Time Travel In The Latin American And Caribbean Imagination Re Reading History:

Time Travel in the Latin American and Caribbean Imagination R. Alcocer, 2011-09-26 Combining in innovative ways the tools and approaches of postcolonial and popular culture studies as well as comparative literary analysis this is an ambitious interdisciplinary study that develops across several related discursive sites an argument about the centrality of time travel in the Latin American and Caribbean imagination

History and Hope in American Literature Benjamin Railton, 2016-11-10 Throughout history creative writers have often tackled topical subjects as a means to engage and influence public discourse American authors those born in the States and those who became naturalized citizens have consistently found ways to be critical of the more painful pieces of the country's past yet have done so with the patriotic purpose of strengthening the nation's community and future In *History and Hope in American Literature* Models of Critical Patriotism Ben Railton argues that it is only through an in depth engagement with history especially its darkest and most agonizing elements that one can come to a genuine form of patriotism that employs constructive criticism as a tool for civic engagement The author argues that it is through such critical patriotism that one can imagine and move toward a hopeful shared future for all Americans Railton highlights twelve works of American literature that focus on troubling periods in American history including John Steinbeck's *The Grapes of Wrath* David Bradley's *The Chaneysville Incident* Louise Erdrich's *Love Medicine* Tony Kushner's *Angels in America* Junot Díaz's *The Brief Wondrous Life of Oscar Wao* and Dave Eggers's *What Is the What* From African and Native American histories to the Depression and the AIDS epidemic Caribbean and Rwandan refugees and immigrants to global climate change these works help readers confront understand and transcend the most sorrowful histories and issues In so doing the authors of these books offer hard won hope that can help point people in the direction of a more perfect union *History and Hope in American Literature* will be of interest to students and practitioners of American literature and history

Latin American Gothic in Literature and Culture Sandra Casanova-Vizcaíno, Inés Ordiz, 2017-10-24 This book explores the Gothic mode as it appears in the literature visual arts and culture of different areas of Latin America Focusing on works from authors in Mexico Central America the Caribbean the Andes Brazil and the Southern Cone the essays in this volume illuminate the existence of native representations of the Gothic while also exploring the presence of universal archetypes of terror and horror Through the analysis of global and local Gothic topics and themes they evaluate the reality of a multifaceted territory marked by a shifting colonial and postcolonial relationship with Europe and the United States The book asks questions such as Is there such a thing as Latin American Gothic in the same sense that there is an American Gothic and British Gothic What are the main elements that particularly characterize Latin American Gothic How does Latin American Gothic function in the context of globalization What do these elements represent in relation to specific national literatures What is the relationship between the Gothic and the Postcolonial What can Gothic criticism bring to the study of Latin American cultural manifestations and conversely what can these offer the Gothic The analysis performed here reflects a body

of criticism that understands the Gothic as a global phenomenon with specific manifestations in particular territories while also acknowledging the effects of Globalgothic on a transnational and transcultural level Thus the volume seeks to open new spaces and areas of scholarly research and academic discussion both regionally and globally with the presentation of a solid analysis of Latin American texts and other cultural phenomena which are manifestly related to the Gothic world

Literary Landscapes of Time Jobst Welge,Juliane Tauchnitz,2022-11-07 The volume asks how the literatures of the Americas and the Caribbean present multiple or internally differentiated spaces and how these are distinguished or traversed by different temporalities The historical and post colonial experiences of these areas turns them into especially fertile ground for the exploration of the connections between landscape geography and historical temporal palimpsests as well as the specificities of literary form The contributions are dedicated to individual yet conceptually interconnected studies of staggered multiple non simultaneous temporalities in modern and contemporary literature The volume adopts a comparative perspective throughout and intends to foster the dialogue between the study of Latin American and Caribbean literatures in Spanish Portuguese French and English Therefore the individual essays are not grouped according to geographical or linguistic areas but follow a trajectory from spatiotemporal constellations of the 19th century to ruined catastrophic landscapes and the geopoetic inscriptions of time in regions The essays should appeal to all readers interested in World Literature Hemispheric Studies as well as temporal approaches to space and geography

Tropical Time Machines Emily A. Maguire,2024-06-18 Exploring works of science fiction originating from Spanish speaking parts of the Caribbean and their diasporas this book shows how writers filmmakers musicians and artists are using the language of the genre to comment on the region s history and present day realities

Interpretaciones Rudyard J. Alcocer,2023-02-01 Interpretaciones Experimental Criticism and the Metrics of Latin American Literature examines readers reactions to short texts during crucial moments of the reading experience These readers are students at universities in the US and several Spanish speaking countries Far from reducing the reading experience to a series of numbers the data driven approaches in the study instead underline the startling complexity and elusiveness of seemingly basic literary processes and concepts including those pertaining to authorship titles conclusions and so on Simultaneously Interpretaciones suggests alternative methodologies for gaining new and unexpected knowledge about literary texts themselves whether from Latin America or elsewhere Interpretaciones is an ambitious interdisciplinary project geared toward those interested in literary theory Latin American and Caribbean literature and the nexus between literature and science

Celluloid Chains Rudyard Alcocer,Kristen Block,Dawn Duke,2024-01-12 Featuring a variety of disciplinary perspectives and analytical approaches Celluloid Chains is the most comprehensive volume to date on films about slavery This collection examines works from not only the United States but elsewhere in the Americas and it attests to slavery s continuing importance as a source of immense fascination for filmmakers and their audiences Each of the book s fifteen original essays focuses on a particular film that directly treats the enslavement of Africans and their

descendants in the New World Beginning with an essay on the Cuban film *El otro Francisco* 1975 Sergio Giral's reworking of a nineteenth century abolitionist novel the book proceeds to examine such works as the landmark miniseries *Roots* 1977 which sparked intense controversy over its authenticity Werner Herzog's *Cobra Verde* 1987 which raises questions about what constitutes a slavery film Guy Deslauriers's *Passage du milieu* 1999 a documentary style reconstruction of what Africans experienced during the Middle Passage and Steve McQueen's Oscar winning *12 Years a Slave* 2013 which embodies the tensions between faithfully adapting a nineteenth century slave narrative and bending it for modern purposes Films about slavery have shown a special power to portray the worst and best of humanity and *Celluloid Chains* is an essential guide to this important genre

Gabriel García Márquez in Retrospect Gene H. Bell-Villada, 2016-11-17 Gabriel Garcia Marquez in Retrospect gathers fifteen essays by noted scholars in the fields of Latin American literature politics and theater The volume offers broad overviews of the Colombian author's total body of work along with closer looks at some of his acknowledged masterpieces The Nobel laureate's cultural contexts and influences his variety of themes and his formidable legacy Hispanic U S world wide all come up for consideration New readings of *One Hundred Years of Solitude* are further complemented by fresh stimulating highly detailed examinations of his later novels *Chronicle of a Death Foretold* *The General in His Labyrinth* *Of Love and Other Demons* and stories *Strange Pilgrims* Further attention is focused on Gabo's labors as journalist and as memoirist *Living to Tell the Tale* and to his sometime relationships with the cinema and the stage Reactions to his enormous stature on the part of younger writers including recent signs of backlash are also given thoughtful scrutiny Feminist and ecocritical interpretations plus lively discussions of Gabo's artful use of humor character's names and even cuisine are to be found here as well In the wake of Garcia Marquez's passing away in 2014 this collection of essays serves as a fitting tribute to one of the world's greatest literary figures of the twentieth century

Parabolas of Science Fiction Brian Atterby, Veronica Hollinger, 2013-10-21 Essays about the inherently collaborative nature of science fiction As a geometric term parabola suggests a narrative trajectory or story arc In science fiction parabolas take us from the known to the unknown More concrete than themes more complex than motifs parabolas are combinations of meaningful setting character and action that lend themselves to endless redefinition and jazzlike improvisation The fourteen original essays in this collection explore how the field of science fiction has developed as a complex of repetitions influences arguments and broad conversations This particular feature of the genre has been the source of much critical commentary most notably through growing interest in the sf megatext a continually expanding archive of shared images situations plots characters settings and themes found in science fiction across media Contributors include Jane Donawerth Terry Dowling L Timmel Duchamp Rachel Haywood Ferreira Pawel Frelik David M Higgins Amy J Ransom John Rieder Nicholas Ruddick Graham Sleight Gary K Wolfe and Lisa Yaszek
