark Allan Powell Professor of New Testament Trinity Lutheran Seminary

Sharing the Land of Canaan Mazin B. Qumsiyeh, 2004-06-20 There is no more compelling and dramatic unfolding story with more profound international ramifications than the conflict in the Middle East Sharing the Land of Canaan is a critical examination of the core issues of the conflict that dares to put forward a radical but logical solution that a shared state is the best way to achieve justice and peace for Israelis and Palestinians Mazin B Qumsiyeh offers an overview of the issues at stake and outlines his vision for a lasting peace based on upholding the principles of human rights for all Tackling taboo subjects myths and obstacles he argues convincingly that apartheid in the form of a two state solution is no longer a feasible way to achieve enduring peace At this critical time when the road map to peace looks more uncertain than ever this book provides a refreshing counterpoint to the failed strategies of the past It is a direct and accessible account of the history and mythology of the fabled Land of Canaan which lays out hopeful ideas for the future of this truly multiethnic and multicultural region

Leviticus Johnson M. Kimuhu, 2008 Whereas many books in this field deal with individual aspects or texts of the study of family laws Leviticus The Priestly Laws and Prohibitions from the Perspective of Ancient Near East and Africa examines extensively biblical texts ancient Near Eastern text and oral traditions from Africa Thus three different cultures converge the world of the Hebrew Bible the world of the ancient Near East and the world of Africa This volume examines in detail the history of the development of ancient laws in general and family laws in particular especially the laws relating to marriages between close relatives Furthermore Johnson M Kimuhu looks at prohibitions and taboos in Africa and the problems they pose with regard to the interpretation and translation of difficult biblical concepts into African languages In that sense Kimuhu provides an example of how to contextualize or integrate African traditions into the study of biblical Hebrew and he also offers insights into the current debate on the study of kinship from the point of view of social cultural anthropology and the Hebrew Bible legal system Teachers students and researchers in biblical studies ancient Near Eastern studies African traditions and social cultural anthropology will find this book helpful in their quest to understand family laws prohibitions and taboos

Metal, Nomads and Culture Contact Nils Anfinset, 2016-04-08 The fifth and fourth millennia BCE saw major cultural changes in the southern Levant and Northeast Africa the spread of agriculture developments in animal husbandry increased contact between cultures and the use of alloy bronze Metal Nomads and Culture Contact integrates archaeological data from across the Chalcolithic period to contextualise these changes The book examines the introduction of metal to the southern Levant

Connolly,2019-02-20 A chronological history of the Jewish people from the earliest attempts to establish a homeland during Biblical times to the creation of Israel More than seventy years ago in 1948 the State of Israel came into being amidst great controversy How did the state arise What led to the founding of Israel This book sets out to give a chronological journey of the Jewish people from the time Abraham came out of the land of Ur three thousand years ago until six million of them died in the horror of the Holocaust under Hitler and his Nazi regime It recounts the many expulsions from the land in which they lived the suffering under Babylonians Greeks Persians the destruction of their temple in Jerusalem in 70 AD and finally genocide and the expulsion by the Romans in 132 AD creating a diaspora across the world The Jews would be charged with killing God and throughout the following centuries would be expelled from countries burned alive after being locked in synagogues or at the stake have all their property seized and get herded into ghettos All of this until that fatal Holocaust which attempted to wipe them from the face of the earth This book recounts their story to achieve a homeland using a wide range of historical documents to tell the story of humiliation suffering poverty and death It tells of religious persecution that would not let them rest and as their journey enters the twentieth century gives a behind the scenes look at how governments manipulated the Middle East and exacerbated divisions The Fruit of the Vine Carey Ellen Walsh,2018-07-17 The practice of viticulture from planting vines to drinking wine in Israelite culture is the focus of Walsh s investigation Viticulture no less than drinking marked the social sphere of Israelite practitioners and so its details were often enlisted to describe social relations in the Hebrew Bible These features of everyday life offer important clues for the reconstruction of Israelite social history the literary constructions of the oral transmitters authors and redactors and for thematic and theological meanings attached to biblical representations of the vine and wine imagery The Isaianic Denkschrift and a Socio-Cultural Crisis in Yehud Alexander V. Prokhorov,2015-05-20 This study of the Isaianic Denkschrift Isaiah 6 1 9 6 is both a traditional and an innovative one It defends the integrity of the Denkschrift yet on grounds wholly other than those outlined by the early proponents of the unity of the composition The present work is founded on an inquiry into the ideological matrix of the composition on one hand and on the other on the understanding of the activity of mantic prophetic figures in the Near East during the early first millennium BCE that has emerged in recent scholarship The presentation of Yahweh as a royal character in the Denkschrift is interpreted as an integral part of the symbolic universe promoted by the composition Several levels of social discourse of the Denkschrift are identified the author s is simultaneously engaged in the creation of Judaeon autonomous cultural identity in polemical activity with the rival Yahwist community the North or Samaria and in the safeguarding of the privileged position of the former Babylonian exiles among the community of Jerusalem and Judah Two interrelated hypotheses are developed in the book regarding the historical milieu in which the Denkschrift was composed and

regarding the place of the composition in the formation of First Isaiah As for the first Prokhorov proposes that the early second temple community of Yehud matches the profile of a society whose problems the Denkschrift is addressing and reflecting As for the second the author maintains the view that the Denkschrift marks one of the final stages of the creation of First Isaiah whose original nucleus consisted of the Hezekiah narrative now found in chapters 36 39 of Isaiah which in turn modified the respective Deuteronomistic material
