Tibetan studies to analyse exile Tibetan politics in particular and exile governments in general *The Ethics of Exile*
Ashwini Vasanthakumar, 2021-11-04 Exiles have long been transformative actors in their homelands they foment revolution sustain dissent and work to create renewed political institutions and identities back home Ongoing waves of migration ensure that they will continue to play these vital roles Rather than focus on what exiles mean for the countries they enter a perspective that often treats them as passive victims *The Ethics of Exile* recognises their political and moral agency and explores their rich and vital relationship to the communities they have left It offers a rare view of the other side of the migration story Engaging with a series of case studies this book identifies the responsibilities and rights exiles have and the important roles they play in homeland politics It argues that exile politics performs two functions it can correct defective political institutions back home and it can counter asymmetries of voice and power abroad In short exiles can act both as a linchpin and a buffer between political communities in crisis and the international actors who seek to variously aid and exploit them When we think about the duties we owe to those forced to leave their homes we should consider how to enable rather than thwart these roles *The Big Bookshelf* Sunil Sethi, 2011 Famous writers are often reticent about how and why they write how their ideas and themes develop or how their characters and plots emerge They can be equally reserved about their personal histories But in the hands of seasoned journalist and skilful interviewer Sunil Sethi presenter of Just Books NDTV's long running weekend literary show they open up in unexpected and fascinating ways In this selection of thirty of his best interviews from Just Books they speak freely and frankly about their craft their life stories and the nature of their creative impulse Featured here are literary giants including Nobel laureates and Booker Prize winners internationally acclaimed historians biographers and philosophers authors of best selling thrillers novels and travel books and brilliant young trendsetters Their conversations with Sethi are in turn reflective and incisive witty and poignant but always candid and intimate as they provide rare insights into their inner lives and engagement with the world they inhabit Each voice in this diverse collection is original distinctive and revealing as they cover the wide terrain of life and literature This volume vividly brings alive each author's personality and work ingeniously bridging the gap between reader and writer
